

ORAL PRESENTATION SCHEDULE

DATE & TIME	ROOM	TOPIC	ID	ABSTRACT TITLE
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/350	Contribution of nutritional diversity and food perceptions to food and nutrition security among smallholder farming households in Western Kenya: A case study
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/409	Selenium in commonly consumed foods of Bangladesh
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/414	Dietary patterns in adolescents aged 18 years: results from the 1993 Pelotas (Brazil) Birth Cohort
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/498	Prognostic value of metabolites for predicting responsiveness to nutritional intervention against oxidative stress and inflammation
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/541	Intake of Marine-derived Omega-3 Polyunsaturated Fatty Acids and Mortality in Renal Transplant Recipients
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/546	Changes in whole-blood polyunsaturated fatty acids and their predictors during recovery from severe acute malnutrition
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/624	Hemoglobin concentrations and anemia prevalence among Congolese children 6-59 months with sickle cell and α -thalassemia hemoglobinopathies
Monday October 16, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/629	Association of PPAR gamma gene expression with dietary intake of fat and oil among non-diabetic subjects
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1073	Carbohydrates from sources from sources with a higher glycaemic index during adolescence: evening intake is relevant for risk markers of type 2 diabetes in young adulthood
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/419	An Analysis of the Relationship between 25-Hydroxy Vitamin D Levels and Musculoskeletal Health: A Population-Based Study of China's Elderly
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/557	Maternal alpha-linolenic acid intake is associated with offspring birthweight
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/558	A higher-carbohydrate, lower-fat diet during pregnancy is associated with greater gestational weight gain: The GUSTO study
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/581	Introduction of complementary foods to infants and children by age and ethnicity; national health and nutrition examination survey 2011-2014
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/592	Food intake pattern of school going children aged 3-5 years with and without autism in urban Dhaka, Bangladesh
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/608	Prenatal famine exposure and adult cognitive impairment: New evidence from China
Monday October 16, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/614	Feasibility and impacts of integrating nutrition interventions into an existing maternal, neonatal, and child health platform in Bangladesh
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1046	Quantitative assessment of dietary supplement intake in 77 000 French adults: impact on nutritional inadequacy, excessive intake, and extent of "at risk" practices
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1096	Scientific Production Of The National School Food Program In Brazil: A Systematic Review
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1104	Identifying Sources and Variability of Iodine in Cow's Milk to Ensure Adequate Dietary Iodine Intakes by the Swiss Population
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1119	Complementary Feeding in Rural Bangladesh: Outcomes from the Improving Maternal, Neonatal and Child Survival Programme
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1120	Nutritional knowledge scale for European adolescents using Item Response Theory
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1805	Changes in the composition of the food supply in anticipation of the implementation of the Chilean Law of Food Labeling and Advertising: an INFORMAS-based approach
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1807	Parents' cooking skills reduce children's consumption of ultra-processed foods
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1808	Efficacy of a Locally-Produced Multiple Micronutrient-Fortified Ready-to-Use Supplementary Food (RUSF) for Children Under Two Years in Cambodia
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1816	Compatibility between dimensions of sustainable diets (nutritional adequacy, exposure to food contaminant and 30% reduction of greenhouse gas emission): an analysis based on individual diet modeling
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1823	Dietary changes needed to reach nutritional adequacy and reduce greenhouse gas emissions by 30% without increasing contaminant exposure: an analysis based on individual diet modeling
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1856	Nutritional state, nutrient intake and physical activity in primary school children: A representative sample from Sao Paulo, Brazil
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1867	Can conditional cash transfer combined with nutritional supplementation play a role in reducing child stunting in rural Mali?
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/1988	MTHFR genotype and its interaction with riboflavin as determinants of blood pressure in pregnant and non-pregnant women
Monday October 16, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2279	Impact of a cash transfer program targeting the "1000 days period" on low birth weight and growth retardation: a cluster randomized trial in Togo
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/418	How does the healthiness of the US food supply compare to international guidelines for marketing to children?
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/650	Watching TV and food consumption among Brazilian adolescents: PeNSE, 2015
Monday October 16, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/893	Unmetabolized folic acid and its associations with global DNA methylation, oxidative stress and inflammatory markers: analysis after mandatory fortification of flour with folic acid
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/202	Particle therapy reduces the percentage of weight loss and the incidence of nutrition-related toxicities among head and neck cancer patients
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/217	Assessment of trends in nutritional causes of death in developed and developing countries
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/219	The challenges and successes of salt, sugar and fat reduction program to prevent NCDs (Iran experiences)
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/279	Knowledge, Attitudes and Practices of Herbalists regarding Diarrhea Management

Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/297	Dietary intake of fibre and gut microbiota is related to lower level of glycoprotein acetylation, a marker of low-grade inflammation, in overweight pregnant women
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/381	Postprandial lipid responses after long-term intake of dairy products varying in fatty acid composition
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/682	Mucosal levels of IgE+ and IgA+ cells and antibodies in protein deficient rats during Trichinella spiralis infection
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/740	NMR metabolomic signatures reveal predictive plasma metabolites associated with long-term risk of developing breast cancer.
Monday October 16, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/768	Effect of stigmaterol isolated from the calyxes of bombax costatum on hyperlipidemic albino rats.
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/214	Women's Empowerment and The Nutritional Status of children aged between 6-59 moths
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/225	What is nutritional status? Perspective of women in ibadan nigeria
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/272	Multifortification of bouillon in Central and West Africa: Feasibility & Impact
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/296	Association between Dietary Serine Intakes and Type 2 Diabetes among Chinese Adults in Harbin, China
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/359	Comparison of obesity status of school children by body mass index and by body composition using a stable isotope dilution technique in Nairobi City County, Kenya
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/487	Nutrition-focused Program Improves Readmission Rates of Malnourished Hospitalized Patients Regardless of Discharge Disposition
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/670	Effects of photo-voice approach on 24-hour dietary recall accuracy among University of Ibadan undergraduate students
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/679	Validity of bioelectrical impedance analysis in predicting adiposity among 8-11 years old Senegalese school-aged children
Monday October 16, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/757	Perception of printed and digitized photos in the quantification of the GloboDiet-Brazil food portions – results from the VALIDA study
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/1131	Maté tea and lipid profile in overweight women under caloric restriction
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/402	Ginseng Oligopeptides Protect Rats Against Binge Drinking–Induced Liver Injury
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/643	1'-Acetoxychavicol Acetate Ameliorates Age-related Spatial Memory Deterioration by Increasing Serum Ketone Body Production as a Complementary Energy Source for Neuronal Cells
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/675	Bread fortification with microencapsulated vitamin d
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/812	Glycogen improves cognitive function in human and mice.
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/875	Suppression of Postprandial Hyperglycemia by Buckwheat Albumin
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/910	Addressing Food, Nutrition and Economic Security through Iron Fortified Rice Technology
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/990	Oxidation of major catechins in green, black and oolong teas and their corresponding bioactivities
Monday October 16, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/992	Accurate quantitation of plasmalogen and related phospholipids by using high performance liquid chromatography coupled with mass spectrometry
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1115	Translating focused ethnographic study findings into design and implementation of behavior change communication intervention in Kenya
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1224	Food Production and Consumption Diversity and its Linkages in India-An Empirical Analysis
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1242	Type of Nutrition Facts Panel (NFPs) on packaged food products and their comprehensibility by the consumers
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1334	Breaking fresh ground on adopting sustainable diets: Assessment of using consumer participation to develop tools for bridging the intention-behaviour gap
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1348	Assessing the value of eating patterns as markers of diet quality in a resource-constrained setting
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1598	Developing a voice messaging intervention to improve nutrition in a large-scale horticulture intensification project in Senegal
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/295	Local Insights into the Nutrition of Hill Tribe Children Under Five Years in Northern Thailand: Before and After an Agriculture Intervention
Monday October 16, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/906	"Dorm Foods": a web-based nutrition intervention with Brazilian college students
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1367	Empowerment in Pastoralist Women, and the Association with Maternal and Child Diets and Household Food Security.
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1391	Sensory acceptability of iron biofortified beans and orange fleshed sweet potato in Malawi
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1487	Rural-Urban Dynamics in Nutrient Consumption: Evidences from India
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1517	Reducing Effect of Hawthorn Extract on Heterocyclic Aromatic Amines Formation in Meatball
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1924	Livestock rearing and depression in adolescents are associated with their mental development in the Kassena-Nankana district of Ghana
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/391	What is the quality of school meals in Brazil?
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/518	Assessment of nutritional quality and safety of winged termites (Macrotermes bellicosus) enriched locally formulated complementary foods from South-West, Nigeria
Monday October 16, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/572	Greater improvements in child growth and diet quality after a holistic community development intervention than after nutrition training alone
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1095	Therapeutic Patient Education in type 2 Diabetes: Impact on healthy nutrition habits, empowerment and glycemic control
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1150	Investigating attributes caregivers associate with complementary feeding to promote small quantity lipid-based nutrient supplement (SQ-LNS) in Colombia: Formative research for the SPOON project
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/240	Nutrition effect on growth in preterm infants
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/241	Lipid profile and functional activity of bioactive peptides in human milk

Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/376	Early-life risk factors and their combined effects as predictors of overweight in Spanish children
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/474	Metabolically unhealthy obesity in Spanish prepubertal children and its association with cardiovascular risk biomarkers
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/483	Sugary drinks consumption and abdominal obesity in adolescents: a Brazilian cohort study
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/514	Effect of supplementation with fish-oil omega-3 polyunsaturated fatty acids on adipokines in subjects with type 2 diabetes mellitus in Mexico.
Monday October 16, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/958	Antioxidant activity and availability of polyphenols in fruits and vegetables of major consumption in the Peruvian population
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/1225	Calcium-Iron interaction: A New Approach About The Expression Of Genes And Proteins Involved In Non- Heme Iron Absorption In Small Intestine
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/631	Carbohydrate intake is associated with higher apelin gene expression in visceral and subcutaneous adipose tissues
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/644	Comparison between energy intake and expenditure using accelerometers in large scale disaster scenarios
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/661	Effect of maternal micronutrient supplementation in pregnancy on the intellectual development of adolescents: long-term follow-up evaluation based on a randomized controlled trial in rural China
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/752	Habitual physical activity and apelin gene expression in visceral and subcutaneous adipose tissues among morbid obese and non-obese subjects
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/761	Anti-steatotic effects of docosaenoic acid and hydroxytyrosol in the liver of mice fed a high-fat diet: PPAR- α and Nrf2 up-regulation, and of SREBP-1c and NF- κ B down-regulation
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/803	The FADS genetic variants, fish intake and long term weight change: results from the Singapore Chinese Health Study
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/866	Structural Information Elucidation of a New Metmyoglobin Reductase from Porcine Myocardium
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/889	Handbook for conducting clinical trials with dietary supplements of natural origin
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1165	Food access and dietary indicators associated with depression in women of reproductive age in Sylhet, Bangladesh
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1194	High-protein exposure during gestation – Consequences on food preferences and health in adult rat offspring in self-selection models
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1198	Relation between diet, nutritional status, and stimulation and child development: a path analysis
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1325	Pre - and Post-natal Lipid-Based Nutrient Supplements and Cognitive, Socioemotional and Motor Function in Preschool-aged Children in Ghana
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1699	Dietary patterns and changes in frailty status - The Rotterdam Study
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/660	A Program Impact Pathways Mediation Analysis of a Multi-sectoral Nutrition Program in Nepal
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/696	The role of dairy for the management of muscle mass and function in people aged 50+ years: A systematic review and meta-analysis
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/706	Drivers of Nepal's success in reducing the prevalence of undernutrition since the mid-1990s: variation by agro-ecological zone
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/725	Maternal cotton-picking during pregnancy is associated with maternal and early infancy nutritional status in rural Pakistan.
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1174	Association of dietary intake of polyunsaturated fatty acids and mortality: a Sino-American national joint study of CHNS and NHANES
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1199	Changes in anaemia prevalence and programmatic coverage among children aged 6 to 59 months in Karamoja between 2006 and 2016
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1205	Impact of community health clubs on child diarrhoea, nutritional status, and water quality in western Rwanda: cluster-randomised controlled trial
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1395	Does context influence Brazilian workers' Body Mass Index? Results from the ELSA-Brasil study baseline
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1492	Nordic diet, Mediterranean diet, and the risk of chronic diseases: the EPIC-Potsdam Study
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1554	The contribution of micronutrient deficiencies to anemia and red blood cell (RBC) folate insufficiency among non-pregnant women of childbearing-age (WCBA) in Belize
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1595	Implementing Food-Based Dietary Guidelines to guide policies, programmes and nutrition education
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1647	Serum pentadecanoic acid, a biomarker of dairy fat intake, is associated with lower risk of incident cardiovascular disease and all-cause mortality in Swedish men and women
Tuesday October 17, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1665	The differences of lipid profiles between the only children and non-only children: A national survey in China
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2293	Can UNICEF's Community Infant and Young Child Feeding Counselling Package be successful at scale? Results from a large-scale evaluation in Nigeria
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2305	Level of implementation of best practice policies for creating healthy food environments: an assessment by independent (academia, civil society and legislators), government, and private sector actors
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2311	Reliability of Hemocue® on the anemia diagnostic in under five years old children
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2321	Fruit and vegetable consumption in eight Latin-American countries: results from ELANS study
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2339	Addressing dietary diversity by scaling up multi-sectoral integrated nutrition interventions in Africa
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2353	Lactation Management Center Facilitated by the Bangladesh Breastfeeding Foundation: an Attempt with Prudential Outcome
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2367	Anemia in women and children in Uttar Pradesh, India: the contribution of nutritional, environmental, infectious, genetic, and underlying social determinants
Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2370	Increasing waist circumference of Indian school children: Where should the action be?

Tuesday October 17, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2371	Role of folate and the metabolically related B-vitamins in brain health in older adults: The TUDA Study
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1043	Tenomodulin genetic variants on the X chromosome are associated with childhood obesity
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1044	Functional Biomarkers of Vitamin B6 Deficiency and Mortality in Renal Transplant Recipients
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1055	Effects on diet intake from the Healthy Start primary intervention
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1072	Fasting and restrictive diet to lose weight among cancer survivors: profiles, sources of nutritional information, knowledges and opinions: results from the NutriNet-Santé cohort
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1088	Rehabilitation of infants under-6 months old with severe acute malnutrition: a randomized, clinical trial of three recovery diets: Infant formula, F-100 diluted and F-100
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1177	Genetic Polymorphism of PPAR Gamma modified the effects of metformin on BMI z-score in obese children
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1269	Overweight/obesity and gastrointestinal symptoms in Chilean celiac patients at the time of the diagnosis.
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1593	Dietary Approach to Stop Hypertension (DASH) diet is associated with a lower risk of renal function loss and all-cause mortality in renal transplant recipients
Tuesday October 17, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/868	Blue mussel (<i>Mytilus Edulis</i>) intake decreases disease activity (DAS-28 CRP) in female patients with Rheumatoid Arthritis: results from a randomized cross-over dietary intervention
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1022	Nutritional status of below 3 years children and Infant and Young Child feeding practices in India-Findings of National Nutrition Monitoring Bureau (NNMB) Survey
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1031	Acceptability and efficacy of ready-to-use-therapeutic-food using soy protein isolate in under-5 children suffering from severe acute malnutrition in Bangladesh: a double blind randomized intervention
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1078	Reported dietary intake and food sources of zinc, selenium, and vitamins A, E and C in the Spanish population: findings from the ANIBES Study
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1371	Diet Quality Index associated with Digital Food Guide – 2017: Update and Validation
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1416	Prevalence of iron deficiency anemia in non-pregnant women of reproductive age living in Kuala Lumpur, Malaysia
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1520	New middle European reference values for dietary protein intake in the elderly
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1563	Impact of micronutrient powders combined with malaria chemoprevention on anemia, malaria and cognitive development: a cluster-randomized study in Malian children
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1636	A novel 129I tracer method for the assessment of iodine fractional absorption and thyroidal uptake in humans
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1790	Estimation of protein requirements in Indian pregnant women using a whole body potassium counter (WBPC)
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/999	Development of Chinese Dietary Index for Preventing Non-communicable Chronic Diseases and its relationship with underlying risk of major chronic diseases
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/1259	Iron and zinc concentration in wheat cultivars from the South Brazilian recommended list
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/1308	Potential of the polyphenol, cyanidin 3-O-glucoside, in preventing cardiovascular defects in an animal model of hypertensive heart disease
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/1327	Impact of omega-3 fatty acids in quantitative and qualitative features of lipoprotein of Brazilian smokers and non-smokers
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/1516	Effects of honey varieties on glycemic responses, salivary ghrelin, leptin and appetite ratings. A randomized clinical trial in healthy humans.
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/1729	Regular consumption of functional oil enriched with omega 3 fatty acids from fish oil improves the body composition and the blood lipid profile in obese people.
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2006	Evaluating the Effect of Double Fortified Salt on Multiple Markers of Iron Status in Children and Adults: A Systematic Review and Meta-analysis
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2035	Effects of conjugated α -linolenic acids (CLNAs) from pomegranate and bitter melon seed oils on inflammatory parameters in RAW 264.7 cell cultures
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2127	Title: Determination of partial content of phenolic content and antioxidant activity in chia seeds (<i>Salvia hispanica</i> L.)
Tuesday October 17, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2183	Effect of the stimulation with (-) epicatechin on gene expression in HUVEC cells.
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1764	Promoting food label information reading skills among urban adolescents in India - 'Read-B4-U-Eat' Study
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/1793	Dietary Adaptation and Attitude To Local Dishes Among Non-Igbo Indigenous Working In Banks And Residing In Two Commercial Cities In Abia State, Nigeria
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2014	Nutrition status and feeding practices among orphaned children in Mexico
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2159	Title: Stressors and coping strategies of infant and young child feeding practices in Rwanda: perceptions of mothers, fathers, grandmothers and community health workers
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2174	Community video: An adaptable and effective tool for nutrition social and behavior change
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2329	Assessment of a cascade training approach for nutrition: lessons learnt for e-learning in Guatemala
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2374	Feasibility study of an intervention of gifting chickens for young children in Ethiopia for provision of egg and eggshell
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2396	Antenatal nutrition behaviour change communication: change in birthweight in rural Bangladesh
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2398	Designing an integrated agriculture and nutrition intervention to improve maternal and child nutrition in rural Bangladesh: A formative research

Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1582	Crop production and livestock production diversity are positively associated with dietary diversity in rural Ugandan women and children aged 6–59months
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1688	Use of a systems-based approach to improve diets and sustainability of food production
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1759	A hybrid approach: merging agriculture and health-based formative research tools to inform nutrition behavior change interventions among mothers and young children in Sierra Leone
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/1814	Compatibility of Nano-fibrillated Cellulose to the Physiological Homeostasis in the Gastrointestinal Tract
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2101	Effect of blanching, drying and storage on the functional and microbial analysis of dehydrated carrot.
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2122	Advantages of sugar reduction with blends versus individual steviol glycosides
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2256	Exposure biomarkers of acrylamide and glycidamide hemoglobin adducts and all-cause and cardiovascular mortality in NHANES 2003-2006
Tuesday October 17, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2359	Does local food availability support implementation of food-based dietary recommendations in northern Ghana?
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1186	Intake of ultra-processed foods in UK according to socioeconomic and demographic characteristics (2008–12)
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1228	Anemia and use of iron supplementation in children living in social vulnerable cities in the South Region of Brazil
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1238	Application of a common formative research protocol to develop strategies for behavior change: The SPOON project in Colombia, Guatemala and Mexico
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1322	Presence of phytosterols in bee pollen from eucalyptus sp.: identification and evaluation of the impact of the collection period and geolocation
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1822	A novel approach to analyse the relationship between physical fitness and biomarkers in older adults
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1842	Role of microRNAs miR-155 and let-7b on inflammation in THP-1 cells: effects of pro- and anti-inflammatory fatty acids
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1858	Impact of a digital Facebook campaign on the purchase and consumption of food in Mexican families with children under 12 years: a social marketing strategy
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/1954	Docohexaenoic acid improves the reduced umbilical vein relaxation observed in the offspring of pregnancies with maternal obesity
Tuesday October 17, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2047	Veganism, vegetarianism and bone mineral density: a systematic review and meta-analysis.
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1282	Postprandial blood glucose, insulin and gastrointestinal hormone response to starchy foods; relevance for type 2 diabetes
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1466	Inhibitory Effect of Artichoke Extract on Heterocyclic Aromatic Amines Formation in Chicken Breast Meat
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1468	Maternal factors associated with child nutrition in rice-based farm households in Central Luzon, Philippines
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1625	The effects of the Danish tax on saturated fat on nutrient intake and modelled health outcomes for different socio-demographic groups : An econometric and comparative risk assessment evaluation
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1660	Interrelationships between fatty acid composition in plasma cholesterol esters and phospholipids in men and women - A pooled analysis
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1750	Feeding practices and nutritional status of 6-23 months old children at Demba Gofa and Geze Gofa Woredas, Gamo Gofa Zone, Ethiopia.
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1855	Nutrition education practices in health teachers from Shanghai K-12 schools: the current situation, barriers and willingness
Tuesday October 17, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1944	Nutrient Patterns with Diabetes Among Adult Rural Population in India And its Associated Factors Socio-economic Status, Obesity And Physical Activity – a Cross Sectional National Nutrition Monitoring
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/1034	Vitamin D supplementation associated with lifestyle intervention enhanced the loss of abdominal fat mass in obese adolescents: a double-blind randomized controlled trial (NCT02400151)
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/1147	Vitamin A and iron content in common complementary and weaning foods for children in North western Tanzania and Central Uganda.
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/1151	Nutritional quality of dried vegetables and vegetable soups
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/265	Exploring the potential role of breastfeeding in the recovery of acute malnutrition among infants aged below 6 months.
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/267	Bioinformatic and cheminformatic approaches in studying bioactive peptides derived from food proteins
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/416	Eicosapentaenoic acid and docosahexaenoic acid have antidepressant effects with 17 β -estradiol injection via regulation of a neurobiological system in ovariectomized rats
Wednesday, October 18, 2017 from 15.00 - 16.30h	Auditorium	Miscellaneous	144/686	Stigmasterol Serum Electrolytes Elevating Potentials in Poloxamer-407 Induced Hyperlipidemic Albino Rats
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1199	Changes in anaemia prevalence and programmatic coverage among children aged 6 to 59 months in Karamoja between 2006 and 2016
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1205	Impact of community health clubs on child diarrhoea, nutritional status, and water quality in western Rwanda: cluster-randomised controlled trial
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1395	Does context influence Brazilian workers' Body Mass Index? Results from the ELSA-Brasil study baseline
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1492	Nordic diet, Mediterranean diet, and the risk of chronic diseases: the EPIC-Potsdam Study
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1554	The contribution of micronutrient deficiencies to anemia and red blood cell (RBC) folate insufficiency among non-pregnant women of childbearing-age (WCBA) in Belize
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1595	Implementing Food-Based Dietary Guidelines to guide policies, programmes and nutrition education

Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1647	Serum pentadecanoic acid, a biomarker of dairy fat intake, is associated with lower risk of incident cardiovascular disease and all-cause mortality in Swedish men and women
Thursday October 19, 2017 from 08.00 - 10.00h	Retiro B	Track 3	144/1665	The differences of lipid profiles between the only children and non-only children: A national survey in China
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/1836	Identification of blood cell transcript levels of Pomc and Agrp in the offspring of gestational calorie restricted rats as potential biomarkers of predisposition to impaired energy homeostasis control
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/1843	Association between Food Insecurity and nutritional status of adult woman
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/1854	Modernizing Dietary Assessment
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/1903	An epigenome-wide association study (EWAS) of obesity-related traits
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/2110	Short term effect of early overnutrition in the transcriptome of Wistar rat hypothalamus (<i>Rattus norvegicus</i>).
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/2299	Do measures of sweet taste intensity and hedonic liking of glucose play a role in dietary intake of sweet food?
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/2500	High-fat diet disrupts peripheral circadian clocks in white and brown adipose tissues
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/2673	Application of a new challenge method: Improving metabolic resilience with wholegrain wheat products
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador C	Track 1	144/2698	In obese women, increased blood volume and reduced serum iron partially explain the higher risk for iron deficiency.
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1666	The effect of iodine supplementation in mildly iodine-deficient pregnant women on child development: a randomized controlled trial
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1746	Macronutrient composition of early childhood diet is related to growth and adiposity during childhood
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1835	Vegetarian and vegan diets in pre-pubertal Polish children: elucidating benefits and costs in growth, metabolism and cardiovascular risk
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1995	Timely counselling as a strategy to improve age appropriate infant and young child feeding (IVCF) practices among mothers from urban slums of Vadodara
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/1997	Effect of multiple micronutrient supplementation in lactating women on infant growth and morbidity: a double-blind randomized controlled trial in rural Burkina Faso.
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/2638	Infant breastmilk intakes and mothers' body composition and energy expenditure: a comparative study
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/2908	Iodine status in breast milk during the first 12 weeks postpartum in Tianjin, China
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/2971	10-year risk estimation for type 2 diabetes mellitus in university students in Asunción, Paraguay
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador A	Track 2	144/2978	Development of Multi-sectoral Nutrition Action Plan; Tanzania Experience
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1668	Impact of the Farmer Nutrition School Intervention on Improved Dietary Diversity of Women: Results of a Cohort Study from the USAID SPRING Project in Bangladesh
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1695	Multisectoral nutrition in practice: accelerating stunting reduction through decentralized multisectoral platforms in Yorosso district, Mali
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1703	Alignment of wheat and maize flour fortification standards with WHO recommendations in countries with mandatory fortification.
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1728	Acceptability of a Locally-Produced Multiple Micronutrient-Fortified Ready-to-Use Supplementary Food (RUSF) for Children Under Two Years in Cambodia
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1739	Implementation of a tool to evaluate policy actions and commitments of chain restaurants in Canada
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1758	The double burden of malnutrition in Colombian pregnant women
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1761	Initial Situation Assessment on School Food and Nutrition in Africa
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1767	Monitoring of the national oil and wheat flour fortification programme in Cameroon: application of a programme impact pathway framework
Thursday October 19, 2017 from 15.00 - 16.30h	San Telmo	Track 3	144/1777	Dutch food-based dietary guidelines: health and sustainability combined in the Wheel of Five
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2372	Protein intake and the development of type 2 diabetes
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2377	Multisectoral anemia platform strengthening: Lessons learned in Sierra Leone and Uganda
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2393	Incorporating Fresh Foods in daily meal in Nairobi urban slum schools efforts to increase dietary diversity.
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2394	Repurposing commercially unacceptable fresh foods in school meals in Nairobi urban slum primary schools
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2408	Egg vs Organic Egg Preferences of Turkish Consumers According To Food Value Scale
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2636	Food and beverage reformulation would make it easier to reach simultaneously all nutritional recommendations in the French adult population
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2667	Understanding barriers and facilitators for breastfeeding, donor human milk, and kangaroo mother care among mothers and influencers of preterm and sick neonates in India
Thursday October 19, 2017 from 15.00 - 16.30h	Libertador B	Track 3	144/2840	Using targeted beneficiary surveys to measure nutrition outcomes in low-resource settings following intensive interventions: Examples from the SPRING Project in Bangladesh, Ghana, and Nigeria
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1780	Adherence to the 2015 Dutch dietary guidelines and its associations with mortality and incidence of non-communicable diseases in the Rotterdam Study
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/1959	Effect of cinnamon on morphology and physiology of liver in rats
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/2171	Social jet lag, obesity and non-communicable chronic diseases
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/2586	Molecular Bases Underlying the chemo preventive Effects of Docosahexaenoic acid

Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/2647	The association between mindfulness and the metabolic syndrome is modified by history of depression
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/2724	Dietary intake of nutrients and compromised periodontal health: The Concord Health and Ageing Men Project.
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/2806	Improving the management of severe acute malnutrition among infants and children through capacity building: findings from an evaluation study with Malnutrition eLearning
Thursday October 19, 2017 from 15.00 - 16.30h	La Pampa	Track 4	144/3017	Effects of biotin status on glycemic control in rats
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1735	Zinc intakes and dietary sources in an Irish adult population.
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1740	Phytic acid content determines the iron bioavailability from wheat genotypes
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/1755	Measurement of human milk intake using stable isotope in Indian rural infants from birth to 24 months: a longitudinal study
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/2094	Maternal iron absorption and iron transfer to the fetus during pregnancy in normal-weight and overweight/obese women and the effects on infant iron status
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/2501	Retention, Iron Bioavailability and Sensory evaluation of Extruded Rice Fortified with Iron, Folic acid and Vitamin B12
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/2768	Is energy expenditure considered in the literature when energy intake is measured? A need for a methodological consensus
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/2887	The prevalence of malnutrition in ENRICH project sites in Bangladesh, Kenya, Myanmar, Pakistan and Tanzania
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro A	Track 5	144/2898	Adverse effects on thyroid of Chinese children exposed to long-term iodine excess: Optimal and Safe upper intake level of iodine for 7-14-year-old children
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2264	Physicochemical, Functional and Nutritional characterization of Raw Flour obtained from different Sweet potato (<i>Ipomoea batatas</i>) and Ñampi (<i>Dioscorea trifida</i>)
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2330	Consumption of milk products with 100% B-casein A2 improves overall gastrointestinal tolerance but had no effect on behavior of mexican children with autism spectrum disorder
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2476	Total polyphenol content and antioxidant capacity in juice and peel of blueberries (<i>Vaccinium corymbosum</i>) grown in Cañete Valley, Peru.
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2487	Effect of deep frying on bioactive components of wheat flour products
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2509	Epigallocatechin gallate (EGCG) as a natural Bio-active component in protecting the toxicities induced by Lead and Amyloid peptide in Human brain cells
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2678	Recommendation vs. reality: a global assessment of fruit and vegetable intake and variety
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2691	Effect of aqueous leaves extract from <i>Passiflora alata</i> Curtis and Vitexin, Isoorientin in co-culture of min6/lymphocytes from NOD mice in oxidative stress and cell death
Thursday October 19, 2017 from 15.00 - 16.30h	Catalinas	Track 6	144/2695	Effect of aqueous extract of <i>Passiflora alata</i> Curtis, catechin and rutin in proliferation, apoptosis, ERK phosphorylation and AKT signaling pathway of lymphocytes (NOD mice) from co-culture with MING
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2422	Determinants of adherence to micronutrient powders among children 6-11 months of age in rural Ethiopia.
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2484	Food and Nutrition Literacy (FNLIT) is associated with dietary habits in children
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2524	Common maternal feeding behaviors in infant feeding difficulties – responsive or coercive?
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2529	Food and Nutrition Literacy (FNLIT) and its predictors in elementary school children in Iran
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2541	Easier to change environments than to change behavior? Rethinking food choice dynamics increase sales of healthy snacks among young people in vocational school canteens
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2562	Illegal commercial sales of infant formula and infant products in Rio de Janeiro City, Brazil.
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2605	Promotion of local agrobiodiversity improves diets of women and children in North West Vietnam: a cluster RCT
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2714	Mexican food banks: From alleviating food insecurity to promoting healthy eating habits
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro B	Track 7	144/2770	Influence of meal cultures on food and nutrition security: a case of African Indigenous Vegetables in Kenya
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2486	Effect of polishing on content and bioaccessibility of selected minerals from five rice varieties
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2600	Reorienting food systems towards improving nutrition outcomes: measuring nutritional quality of agricultural production
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2620	Comparative study of the chemical composition of pine nuts grown in six countries
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2657	Operationalizing Multi-Sectoral Coordination and Collaboration Strategies for Improved Nutrition
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2866	Promotion of biofortified crops to improve micronutrient intake among children under five and women in child bearing age in Tanzania, Pakistan and Bangladesh
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/2967	Performance and carcass characteristics of broiler chickens fed dried cashew apple pulp in replacement for maize.
Thursday October 19, 2017 from 15.00 - 16.30h	Retiro C	Track 8	144/3002	Residual β -carotene and cyanide levels in gari produced from unfermented yellow cassava (<i>Manihot esculenta</i> Crantz) using local processing method
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2080	Association of the FTO Fat mass and obesity – associated gene rs9939609 polymorphism with rewarding value of food and eating behavior in Chilean children
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2201	Expression modulation of <i>Agtr1a</i> and <i>Bdkrb2</i> genes in hypertensive rats treated with extract of chia seeds
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2310	Mapping the availability of Healthy Food in Buenos Aires
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2385	Process evaluation of the cluster randomized controlled trial ACTIVITAL- A school-based health promotion intervention
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2520	Comparison between equations to estimate energy requirement for women from Antioquia with excess weight (Colombia)
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2593	Free time, recreation and its relationship with the nutritional state by body mass index, in University population
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2613	Food supply at children school centers, and preschoolers' nutritional state before and after food nutrition orientation

Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/2696	Procedural assessment in food and nutrition education groups focusing on autonomy for food choices
Thursday October 19, 2017 from 15.00 - 16.30h	Auditorium	Iberoamerican	144/3016	Evaluation of the effect of partial substitution of treated vetch seeds flour (<i>Vicia sativa</i>) by wheat flour (<i>Triticum Spp</i>) in functional and sensory properties of bread
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/1993	Offspring DNA methylation changes in response to maternal folic acid supplementation in the second and third trimesters: evidence from a randomized controlled trial
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/2116	Prenatal supplementation with small-quantity lipid-based nutrient supplements or multiple micronutrients increases urinary iodine concentration in semi-urban Ghana: A randomized controlled trial
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/2413	Utilizing digital technology for paperless data collection and real time monitoring of research projects
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/2584	Recovery, relapse, and episodes of default in the management of acute malnutrition in children in humanitarian emergencies: A systematic review.
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/2611	Effect of infection on nutritional status of infants in a cohort study of Vitamin A in western Kenya
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/2639	Gender specific determinants of stunting among Rwandan children 6-23 months old
Thursday October 19, 2017 from 15.00 - 16.30h	Águila	Miscellaneous	144/2890	Effects of Genetic and Environmental Factors on Proanthocyanidins in Sea Buckthorn (<i>Hippophaë rhamnoides</i>)
