

POSTER PRESENTATION SCHEDULE

There will be no moderated poster presentation session, but authors are required to stay for an hour at their posters for possible questions and debate.

Monday, October 16

08.00 - 09.00 h Track 1
 09.00 - 10.00 h Track 1
 09.00 - 10.00 h Track 2
 11.30 - 12.30 h Track 2
 12.30 - 13.30 h Track 2
 15.30 - 16.30 h Track 2 and Track 3

Thursday, October 19

08.00 - 09.00 h Track 5 & Track 6
 09.00 - 10.00 h Track 6 & Track 7
 11.30 - 12.30 h Track 7 & Track 8
 12.30 - 13.30 h Track 8

Tuesday, October 17

08.00 - 09.00 h Track 3
 09.00 - 10.00 h Track 3
 11.30 - 12.30 h Track 3
 12.30 - 13.30 h Track 3
 15.30 - 16.30 h Track 3 & Track 4

Friday, October 20

08.00 - 09.00 h Track 1, 2, 3, 4, 5, 6 & 7
 09.00 - 10.00 h Track 8

Wednesday, October 18

08.00 - 09.00 h Track 4
 09.00 - 10.00 h Track 4
 11.30 - 12.30 h Track 4 & Track 5
 12.30 - 13.30 h Track 5
 15.30 - 16.30 h Track 5 & Track 7

DATE	TIME	SCREEN	TOPIC	ID	ABSTRACT TITLE
Monday, October 16	08.00 - 09.00 h	Touch Screen 1	Track 1	144/1179	An increase in 4E-BP1 level mediates to enhance triglyceride accumulation in rat liver under protein malnutrition
Monday, October 16	08.00 - 09.00 h	Touch Screen 1	Track 1	144/2552	Dairy products consumption and risk of colorectal cancer incidence in an elderly Mediterranean population at high cardiovascular risk.
Monday, October 16	08.00 - 09.00 h	Touch Screen 1	Track 1	144/1154	Effect of Japanese Soup Stock "Dashi" in Autonomic Nervous System Activity and Mental Fatigue
Monday, October 16	08.00 - 09.00 h	Touch Screen 1	Track 1	144/1064	Metigentity, a nutrigenetic approach guiding individual needs and preferences towards optimal and personalized nutrition
Monday, October 16	08.00 - 09.00 h	Touch Screen 1	Track 1	144/1183	Risk of eating disorders in patients with celiac disease.
Monday, October 16	08.00 - 09.00 h	Touch Screen 1	Track 1	144/1123	The influence of the peaking training on salivary IgA secretion in college triathlete.
Monday, October 16	08.00 - 09.00 h	Touch Screen 10	Track 1	144/2389	A retrospective observational study of maximal enteral nutrition rates in a burn patient population
Monday, October 16	08.00 - 09.00 h	Touch Screen 10	Track 1	144/2472	Collagen v oral therapy decrease synovial inflammatory process and remodeling in experimental arthritis
Monday, October 16	08.00 - 09.00 h	Touch Screen 10	Track 1	144/2412	Difference between "viscosity in physics" and viscosity used in food properties of intestinal contents
Monday, October 16	08.00 - 09.00 h	Touch Screen 10	Track 1	144/2382	Distinctive effects of isocaloric diets with different carbohydrate to fat ratio on phenotypic flexibility: a randomized, crossover study
Monday, October 16	08.00 - 09.00 h	Touch Screen 10	Track 1	144/2494	Sleep, anxiety and mood profile before a military physical aptitude test
Monday, October 16	08.00 - 09.00 h	Touch Screen 10	Track 1	144/2458	The body composition and fat distribution effect on body mineral density and bone metabolism biomarkers of perimenopausal women. Pilot study.
Monday, October 16	08.00 - 09.00 h	Touch Screen 11	Track 1	144/2572	Nutritional management of drug dependence.
Monday, October 16	08.00 - 09.00 h	Touch Screen 11	Track 1	144/2534	The effect of ingestion of the Amazon diet on elderly neuropsychiatric patients
Monday, October 16	08.00 - 09.00 h	Touch Screen 11	Track 1	144/2511	The effect of Punicic Acid (pomegranate seed oil) on metalloproteinase genes (MMP-1, 3) in THP-1 cells stimulated with LPS compared with steroidal and non-steroidal drugs.

Monday, October 16	08.00 - 09.00 h	Touch Screen 11	Track 1	144/2505	Determination of factors related to malnutrition in pre-surgical oncological patients
Monday, October 16	08.00 - 09.00 h	Touch Screen 11	Track 1	144/2553	Fermented dairy, diet quality diet and and cardio-metabolic profile in a Mediterranean cohort at high cardiovascular risk (CVR)
Monday, October 16	08.00 - 09.00 h	Touch Screen 11	Track 1	144/468	The effect of ingestion of the Amazon diet on elderly neuropsychiatric patients
Monday, October 16	08.00 - 09.00 h	Touch Screen 12	Track 1	144/2596	Apparent discordance between two activities of the antioxidant paraoxonase 1 enzyme as a result of chronic exposure to high altitude.
Monday, October 16	08.00 - 09.00 h	Touch Screen 12	Track 1	144/2626	Effects of time-restricted protein feeding on skeletal muscle hypertrophy in mice
Monday, October 16	08.00 - 09.00 h	Touch Screen 12	Track 1	144/2588	NAIP expression increases in rat's liver regeneration
Monday, October 16	08.00 - 09.00 h	Touch Screen 12	Track 1	144/2595	Possible effect of cholesteryl-ester transfer protein activity on paraoxonase 1 antioxidant function.
Monday, October 16	08.00 - 09.00 h	Touch Screen 12	Track 1	144/2628	Recent Advances in Fortification of Rice – a Review.
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/2655	Community Perceptions on the new role of Traditional Birth Attendants as Birth Companions and Nutrition Advocates in Kakamega County, Kenya: A qualitative study
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/2767	Conversion of Pumpkin Protein Hydrolysates into Maillard Reaction Products with Improved Nutritional, Sensory and Bioactive Properties for Infants and Young Children.
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/2826	Differences and association between dietary qualities assessed by healthy eating index and total intestinal Bifidobacterium in Minangkabau and Sundanese women in Indonesia
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/2745	Effect of the dietary habits on the occurrence of cervical and breast cancers in oasis region of southeast Morocco
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/2791	Effect of the ingestion of vitamin K-deficient diet on glucose metabolism in diabetic model mice
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/282	Inflammatory and iron statuses and their relationship with body fat mass in lean and obese indigenous Guatemalan women.
Monday, October 16	08.00 - 09.00 h	Touch Screen 13	Track 1	144/2802	Vitamin K regulates the gene expression of drug-metabolizing genes via PXR in human colon cancer cells.
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/2829	A macro and micronutrient fortified complementary food supplement enhances plasma branched-chain amino acid levels in Ghanaian infants
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/348	Associations of plasma amino acid and acylcarnitine profiles with the incidence of hyperuricemia in a Chinese population
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/549	Body composition and grip strenght between older adults, institutionalized and Tai Chi Chuan practitioners in Cuba. A sarcopenia study.
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/420	Iron contamination in parenteral nutrition mixtures
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/423	Measuring Brazilian breakfast quality: the development of an index to be used in different populations
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/443	Tenomodulin gene is potentially involved on metabolism and adipogenesis in human differentiated adipocytes
Monday, October 16	08.00 - 09.00 h	Touch Screen 14	Track 1	144/472	The association between stunting, wasting and breastfeeding, and fat-free mass and fat mass in Kenyan children aged 6 and 15 months
Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/671	Do dietary patterns determine levels of vitamin B6, folate, and vitamin B12 intakes and corresponding biomarkers in European adolescents? The HELENA study.
Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/727	Fermentation of 13C-inulin is not affected by a single administration of different wheat bran fractions in healthy subjects
Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/579	Gestational Protein Restriction Plus Rich-Sucrose Diet in Adulthood Promotes Affectations in Liver of Rats
Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/730	Heme iron absorpction and gene expression of proteins related to heme iron absorpction in rat small intestine.

Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/877	In vitro and in vivo evaluation of the fermentability of two different wheat-derived fibre fractions
Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/673	Relationship between non nutritive sweeteners intake and nutritional status.
Monday, October 16	08.00 - 09.00 h	Touch Screen 15	Track 1	144/584	The effects of very-low carbohydrate diets on weight loss and hepatic lipids and gene expressions in diet-induced obese mice
Monday, October 16	08.00 - 09.00 h	Touch Screen 2	Track 1	144/1201	A Randomized Trial of Iron-Biofortified Beans in School Children in Mexico
Monday, October 16	08.00 - 09.00 h	Touch Screen 2	Track 1	144/1332	Different isomers of tocopherol evoke dissimilar cytosolic calcium increases and antioxidant impact in living Caco-2 cells.
Monday, October 16	08.00 - 09.00 h	Touch Screen 2	Track 1	144/1215	Food or water for sanitation: explaining regional differences in child malnutrition rates in Uganda
Monday, October 16	08.00 - 09.00 h	Touch Screen 2	Track 1	144/1302	Genetic polymorphisms in the AHR and ADORA2A genes are associated with coffee consumption
Monday, October 16	08.00 - 09.00 h	Touch Screen 2	Track 1	144/1257	Interdisciplinarity on communication of nutritional information by social media - facebook
Monday, October 16	08.00 - 09.00 h	Touch Screen 2	Track 1	144/1202	Muscle strength, metabolic profile, sarcopenia and sarcopenic obesity in older Cuban people. Preliminary results.
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1344	Associations between Food Intake, Perceived Exertion, sum of 6 Skinfolds and leg cross-sectional areas in Professional Argentinean Cyclists assessed between March-August 2016
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1429	Effects of Dietary B vitamins Intake and Folate metabolism in the Development of Mild Cognitive Impairment and the Potential Underlying Mechanism
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1413	Hepatic steatosis induced by amino acid deficiency or by manipulation of the dietary amino acid composition.
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1356	Intermittent fasting in different periods of pregnancy: Maternal effect and metabolic programming of the insulinic hypothalamic via and obesity in the male prole
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1424	Lysine deficiency signal selectively induces lipid accumulation in muscle and adipose tissues of rats.
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1446	Mechanism for the decrease in plasma alpha-tocopherol under protein deficiency
Monday, October 16	08.00 - 09.00 h	Touch Screen 3	Track 1	144/1368	The relationship of nutritional status with intellectual coefficient and academic achievement in Mexican children from urban primary schools
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1546	Carbon stable isotope ratios have potential as a biomarker for the assessment of sugars intake in New Zealand populations
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1527	Effect of exercise stimulus-induced androgen steroidogenesis on LCFA transport proteins in skeletal muscle
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1559	Effect of the PPM1K genetic variant on glucose metabolism traits in response to weight loss diets
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1572	Extra-virgin olive oil or nuts consumption and DNA methylation in peripheral blood cells within the PREDIMED-Navarra trial
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1602	Improvements in insulin resistance and FGF21 in obese subjects after a long-term weight loss intervention: RESMENA project
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1577	Low folic acid intake is associated with SIK1 hypomethylation and insulin resistance in obese subjects.
Monday, October 16	08.00 - 09.00 h	Touch Screen 4	Track 1	144/1459	Myokine responses to resistance exercise with different nutrient availability on a concurrent exercise day in young, healthy, physical active males.
Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1721	Anthropometric measurements associated to metabolic syndrome and insulin resistance in Chilean school age children
Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1678	Changes in Obesity Metabolomic Profile Associated with Manganese Intake in a Population Based Study

Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1723	Effect of LEAA supplementation on muscular fatigue and inflammatory cytokines in wheelchair basketball players
Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1622	Elevated thyroglobulin concentrations, but no increased prevalence of thyroid function disorders in areas with chronic excessive iodine intake
Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1649	Feasibility of collecting nutrition information using Computer Assisted Telephone Interviewing
Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1689	L-lactate administration stimulates fat oxidation and glycogen storage in resting rats
Monday, October 16	08.00 - 09.00 h	Touch Screen 5	Track 1	144/1738	Siblings 6-59 months and child stunting in 'multi-multi' nutrition programme
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1794	Beneficial effect of personalised lifestyle advice as compared to generic advice on wellbeing among active Dutch seniors – a pilot study
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1860	Effect of a functional milk fat enriched in rumenic acid and vaccenic acid on lipid and carbohydrate metabolism in rats fed a high-fat diet
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1873	Maternal conjugated linoleic acid modulates triacylglyceride metabolism in adult offspring rats
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1802	Nutrients and DNA methylation across the life course: a systematic review of studies in humans
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1782	Plasma alanine aminotransferase (ALT) activity is a reliable biomarker for the risk of insulin resistance and diabetes predisposition
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1754	Research Methods Used to Determine Cost-Effectiveness of a Supplementary Feeding Trial to Prevent Child Undernutrition in Burkina Faso
Monday, October 16	08.00 - 09.00 h	Touch Screen 6	Track 1	144/1837	Think flexible to address nutrition research challenges
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/1884	Ghrelin and leptin serum levels and anthropometric nutritional status in relation to Helicobacter pylori genotype and gastric pathology of dyspeptic adults.
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/1911	Harmonization of data collection across 4 countries – the ENRICH experience
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/1930	Methods for rigorous in-home observation conducted during a food aid cost-effectiveness trial in Burkina Faso
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/2013	Nutrient intake, appetite sensation and gastric pathology in Helicobacter pylori infected patients before and after eradication.
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/1913	Parathyroid hormone and fetal length in a pregnancy cohort in Dhaka, Bangladesh.
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/1879	Systematic review on the markers of glycaemic exposure in the non-diabetic population
Monday, October 16	08.00 - 09.00 h	Touch Screen 7	Track 1	144/1841	The NEEP approach: Closing research gaps and building CSO capacity through evaluation
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/2022	Breastfeeding practices and challenges experienced by low-income women working in an agricultural estate in Kenya in combining work with breastfeeding and childcare
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/1956	Classification of foods into food groups in the DietSys database
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/2008	Effects of the stimulation with different mixes of mono, saturated and polyunsaturated fatty acids on hepatic cells
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/1898	Exploring variations in hemoglobin concentration and measurement – the HEMoglobin MEasurement (HEME) working group
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/2089	Getting the food list “right”: An approach for the development of a comprehensive food list for household food consumption surveys
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/2090	micronutrient status of students enrolled in rural Morocco
Monday, October 16	08.00 - 09.00 h	Touch Screen 8	Track 1	144/2077	Nutrient-profiling analysis in packaged foods and beverages with voluntary fortification in Central America and Dominican Republic, 2015-2016
Monday, October 16	08.00 - 09.00 h	Touch Screen 9	Track 1	144/2350	Association of FTO and apelin gene expression with dietary glycemic index and glycemic load among morbid obese and non-obese subjects
Monday, October 16	08.00 - 09.00 h	Touch Screen 9	Track 1	144/2105	Cochlear Homocysteine metabolism and related pathways in the Bhmt -/- mouse

Monday, October 16	08.00 - 09.00 h	Touch Screen 9	Track 1	144/2252	Comprehensive phenotypic analysis of liver hepatocyte-specific Phgdh deficient mice
Monday, October 16	08.00 - 09.00 h	Touch Screen 9	Track 1	144/2163	Global comparison of national individual food consumption surveys as a basis for health research and integration in national health surveillance programs
Monday, October 16	08.00 - 09.00 h	Touch Screen 9	Track 1	144/2343	Maternal supplementation of Amino acids for best fetal outcomes
Monday, October 16	08.00 - 09.00 h	Touch Screen 9	Track 1	144/2366	The double burden of malnutrition (obesity-anemia) among procreative women in the oriental region of Morocco
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/827	Effect of exercise-to-rest period ratio and physical training on the recuperation of antioxidative defense system in rats
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/869	Ferropenic anemia: oxidative stress and cytomolecular damage associated with ferrous sulfate preventive administration
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/828	High salt intake induces adipogenesis by the modulation of ERK1/2 pathway in both adipocytes and co-culture with macrophages.
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/769	Plasma free fatty acid concentrations in schoolchildren with and without abdominal obesity
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/823	The effect of exercise-to-rest period ratio on the recuperation of stored fuel from exercise in exercise trained rats
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/867	Trans fat content of oil used for frying food viz varying frying temperatures and number of frying cycles
Monday, October 16	09.00 - 10.00 h	Touch Screen 1	Track 1	144/835	Validity of Nutrient Intakes Derived from Website Dish-based Dietary Assessment
Monday, October 16	09.00 - 10.00 h	Touch Screen 2	Track 1	144/925	Biomarker of long-chain n-3 PUFA and risk of breast cancer: accumulative evidence from an updated meta-analysis of epidemiological studies
Monday, October 16	09.00 - 10.00 h	Touch Screen 2	Track 1	144/894	From starch structure to its in vivo metabolic fate: advanced imagery techniques to explain the changes in starch structure during different biscuit-making processes
Monday, October 16	09.00 - 10.00 h	Touch Screen 2	Track 1	144/984	Glycemic profile and circulating Brain Derived Neurotrophic Factor levels in adult vegetarians
Monday, October 16	09.00 - 10.00 h	Touch Screen 2	Track 1	144/903	The protective role of mitochondrial serine hydroxymethyltransferase against oxidative stress-induced mitochondria dysfunction and DNA damage
Monday, October 16	09.00 - 10.00 h	Touch Screen 2	Track 1	144/957	Transcultural adaptation of The Eating Motivation Survey (TEMS) to Brazilian Portuguese
Monday, October 16	09.00 - 10.00 h	Touch Screen 2	Track 1	144/979	Vegetarian diet, nutritional status and circulating Brain Derived Neurotrophic Factor levels in adults
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1449	A participatory community-based approach to effective implementation of the baby Friendly Community Initiative in Rural Kenya
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1411	Adherence to Healthy Eating Index for pregnant women is associated with lower neonatal adiposity in a multiethnic Asian cohort: the Growing Up in Singapore Towards healthy Outcomes (GUSTO) study.
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1404	Cross-sectional and longitudinal associations between clustering of multiple lifestyle behaviors and adiposity indicators: The ELANA middle school cohort
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1425	Effect of dietary vitamin E deficiency on social recognition in mice
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1445	Impact of exposure to lipid-based nutrient supplements in early life on sweet taste preference of Ghanaian children aged 4-6 years: a non-inferiority study
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1418	Moroccan food retail transition: Change in Habits food consumer and effect on Health
Monday, October 16	09.00 - 10.00 h	Touch Screen 10	Track 2	144/1409	Videos about diets broadcast on Youtube: a communication channel very accessed by adolescent
Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1529	A Conceptual Model of Developing Questionnaire on Nutritional Knowledge and Supplement Habits Among Disabled Athletes
Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1496	Acceptance of and Compliance with Multi-micronutrient and Iron-Folic Acid Capsules in Banggai District, Indonesia

Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1540	Associations between breastfeeding and breakfast consumption in adolescence
Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1544	Effects of Gestational Weight Gain, Nutrient Intake, and Passive Smoking on Low-birth-weight Delivery
Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1542	Exploring the influence and transfer of Infant and Young Child Feeding practices to mothers: Formative research for the SPOON project in Colombia, Guatemala and Mexico
Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1462	Impact of health and nutrition education on healthy lifestyle to improve nutritional status and reduce frequency of illness of elderly people in urban Dhaka.
Monday, October 16	09.00 - 10.00 h	Touch Screen 11	Track 2	144/1518	MFSD2a in Blood as Potential Biomarker of this Carrier in Placenta and Relationship to Child Development
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1570	Bone health status and its risk factors among rural elderly of Vadodara District, Gujarat
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1548	Breast milk fatty acids and infant executive function: a prospective study
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1586	Development of an m-health intervention for the infant and young child feeding counselling in the plantation sector of Sri Lanka
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1610	Evaluation of multiple micronutrient supplementation programme in Sri Lanka.
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1575	Micronutrient status of geriatric population and its influence on age-related biomarkers
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1568	Stunting and overweight in rural households of southwest and northern Uganda
Monday, October 16	09.00 - 10.00 h	Touch Screen 12	Track 2	144/1596	The long-term effect of maternal and early childhood supplementation on growth and body composition at 4-6 years of age in Ghanaian children
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1609	Acceptability of unsweetened small quantity Lipid-Based Nutrient Supplement (SQ-LNS) in children aged 6 to 23 months: Formative research for the SPOON project in Colombia, Guatemala and Mexico
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1614	Infant and young child feeding policy process and programmes in Sri Lanka: an analysis of stakeholders
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1680	Infant and young child feeding programmes in Sri Lanka: the policy landscape
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1601	Knowledge, attitudes and practices of first level health workers towards breastfeeding, complementary feeding and micronutrients supplements in Mexico: Formative research for the SPOON project
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1623	Nutritional Situation, feeding practices of children and reproductive age mothers from Bangang Rural Community, Cameroun
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1628	Polyunsaturated fatty acids transfer across the placenta was lower in obese compared to normal weight pregnant women
Monday, October 16	09.00 - 10.00 h	Touch Screen 13	Track 2	144/1591	Prolonging Micronutrients Supplementation 2-6 Months Prior to Pregnancy Significantly Improves Birth Weight by Increasing hPL Production and controlling IL-12 Concentration: A Randomized Double Blind C
Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1661	Community-based distribution of Iron-Folic Acid Supplementation: A review of evidence and program Implications for anemia programming for women and girls
Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1671	Dietary consumption and Iron deficiency anemia in infants aged 18-24 months
Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1652	Food consumption profile and physical activity in children at preschool cared at Health School Center Butantã/ College of Medicine University of São Paulo
Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1653	Inflammation and metabolic health by body mass index in European adolescents: the HELENA study.
Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1643	Scaling up revitalized Baby Friendly Hospital Initiative: Day of Birth to 24 Months: Malawi Case Study
Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1650	Sensitivity of infant and young child feeding indicators in seasonal differences to inform early warning systems

Monday, October 16	09.00 - 10.00 h	Touch Screen 14	Track 2	144/1669	Timing of initiation of breastfeeding and early-newborn sepsis: Evidence from rural Bangladesh
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1690	Designing a large multi-sector programme to reduce stunting in Bangladesh. Lessons from Suchana
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1699	Dietary patterns and changes in frailty status - The Rotterdam Study
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1741	Excess weight and inadequacy of macro and micronutrient adolescent intake in a town of Brazilian northeastern
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1672	Initiation of breastfeeding and mortality risk for newborn in rural Bangladesh
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1685	Lipidomic analysis reveals the significant increase of diacylglycerophosphocholines in umbilical cord blood from pregnant women with gestational hypercholesterolemia
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1681	No differences between the intakes of de macro e micronutrients in preschool children, with and without excess weight, cared at Health School Center Butantã/College of Medicine University of São Paulo
Monday, October 16	09.00 - 10.00 h	Touch Screen 15	Track 2	144/1624	Nutrition Improvement for Preconception Women: Field Experience of The Scaling up Nutrition (SUN) Program in Banggai District Indonesia
Monday, October 16	09.00 - 10.00 h	Touch Screen 3	Track 2	144/1047	Can peer counsellors influence breastfeeding practices of women employed in factories? A preliminary report from Bangladesh.
Monday, October 16	09.00 - 10.00 h	Touch Screen 3	Track 2	144/971	Dietary sources of sodium intake in adolescents from a public school in Niterói - RJ, Brazil
Monday, October 16	09.00 - 10.00 h	Touch Screen 3	Track 2	144/1020	Evaluation of the Relationship Between Eating Behaviours and Orthorexia Nervosa Behaviours and the Body Mass Index in Early Adulthood Women
Monday, October 16	09.00 - 10.00 h	Touch Screen 3	Track 2	144/1026	Fruit and vegetable intake behaviour among elderly patients attending routine out-patient clinic: a cross-sectional study
Monday, October 16	09.00 - 10.00 h	Touch Screen 3	Track 2	144/981	Improved child care practices and nutrition through mcare fatherhood programme (mcfp) in the tea estate regions by world vision lanka
Monday, October 16	09.00 - 10.00 h	Touch Screen 3	Track 2	144/1027	Maternal diet during pregnancy and lactation: current evidence and implications for programs
Monday, October 16	09.00 - 10.00 h	Touch Screen 4	Track 2	144/1073	Carbohydrates from sources from sources with a higher glycaemic index during adolescence: evening intake is relevant for risk markers of type 2 diabetes in young adulthood
Monday, October 16	09.00 - 10.00 h	Touch Screen 4	Track 2	144/1068	Effect of Fathers' Orientation on Infant and Young Child Feeding (IYCF) Practices
Monday, October 16	09.00 - 10.00 h	Touch Screen 4	Track 2	144/1052	Erythrocyte Fatty Acid Composition in Guatemalan Preschoolers from Three Different Settings of the Western Highlands with a Common Institutional Diet
Monday, October 16	09.00 - 10.00 h	Touch Screen 4	Track 2	144/1094	Glucose and insulin responses to different infant formulas and breast milk
Monday, October 16	09.00 - 10.00 h	Touch Screen 4	Track 2	144/1071	Influence of Nutrition education on nutritional status among the children under five and pregnant and lactating mother
Monday, October 16	09.00 - 10.00 h	Touch Screen 4	Track 2	144/1050	Relationship between food intake and AGE value in female university students
Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1142	ApoE rs429358 and rs7412 polymorphism and Gender Differences of Serum Lipid Profile and Cognition in Aging Chinese Population
Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1127	Baby Friendly Community Initiative (BFCl): From Guidelines to Implementation – Demonstrated Results from Western Kenya
Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1139	Changes in lean mass is correlated with changes in muscle function only in postmenopausal women who consumed higher amounts of protein during resistance training protocol
Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1114	Diet evaluation in younger compared to older Greek elderly
Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1109	Dietary management of gestational diabetes in the first 1000 days of life Case of Morocco
Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1136	Feeding behaviours as risk factors for undernutrition in infants living in semi-urban communities of the Volta Region, Ghana.

Monday, October 16	09.00 - 10.00 h	Touch Screen 5	Track 2	144/1130	Paradoxes of waist circumference in short-stature and stunted Guatemalan women
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1153	Coverage of and factors associated with uptake of routine vitamin A supplementation in sub-Saharan Africa
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1176	Inappropriate timing of introduction of complementary foods: Practices and perceptions among mothers of infants and young children in Baja Verapaz, Guatemala
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1203	Introduction to obesogenic foods and overweight in children at 2 Years
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1148	Nutritional Status and Academic Performance of School-age children enrolled in two feeding programmes in Ghana
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1196	The mother-child dyad is a central factor in point-of-use fortification of complementary foods with micronutrient powders in Ethiopia and Mozambique
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1187	Toward a better understanding of adherence to micronutrient powders: generating theories to guide program design and evaluation based on a review of published results
Monday, October 16	09.00 - 10.00 h	Touch Screen 6	Track 2	144/1156	Use of 'design thinking' to assess participant behaviors to inform the design of a small-quantity lipid-based nutrient supplement (SQ-LNS) communication strategy in Pasto, Colombia: Formative research
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/1221	Animal source food consumption during early childhood is associated with reduced risk of poorer child development outcomes in rural Nepal
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/1277	Effects of sugar-sweetened beverages drinking frequency on dyslipidemia-developing risk in Korean adults
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/1237	Empowering preschoolers to become healthy habits messenger through selected communication channels: stories music dance and magic tricks.
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/1265	Impaired neural tube closure in mice lacking high density lipoprotein receptor SR-BI is associated with deficient vitamin E uptake and aberrant gene expression
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/1271	Nutrition knowledge, dietary styles, drinking behaviors, and prevalence of metabolic syndrome by gender and existence of spouse in Korean adults
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/2205	Nutrition Recommendations for Improving Adolescent Girls' Health and Wellbeing
Monday, October 16	09.00 - 10.00 h	Touch Screen 7	Track 2	144/1880	Promoting nutrition and hygiene for orphans and vulnerable children in throughout childhood in Nigeria
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1283	Association between domains of nutrition risk and hospitalisations and mortality at five years follow up among octogenarians participating in Life and Living in Advanced Age: Cohort Study New Zealand
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1324	Caregiver perspectives and factors associated with utilization of a home fortification of complementary foods program
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1299	Dietary intake, weight gain and sleep patterns in young children predisposed to overweight
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1321	How nutrition and environmental influences shape child development during the first 1000 days: direct and indirect associations in four prospective cohorts of young children in Africa
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1400	Nutrition and Dysphagia Risk among recently Hospitalised adults of advanced age
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1272	Reduced docosahexaenoic acid content in neonatal erythrocytes from obese mothers
Monday, October 16	09.00 - 10.00 h	Touch Screen 8	Track 2	144/1291	Role of preconception nutrition in offspring growth and risk of stunting across the first 1000 days in Vietnam
Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1402	Association between sleep duration and food intake in adolescents
Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1388	Effect of pre- and postnatal nutritional supplements on childhood illnesses in Bangladesh: a cluster-randomized effectiveness trial
Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1335	Fatty acids profile in breast milk from women living in Buenos Aires. Preliminary study

Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1284	Infant feeding practices among mothers with children 6 to 24 months of age in the Adentan Municipality of the Greater Accra Region, Ghana.
Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1343	Maternal vitamin D status in relation to fetal growth and survival: a prospective cohort study
Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1340	Maternal, breast milk and infant B12 status in rural Gambia
Monday, October 16	09.00 - 10.00 h	Touch Screen 9	Track 2	144/1382	Risk values of metabolic and nutritional parameters in Cuban urban people representing different stages of life course.
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1788	Assessing The Impact of Growth Trajectory of Very Low Birth Weight Infants on Executive Functions at 11 Years of Age
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1769	Enhancing capacity of community systems to improve maternal infant and young feeding practices: Approaches and tools used in the Baby-Friendly-Community-Initiative
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1771	Food fortification global mapping study: Highlighting donor engagement and advancing understanding of challenges and opportunities to reduce micronutrient deficiencies
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1811	Frequency of vitamin D deficiency in our patients obese Author: MATILDE VERA
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1799	Maternal vitamin D supplementation during pregnancy and lactation to promote infant growth in Dhaka, Bangladesh (MDIG trial): a randomized controlled trial
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1783	Sarcopenia, frailty and nutritional status in very old women living in a nursing home
Monday, October 16	11.30 - 12.30 h	Touch Screen 1	Track 2	144/1743	Snacking Behavior in Adolescent Girls Living in Urban Cities in Java, Indonesia
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2338	Analysis of the association between nutritional status and dietary intake in children and adolescents of Facatativá, Colombia
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2319	Are there changes in the fatty acid profile in breast milk with supplementation of Omega 3 sources? a systematic review
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2765	Characterization of undernutrition and associated factors among children aged 6 to 24 months in rural Malawi
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2334	Comparison of total lipid and fatty acid intake according to their daily distribution: relationship with stunting in children from Ecuador
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2337	Nutritional status and child development of pre-school children in Bhutan
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2335	Perception of healthy eating and daily dietary intake in children and adolescents of Facatativá, Colombia
Monday, October 16	11.30 - 12.30 h	Touch Screen 10	Track 2	144/2301	Study of the relationship between fatty acid intake and cognitive development in children from an Ecuador school
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/2365	Assessment of malnutrition risk and nutritional status of older people at hospital admission.
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/2341	Chewable bioactive pectin-film loaded with vitamins D3/K2 to sothe baby teething symptoms and stimulates infant's health
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/237	Dietary choline intakes do not reflect recommended consumption among lactating women in Guatemala.
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/2342	Manipulative and total intellectual quotient in Ecuadorian schoolchildren and their relationship with hematocrit and hemoglobin
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/2368	Pro-inflammatory triggers in scholars: leptin, IL-6, fibrinogen, and high-sensitivity C-reactive protein.
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/2349	Social and Economic Correlates of BMI and HFA Z-scores among Filipino adolescents
Monday, October 16	11.30 - 12.30 h	Touch Screen 11	Track 2	144/2369	The variety and diversity of the diet of breastfed infants and young children from the province of Baja Verapaz in Guatemala is low
Monday, October 16	11.30 - 12.30 h	Touch Screen 12	Track 2	144/2395	Association between Household Food Security and Infant Feeding Practices in Urban Informal Settlements in, Kenya

Monday, October 16	11.30 - 12.30 h	Touch Screen 12	Track 2	144/242	Brazilian Immigrant Mothers' Beliefs and Practices Related to Infant Feeding: A Qualitative Study
Monday, October 16	11.30 - 12.30 h	Touch Screen 12	Track 2	144/2383	Breastfeeding and preschool children intelligence quotient in rural highlands in Ecuador
Monday, October 16	11.30 - 12.30 h	Touch Screen 12	Track 2	144/2414	Effect of iron-folic acid supplementation starting during early trimester of pregnancy on neonatal mortality: Findings from a large community-based randomized controlled trial in rural Bangladesh
Monday, October 16	11.30 - 12.30 h	Touch Screen 12	Track 2	144/2373	Risk of death due to sarcopenic obesity and dependence to perform instrumental activities of daily living
Monday, October 16	11.30 - 12.30 h	Touch Screen 12	Track 2	144/2429	Strengthening systems for establishing integrated human milk bank programs as essential newborn care through global learning exchanges: a best practice for ensuring ownership.
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2450	Determinants of malnutrition in community living elderly based on an holistic approach
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2448	Dietary intake and main sources of fats in the Argentine population. Results of ELANS study.
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2449	Effects of biomarker inflammatory and cardiometabolic on quality of life of Brazilian older adults: Health, Well-being and Aging Study (SABE Study)
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2464	Energy, protein and carbohydrate intake in relation to anthropometric parameters at different mealtimes in children of EVANES study
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2460	Examining correlates of maternal nutrition among married women of India: A new evidence
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2444	The contribution of beverages to the consumption of added sugars. Reported dietary intake in the Argentine population. Results of ELANS Study
Monday, October 16	11.30 - 12.30 h	Touch Screen 13	Track 2	144/2474	Women's dietary diversity in Bangladesh: community-level pathways through women's empowerment
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/2496	Assessments of Sarcopenia and Its Associated Factors in Community-Dwelling Malaysian Chinese Middle-aged Adults and Elderly
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/253	Average daily consumption, nutrient density and principal sources of choline among semi-rural schoolchildren in Western Guatemala
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/2514	Determinants of food choice in Iranian adults: A Life Course perspective
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/2489	Impact of SMS Text Messages to Improve Exclusive Breastfeeding and Reduce Other Adverse Infant Feeding Practices in Yangon, Myanmar: A Randomized Controlled Trial
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/2513	Self-perception of lactose intolerance and its influence on milk consumption
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/2479	Serum proteins and nutritional status in schoolchildren from a rural school in Yaruquíes, Chimborazo
Monday, October 16	11.30 - 12.30 h	Touch Screen 14	Track 2	144/2493	Vitamin A status in the third trimester of pregnancy in Brazilian Amazon
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2549	Association between protein intake and frailty in the Korean elderly of KFACS
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2554	Evaluation of metaphors (life and self) of obese & overweight people in comparison with the people with normal weight
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2548	Fasting during the suckling-weaning transient period in rats induces metabolic abnormalities in adulthood
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2546	Maternal obesity determines the offspring's metabolic profile at birth
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2530	Recommended and inappropriate beverage intake in Mexican infants and toddlers
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2536	The Media influence on body image of Brazilian teachers
Monday, October 16	11.30 - 12.30 h	Touch Screen 15	Track 2	144/2547	Trends on breastfeeding indicators in Brazil in three decades.
Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/1853	Biological and social determinants of overweight in children at entering primary school. Results of MiniSALTEN Study.

Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/1847	Energetic contribution of ultra-processed products to the food list from diet of adults in Northeast of Brazil.
Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/1859	Experiencing a proposal of nutritional antenatal care among pregnant women attended in a family clinic in Rio de Janeiro, Brazil.
Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/1838	Factors influencing early breastfeeding initiation among postpartum mothers in rural and urban areas of Ibadan, Nigeria
Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/2453	Mothers and children: are their diet's related? Results of MiniSALTEN Study.
Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/1857	Prenatal nutritional care improved perinatal outcome of pregnant women in the context of primary health care in Manguinhos, Rio de Janeiro, Brazil.
Monday, October 16	11.30 - 12.30 h	Touch Screen 2	Track 2	144/1840	WHO Guidelines on Feeding Complementary Foods to 6-24 Month old Children: Demographic & Health Survey (DHS) Data from Cameroon, Egypt, Indonesia and the Philippines
Monday, October 16	11.30 - 12.30 h	Touch Screen 3	Track 2	144/1885	Back to Basics for Better Breastfeeding: Findings from Three Regions of the World
Monday, October 16	11.30 - 12.30 h	Touch Screen 3	Track 2	144/1897	Epidemiology of anemia in children, adolescent girls and women of reproductive age in Bhutan
Monday, October 16	11.30 - 12.30 h	Touch Screen 3	Track 2	144/1895	Identification of factors associated with nutritional risk and malnutrition for use in Comprehensive Geriatric Assessment – CGA by correspondence analysis.
Monday, October 16	11.30 - 12.30 h	Touch Screen 3	Track 2	144/1878	Knowledge of hydration practices of amateur runners from the city of São Paulo
Monday, October 16	11.30 - 12.30 h	Touch Screen 3	Track 2	144/1868	Pre-intervention characterization of nutritional status to estimate burden and potential to benefit among mothers and their children living in urban slums of Mumbai, India.
Monday, October 16	11.30 - 12.30 h	Touch Screen 3	Track 2	144/1865	Social disparities and the nutritional status of children under five and child bearing women in Peru
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/1933	'You are nearly an adult now': engaging adolescents in nutrition programming is critical
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/1957	A baby friendly community initiative in Kenya: harnessing the potential of the community health strategy in enhancing maternal and child nutritional and health status in rural Kenya
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/1938	Dietary intake and biochemical parameters related to bone health in women over 65 years old in the Buenos Aires city, Argentina.
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/2074	Effectiveness of the Baby Friendly Community Initiative on Exclusive Breastfeeding in Rural Kenya
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/1901	Perceptions and Acceptability of Donating, Donated and Banking of Human Breastmilk, in an Urban Community, Kenya.
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/1960	Relationship between choline metabolites and developmental outcomes in healthy toddlers at 24 months-of-age
Monday, October 16	11.30 - 12.30 h	Touch Screen 4	Track 2	144/1936	Valuation of nutritional status by anthropometric methods and bioelectric impedance in schoolchildren's and adolescents of public and private schools in the Central Department
Monday, October 16	11.30 - 12.30 h	Touch Screen 5	Track 2	144/2001	Early life height trajectories and late childhood adiposity in Mexican children.
Monday, October 16	11.30 - 12.30 h	Touch Screen 5	Track 2	144/1997	Effect of multiple micronutrient supplementation in lactating women on infant growth and morbidity: a double-blind randomized controlled trial in rural Burkina Faso.
Monday, October 16	11.30 - 12.30 h	Touch Screen 5	Track 2	144/1961	Factors associated with parent's underestimation of child's weight status: a study in Brazil
Monday, October 16	11.30 - 12.30 h	Touch Screen 5	Track 2	144/1982	Height trajectories and waist circumference in late childhood of Mexican children
Monday, October 16	11.30 - 12.30 h	Touch Screen 5	Track 2	144/2066	Life-Course Height and Weight Trajectories in Mexican children
Monday, October 16	11.30 - 12.30 h	Touch Screen 5	Track 2	144/1968	Strengthening of the Essential Nutrition Actions (ENA), at the primary level health services on 30 municipalities of the western highlands from Guatemala.
Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/2018	Contribution of complementary foods to energy and nutrient intakes among children living in the urban slums of Mumbai, India

Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/1992	Effects of two forms of daily preventive zinc and therapeutic zinc supplementation for diarrhea on growth and acquisition of developmental milestones in rural Laotian children: A randomized trial
Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/2023	Gestational weight gain and nutritional status at mid-pregnancy in Brazilian Amazon
Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/2007	Main sources of information on infant feeding, and their appraisal, among Somali and Iraqi mothers residing in Norway – a mixed-methods study
Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/2012	Maternal Diet With Elevated Folic Acid and Low Vitamin B12 Concentrations Increases the Metabolic Risk in Mice (C57BL/6).
Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/2003	The development of gestational diabetes is linked to higher intake of trans fatty acids in their children at 6 years old. A follow-up from the PREOBE cohort
Monday, October 16	11.30 - 12.30 h	Touch Screen 6	Track 2	144/2031	Women's Empowerment: Pathways towards Maternal and Child Nutritional Outcomes
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/2083	Anthropometric, clinical and inflammatory profile of children and adolescents with weight excess before and after nutritional intervention with oatmeal
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/2084	Determinants of energy and nutrient intakes among pregnant women in Accra, Ghana.
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/2111	Intake of dairy products reported by elderly people and sociodemographic and cultural variables - SABE Survey: Health, Wellbeing and Aging
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/1916	Nutritional status, eating habits and indicators of salugenic environment in rural adolescents of Tucumán.
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/2099	Promotion of healthy nutrition among Romanian children and adolescents
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/2092	The association between active tobacco use during pregnancy and growth outcomes of children under five years: a systematic review and meta-analysis
Monday, October 16	11.30 - 12.30 h	Touch Screen 7	Track 2	144/2108	The need of food subsidy programs to fulfill nutrient adequacies: The case of Indonesia
Monday, October 16	11.30 - 12.30 h	Touch Screen 8	Track 2	144/220	Carbohydrates Content and Glycaemic Index of Three Traditional Cameroonians Meals
Monday, October 16	11.30 - 12.30 h	Touch Screen 8	Track 2	144/2120	Effect of maternal vitamin D supplementation on vitamin D metabolites and markers of immune function in umbilical cord serum
Monday, October 16	11.30 - 12.30 h	Touch Screen 8	Track 2	144/2178	Malnutrition and infant/young child feeding practices among Penan community in Sarawak, Malaysia
Monday, October 16	11.30 - 12.30 h	Touch Screen 8	Track 2	144/2121	Mothers' view on breastfeeding of newborns on a neonatal intensive care unit (NICU) at a hospital in Curitiba, Brazil
Monday, October 16	11.30 - 12.30 h	Touch Screen 8	Track 2	144/2192	Nutrition and Gastronomy in Children's Feed – Linking Knowledge for Health Promotion.
Monday, October 16	11.30 - 12.30 h	Touch Screen 8	Track 2	144/2173	Postinfancy growth and cognitive performance in early adolescence in four low and middle income countries: Young Lives
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2288	Abdominal obesity associated with insufficient physical activity in climacteric women of the city of São Paulo, SP, Brazil.
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2249	Assessing the Contribution of Processed Foods to Iodine Intake
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2243	Consumption of non-alcoholic sweetened beverages in young adults in Uruguay
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2233	Correlation Between Chronotype And The Quality Of Diet In Pregnant Women
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2270	Improving complementary feeding in rural Bangladesh with local food-based recommendations
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2274	Metabolic syndrome and dietary patterns of older adults from the Health, Well-being and Aging Survey (SABE)- Brazil
Monday, October 16	11.30 - 12.30 h	Touch Screen 9	Track 2	144/2317	The influence that a local government-led model walking program gives for the change of physical strength and the figure
Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/2591	Breastfeeding and cognitive development during the first year of life.
Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/256	Guatemalan women consume about half of the Adequate Intake level for dietary choline, without significant class or regional variance.

Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/2585	Levels of vitamin B12 at early pregnancy and the risk of excess weight at birth
Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/2574	Maternal BMI and Contextual Factors for Stunting Among under- 5 year Children in Bangladesh
Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/2578	Nutrition through Life Course - Nutrition during pregnancy (Time of conception to delivery) - A case study in Teshie, a suburb of Accra
Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/568	Pregnant Women's food intake during pregnancy – A case study in Teshie, a suburb of Accra
Monday, October 16	12.30 - 13.30 h	Touch Screen 1	Track 2	144/2601	Role of the breastmilk microbiome in colonisation of the infant gut: a systematic review
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/526	Daily consumption of energy, macronutrients and dietary fiber in Colombian schoolchildren and adolescents
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/517	Nutritional status and feeding practices of children aged 2 to 5 years in Vhembe District, Limpopo Province, South Africa
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/524	Overweight, Obesity, Undernutrition, altered nutritional height and abdominal obesity in Colombian Schoolchildren and Adolescents
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/523	Prevalence of iron, folic acid and vitamin A deficiency in Colombian schoolchildren and adolescents and possible risk factors
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/488	Relationships between consumption of ultra-processed foods, gestational weight gain and neonatal outcomes in a sample of US pregnant women
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/485	Sleep duration, dietary intake and sedentary behaviour in Brazilian teens: the loncaafs study
Monday, October 16	12.30 - 13.30 h	Touch Screen 10	Track 2	144/532	The Effect of Infant Feeding Practices on the Anthropometric Status of Infants 0-6months of Age in Igbere Bende Local Government Area of Abia State Nigeria.
Monday, October 16	12.30 - 13.30 h	Touch Screen 11	Track 2	144/930	Anthropometry, insulin resistance index, lipid profile and physical activity in a group of cheerleaders of Cali, Colombia
Monday, October 16	12.30 - 13.30 h	Touch Screen 11	Track 2	144/623	Daily consumption of cholesterol, saturated, mono-unsaturated and polyunsaturated fatty acids in Colombian schoolchildren and adolescents
Monday, October 16	12.30 - 13.30 h	Touch Screen 11	Track 2	144/538	Dietary diversity was not associated with serum concentrations of vitamin B12, iron and folate in a cohort of pregnant Ghanaian adolescent girls.
Monday, October 16	12.30 - 13.30 h	Touch Screen 11	Track 2	144/574	Dietary study in Cuban elderly with Alzheimer's disease (AD) or mild Cognitive impairment (MCI).
Monday, October 16	12.30 - 13.30 h	Touch Screen 11	Track 2	144/632	Stunting of under five children among urban poor in Nepal: A cross sectional study
Monday, October 16	12.30 - 13.30 h	Touch Screen 11	Track 2	144/636	The Influence of Breastfeeding Hospital Initiative on Nutrition Knowledge of Mothers and Feeding Practices of Children in Limpopo Province, South Africa
Monday, October 16	12.30 - 13.30 h	Touch Screen 12	Track 2	144/718	Comparative study on food preference of school going children aged 3-5 years with and without autism in Dhaka city
Monday, October 16	12.30 - 13.30 h	Touch Screen 12	Track 2	144/732	Diet and semen quality among healthy Polish men
Monday, October 16	12.30 - 13.30 h	Touch Screen 12	Track 2	144/733	Dietary patterns and pre-sarcopenia among Polish women
Monday, October 16	12.30 - 13.30 h	Touch Screen 12	Track 2	144/693	Effect of Periconceptional Multi Micronutrient Supplementation on The Level of Total Antioxidant Status
Monday, October 16	12.30 - 13.30 h	Touch Screen 12	Track 2	144/715	Nutritional status of autistic and non-autistic school going children aged 3-5 years in Dhaka city
Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/738	Characterization of Mediterranean diet pattern and their adherence in a prepuberal population of metabolically healthy obese.
Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/386	Dietary diversity and adequacy of nutrients consumed by school children in Nairobi City County, Kenya
Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/774	Infant Feeding Practices Of Mothers/Caregivers And Anthropometric Indices Of Infants (0-12 Months) In Etche Local Government Area, Rivers State, Nigeria

Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/792	Maternal dissatisfaction with children's body size in private schools in the Federal District, Brazil
Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/886	Maternal perception of children's nutritional status in the Federal District, Brazil
Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/766	Modification of docosahexaenoic acid composition of milk from women who received DHA from a milk formula during the pregnancy and breastfeeding period.
Monday, October 16	12.30 - 13.30 h	Touch Screen 13	Track 2	144/794	Prevalence of malnutrition and associated factors in elderly in Gualaceo town, Ecuador.
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/854	Adherence to dietary recommendations modifies gut microbiota richness and composition during pregnancy
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/852	Concentrations of carotenoids and tocopherols in breast milk from urban Chinese mothers and their associations with maternal characteristics
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/802	Correlation of parental economic status with lunch intake and lifestyle behaviors in preschool children in Japan
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/795	Dietary patterns and blood lipids in adolescents at 18 years: cross-sectional analysis nested in the 1993 Pelotas (Brazil) Birth Cohort
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/808	The baby-friendly hospital initiative and breastfeeding at birth in Brazil: a cross sectional study
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/844	The influence of prenatal exposure to trans-fatty acids for development of childhood leukemia
Monday, October 16	12.30 - 13.30 h	Touch Screen 14	Track 2	144/857	The relative importance of wasting as a predictor of later stunting or death
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/863	Determinants of anemia amongst geriatric subjects living in high altitude regions of India
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/871	Diet quality, Mediterranean diet and bone health in adolescents: the HELENA study
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/888	Eating and Feeding Behaviours in Healthy and Malnourished Children aged 6-24 Months in Urban Slums in Nairobi.
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/859	Factors associated with early initiation of breastfeeding and complementary feeding practices in infants and young children in rural area of Senegal
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/881	Prevalence, and co-occurrence of cardio-metabolic disease in the context of the nutrition transition in the Philippines: The Cebu Longitudinal Health and Nutrition Survey
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/891	Prospective associations of maternal choline status with offspring growth and body composition in the first five years of life in two large birth cohorts: the SWS and the GUSTO cohorts
Monday, October 16	12.30 - 13.30 h	Touch Screen 15	Track 2	144/895	Sleep quality and duration on diet and behaviours during pregnancy: The GUSTO study
Monday, October 16	12.30 - 13.30 h	Touch Screen 2	Track 2	144/263	Association of relative body weight (body mass index) and fatness (percent body-weight as fat) in a convenience sample of adult women in the Sololá Province of Guatemala
Monday, October 16	12.30 - 13.30 h	Touch Screen 2	Track 2	144/2615	Binge eating disorder in adult women
Monday, October 16	12.30 - 13.30 h	Touch Screen 2	Track 2	144/2616	Feeding skills development in children with feeding difficulties – cross sectional study in a Brazilian reference centre.
Monday, October 16	12.30 - 13.30 h	Touch Screen 2	Track 2	144/2689	Prevalence of exclusive breastfeeding in the first month of life in Cruzeiro do Sul, Acre.
Monday, October 16	12.30 - 13.30 h	Touch Screen 2	Track 2	144/2631	Provision of a nutrient-rich, food supplement prior to and/or during pregnancy did not alter birth outcomes in rural Vietnamese women
Monday, October 16	12.30 - 13.30 h	Touch Screen 2	Track 2	144/2690	Sustainable undernutrition reduction in Ethiopia (SURE) programme evaluation (2016-2019): cross-sectional baseline survey
Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2720	Agreement of exclusive breastfeeding during the first 6 mo by mother's recall versus the dose-to-mother isotope dilution method
Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2712	Characterization of elderly according to basic tastes sensitivity on an age group and nutritional status basis.
Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2721	Economical efficiency of Nutrition Plus, the Korean WIC program.

Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2697	Food consumption source evaluation of calcium, iron and Omega 3 during pregnancy in mothers in labor insertion in Sanatorio de la Trinidad.
Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2711	High risk pregnancy: evidence for the Nutritional Approach
Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2701	Modifiable risk factors present from conception to age 2 years and their association with obesity at 5 years old
Monday, October 16	12.30 - 13.30 h	Touch Screen 3	Track 2	144/2771	Risk assessment and nutritional vulnerability and serviceability of musculo-skeletal tissue, in elderly hospitalized in Sanatorio La Trinidad during February – March, 2017.
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/2739	Assessment of perceived social support, food insecurity and nutritional status of the elderly in the Sagnarigu district of the northern region, Ghana
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/2751	Challenges and opportunities in designing weekly iron and folic acid supplementation programs for adolescent girls in and out of school in 3 African countries
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/2727	Estimation of the dietary requirement for vitamin D in pregnancy: a dose-response, double-blind, randomized placebo-controlled trial.
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/274	Head circumference is among the least affected anthropometric measures in infancy and at follow-up in a cohort of rural, Mam-Mayan children in the 3rd and 4th years of life.
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/2735	Maternal protein restriction induces salt sensitivity and alters renal DNA methylation of the ptger1 gene in SHRSP offspring
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/2773	Omega6:omega3 fatty acids in the diet: results from a population-based study
Monday, October 16	12.30 - 13.30 h	Touch Screen 4	Track 2	144/2756	Prenatal nutrition, stimulation, and exposure to punishment are associated with early child motor, cognitive, and socioemotional development in Dar es Salaam, Tanzania
Monday, October 16	12.30 - 13.30 h	Touch Screen 5	Track 2	144/2818	Anthropometry and bioimpedance analysis: comparison in predicting intra-abdominal fat.
Monday, October 16	12.30 - 13.30 h	Touch Screen 5	Track 2	144/2805	Body self-image of adolescents under the influence of the media
Monday, October 16	12.30 - 13.30 h	Touch Screen 5	Track 2	144/2777	Determinants of stunting in a food insecure rural area in Southern Benin
Monday, October 16	12.30 - 13.30 h	Touch Screen 5	Track 2	144/2799	Impact of antibiotics on microbiome development & later health
Monday, October 16	12.30 - 13.30 h	Touch Screen 5	Track 2	144/2800	Maternal nutritional adequacy and gestational weight gain in Vietnamese pregnant women
Monday, October 16	12.30 - 13.30 h	Touch Screen 5	Track 2	144/2776	Posters used in nutritional education are more efficient than videos to improve children food diversity in rural areas
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/2822	Adolescent mothers' height and BMI growth velocity in childhood predict next generation's anthropometrics in Ethiopia, India, Peru and Vietnam: A three-generational approach
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/330	Assessment of nutritional status in obese children during a 10 years follow-up and cardio-metabolic risk.
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/2834	Efficacy of a cognitive behavioral treatment versus a traditional intervention to reduce adiposity within a nutritional intervention program in obese school children.
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/328	Factors affecting nutritional status of elderly people of rural Nepal: a community based cross sectional study
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/316	Health and nutrition related challenges associated with people living with disabilities in Nakuru County, Kenya
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/2825	Opposing predictions of birthweight and pre-pubertal anthropometrics for age at menarche in India, Peru and Vietnam, results from the "Young Lives" study
Monday, October 16	12.30 - 13.30 h	Touch Screen 6	Track 2	144/311	Two-year follow-up of a weight loss intervention among postpartum women: results from a randomized controlled trial in Primary Health Care
Monday, October 16	12.30 - 13.30 h	Touch Screen 7	Track 2	144/375	Association between nutritional status and food habits in school children from Santiago
Monday, October 16	12.30 - 13.30 h	Touch Screen 7	Track 2	144/372	Association of Helicobacter Pylori Infection with Anthropometric Indices and Blood Pressure among Undergraduate Students in Southeast of Iran.

Monday, October 16	12.30 - 13.30 h	Touch Screen 7	Track 2	144/368	Breastfeeding Self-efficacy and Breastfeeding Practices among Lactating Mothers Attending a Maternity Teaching Hospital. Ibadan. Nigeria.
Monday, October 16	12.30 - 13.30 h	Touch Screen 7	Track 2	144/356	Consumption of sugar-sweetened beverages is negatively associated with academic outcomes in the transition from secondary to higher education in youths from an infancy Chilean cohort
Monday, October 16	12.30 - 13.30 h	Touch Screen 7	Track 2	144/343	Impact of child nutrition policy in Medellín, Colombia.
Monday, October 16	12.30 - 13.30 h	Touch Screen 7	Track 2	144/379	The correlation of obesity indices with blood glucose among a group of medical university employees in Zahedan, south-eastern of Iran.
Monday, October 16	12.30 - 13.30 h	Touch Screen 8	Track 2	144/385	Is Mid Upper Arm Circumference (MUAC) cut-offs by WHO alone a sufficient criterion for detecting acute malnourished Pakistani Children, aged 6-59 months?
Monday, October 16	12.30 - 13.30 h	Touch Screen 8	Track 2	144/742	Ketogenic Diet (KD) for the Treatment of Refractory Epilepsy and other Disease in Children and Adolescents
Monday, October 16	12.30 - 13.30 h	Touch Screen 8	Track 2	144/384	Low birth weight and feeding practices are associated with child wasting and the co-occurrence of wasting and stunting in South Asia
Monday, October 16	12.30 - 13.30 h	Touch Screen 8	Track 2	144/412	Mother's Knowledge, Attitude and Practice of Infant Nutrition and Health Care Strategies in Delta State, Nigeria
Monday, October 16	12.30 - 13.30 h	Touch Screen 8	Track 2	144/421	Nutritional status and treatment outcome of outpatients with eating disorders in an interdisciplinary therapeutic center in Buenos Aires
Monday, October 16	12.30 - 13.30 h	Touch Screen 8	Track 2	144/380	The concept of personalized folate supplementation to achieve desirable blood folate concentrations in young women
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/484	Assessment of anemia control and prevention service provision during antenatal care in Northern Ghana
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/445	Changes in body composition and cardiometabolic risk among black South African adults.
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/441	Dietary intakes on growth development in the first decade from a birth cohort in Taiwan
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/469	Effect on lean mass, linear growth and iron status of improved animal source foods and micronutrients fortified complementary foods among Kenyan young children: A randomized controlled trial
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/458	Maternal awareness on proper nutrition in the first 1000 days of children (6-24 months): a case study of Tororo general hospital, Tororo district, Uganda
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/431	Nutrition status and academic performance of primary school children in Uganda. A case of Mpigi district, central Uganda
Monday, October 16	12.30 - 13.30 h	Touch Screen 9	Track 2	144/452	Reduced child stunting and better cognition: A contribution by Community Health Workers in a rural setting, Kenya
Monday, October 16	15.30 - 16.30 h	Touch Screen 1	Track 2	144/916	Establishing the relationship between dietary practices, attitudes and nutrition knowledge of adolescents aged 15-19 years in Nansana Municipality, Central region, Uganda.
Monday, October 16	15.30 - 16.30 h	Touch Screen 1	Track 2	144/915	Frequency of primary sarcopenia in institutionalized adults of Asunción-Paraguay
Monday, October 16	15.30 - 16.30 h	Touch Screen 1	Track 2	144/908	Glucose metabolism in normal weight and overweight/obese children aged 1-5 years.
Monday, October 16	15.30 - 16.30 h	Touch Screen 1	Track 2	144/911	Improving awareness about exclusive breast feeding among mothers attending post-natal clinics in health centers of Kampala City, Uganda.
Monday, October 16	15.30 - 16.30 h	Touch Screen 1	Track 2	144/905	Potential strategies to decrease the high sugar intake in Argentinian young children to generate healthier eating habits
Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/921	Anthropometric nutritional risk factors and nutritional status of newborn
Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/949	Consumption of cow's milk, milk products and dairy substitutes: findings from the Feeding Infants and Toddlers study (FITS) 2016
Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/967	Determinants of anemia among children 6 to 12 months of age in eastern Burkina Faso
Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/966	Maternal characteristics associated with birth length in a sample of Argentinian women

Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/953	Mild sex disparities are suggestive in anthropometric indices and indicators among preschool children from the Western Highlands of Guatemala
Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/941	The media influence on body image and disordered eating attitudes of Brazilian female teenagers.
Monday, October 16	15.30 - 16.30 h	Touch Screen 2	Track 2	144/970	The socio-economic and geographic factors associated with ultra-processed food consumption in Colombia
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1304	Adherence to Mediterranean diet intake is inversely associated with overweight/obesity and metabolic syndrome in Chilean adult population
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1290	Design, validation and application of a Mediterranean dietary index in Chile
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1289	Development of a new methodology to define an optimal portion size of food taking into account consumer satisfaction, appetite sensations and energy intake
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1247	Exploring the relationship between environmental impact and nutrient content of sandwiches & beverages available in cafes in a UK university
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1293	Global evidence on nutrient profile models with applications in government-led nutrition policies aimed at health promotion and noncommunicable disease prevention: a systematic review
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1268	Health Stations Program in the City of Buenos Aires
Monday, October 16	15.30 - 16.30 h	Touch Screen 10	Track 3	144/1262	The Effect of Double Fortified Salt on Hemoglobin Concentrations: A Systematic Review and Meta-Analysis
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1320	Association between inflammatory diet score, obesity and breast cancer in Córdoba, Argentina
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1319	Characterization of the consumption of beverages in the clientele in commercial restaurant of the type "self-service", Rio de Janeiro-RJ Brazil.
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1303	Cost and Cost-effectiveness of Food-Assisted Maternal and Child Health and Nutrition Programs in Burundi and Guatemala
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1312	Edorexy and corporal composition of soccer players
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1328	Evaluation of hydration status of a Brazilian Flag Football team
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1301	Gender is associated to minimum acceptable diet among infant and young children aged 6-23 months in southern of Benin
Monday, October 16	15.30 - 16.30 h	Touch Screen 11	Track 3	144/1310	Is psychological wellbeing associated with a healthy lifestyle? Cross-sectional survey of Mediterranean diet intake, physical activity, smoking and wellbeing in Chilean adults
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1352	Eating out and the consumption of ultra-processed food among Brazilian adolescents and adults.
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1357	Formulation and nutritional evaluation of complementary foods prepared from maize, sorghum, groundnut, crayfish, and beans
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1346	Infant and young child feeding practices and nutritional status of 6-24 months-old in Greater Accra Region, Ghana.
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1347	Knowledge, interpretation and use of Front of Pack Labelling of Foods and Beverages in college students from Mexico City.
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1329	Nutritional profile of pre-school children, schoolchildren and teenagers from public schools in the Guarulhos City, Brazil.
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1331	School-Food Environment Review and Support Tool (School-FERST): A National Survey of Policy and Practice in New Zealand Schools
Monday, October 16	15.30 - 16.30 h	Touch Screen 12	Track 3	144/1338	Systems Mapping of Unhealthy Food Environments in Auckland Schools: A Case Study
Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/1359	Determinants of undernutrition among young children in Sotnikum Operation District, Siem Reap, Cambodia

Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/1377	Determination of body mass index, physical activity levels, physical activity's behavior and auto-efficacy and their relationship in Ecuadorian workers during 2006
Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/1378	Effects of MASIMA: a nationwide strategy to reduce salt intake in Samoa
Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/1365	Livestock ownership is associated with increased odds of anemia among preschool-aged children, but not women of reproductive age in Ghana
Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/1380	Mean dietary salt intake and the association with knowledge, attitudes and behaviours in a population from North and South India
Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/2000	Prevalence of Cardiovascular Risk Factors among Ecuadorian workers at a private enterprise
Monday, October 16	15.30 - 16.30 h	Touch Screen 13	Track 3	144/1374	Unfavorable conditions for physical activity in Mexican urban schoolchildren, a challenge to overcome in public policies
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1389	"Healthfulness" of Canadian packaged food products with and without health-related claims: An INFORMAS-based approach
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/2130	Characterization of sodium knowledge and its use in food in habitants of Medellin Colombia city
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1181	Coverage of food intake assessment in the Brazilian Food and Nutrition surveillance System: 2018 and 2013
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1386	Evaluation of the number of deaths from malnutrition in South America in the period 1997 to 2012
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1396	Immigration and Cultural Identity: how to consider these dimensions in the National School Feeding Program
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1387	In-store food advertising in Brazil: differences by store type and neighborhood characteristics
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1385	The co-occurrence of anemia and stunting in young children
Monday, October 16	15.30 - 16.30 h	Touch Screen 14	Track 3	144/1381	Traditional dietary patterns increase the risk of breast and prostate cancer in smokers with overweight in Argentina
Monday, October 16	15.30 - 16.30 h	Touch Screen 15	Track 3	144/1419	An Evaluation of the Healthiness of Packaged and Processed Foods Sold by Major Manufacturers in India
Monday, October 16	15.30 - 16.30 h	Touch Screen 15	Track 3	144/1408	Critical nutrient content surveillance in packaged foods in Chile from 2013 to 2016
Monday, October 16	15.30 - 16.30 h	Touch Screen 15	Track 3	144/1434	Intake and dietary sources of calcium among Australian adolescents and young adults
Monday, October 16	15.30 - 16.30 h	Touch Screen 15	Track 3	144/1421	Iodine status of women in 2 counties of Kazakhstan
Monday, October 16	15.30 - 16.30 h	Touch Screen 15	Track 3	144/1451	Primary prevention of excessive fat gain among 2-6 year olds. Results from the "Healthy Start" randomized intervention.
Monday, October 16	15.30 - 16.30 h	Touch Screen 15	Track 3	144/1412	Relationship between vitamin K intake and body composition indicators
Monday, October 16	15.30 - 16.30 h	Touch Screen 3	Track 3	144/1232	Comparison of two Mediterranean dietary indexes as indicators of food intake quality in a representative sample of urban Chilean population: Findings from ELANS-Chile Subsample
Monday, October 16	15.30 - 16.30 h	Touch Screen 3	Track 3	144/1005	Does love make mothers blind? A transcontinental large pan study on mothers' underestimation of their overweight/obese children's weight.
Monday, October 16	15.30 - 16.30 h	Touch Screen 3	Track 3	144/1146	Household-based Nutrition surveillance system is an essential instrument for monitoring effort to accelerating scaling-up Nutrition in Indonesia
Monday, October 16	15.30 - 16.30 h	Touch Screen 3	Track 3	144/1007	Impact of Chilean Law on food labelling and advertising on Chilean population's knowledge about and attitudes towards food labelling: a before-after study.
Monday, October 16	15.30 - 16.30 h	Touch Screen 3	Track 3	144/1011	Presence of a risk polymorphism for obesity in Northwest Mexico
Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/1023	Anaemia and iron deficiency in pregnant women living in areas of low and high iron in groundwater in Bangladesh: implications for iron-folic acid supplementation programme
Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/1018	Changes in diet quality indexes and subsequent risk of mortality in the Multiethnic Cohort

Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/1015	Development of competency scale for healthcare staff working on non-communicable disease prevention and control in Fiji
Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/1029	Dietary vitamin D intakes among a selected population of pregnant mothers in Sri Lanka- A preliminary study
Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/1045	Dietary-lifestyle patterns in young men: a cross-sectional study (MeDiSH project).
Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/294	Semantics of the Sustainable Development Goals 2015-2030 for Nutrition: The connotation gained (or lost) in translation from English to Spanish
Monday, October 16	15.30 - 16.30 h	Touch Screen 4	Track 3	144/1030	The vitamin D status and its relationship with sleep pattern among adults in South China
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1049	Dietary carbohydrates: A review of international recommendations and the methods used to derive them
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1070	Integrating nutrition services into the Maternal, Newborn, Child health and Family Planning services in rural Bangladesh: Successes and challenges
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1066	Multisectoral Action to Improve Nutrition in Banggai District, Indonesia
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1060	Nutrient patterns with hypertension and their associations to socio economic variables and obesity in Tribal population of adults in India
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1061	Prevalence of Low Birth Weight in Dhaka City and Its Association with Mother's Age
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1075	The characteristic of diets and supplementations of players affiliated in Cracow's Academic Sports Associations
Monday, October 16	15.30 - 16.30 h	Touch Screen 5	Track 3	144/1063	Typology of Food Consumption and its Association with Calcium and Phosphorus Metabolism among Moroccan Women
Monday, October 16	15.30 - 16.30 h	Touch Screen 6	Track 3	144/1084	A study on nutritional Status of under five year children in flood affected area- Matlab upazila, Bangladesh
Monday, October 16	15.30 - 16.30 h	Touch Screen 6	Track 3	144/1111	Early introduction of food and fluids for healthy infants in 6 months of follow-up.
Monday, October 16	15.30 - 16.30 h	Touch Screen 6	Track 3	144/1085	Knowledge, attitude and practices (kap) of general practitioners and homeopaths regarding food allergy and anaphylaxis- a comparative study
Monday, October 16	15.30 - 16.30 h	Touch Screen 6	Track 3	144/1083	Nutrition intervention making a difference: Assessment of the impact of a feeding programme on the nutritional status of pre-school children in Gauteng Province, South Africa
Monday, October 16	15.30 - 16.30 h	Touch Screen 6	Track 3	144/1121	Nutritional status in children from 1 to 19 years old in Bulgaria and relation of some risk factors
Monday, October 16	15.30 - 16.30 h	Touch Screen 6	Track 3	144/1126	The impact of community volunteer actions on child nutrition
Monday, October 16	15.30 - 16.30 h	Touch Screen 7	Track 3	144/2581	Changes in complementary feeding practices resulting from a community-based behavior change communication program in Vietnam: a repeated cross-sectional study
Monday, October 16	15.30 - 16.30 h	Touch Screen 7	Track 3	144/1155	Factors associated with anorexia in schooled adolescents in Morocco: Fez City Region
Monday, October 16	15.30 - 16.30 h	Touch Screen 7	Track 3	144/1158	Nutrition policy: a new public action model
Monday, October 16	15.30 - 16.30 h	Touch Screen 7	Track 3	144/1164	Risk factor Influencing Food Security of the Children during Flood Disaster
Monday, October 16	15.30 - 16.30 h	Touch Screen 7	Track 3	144/1157	Risk factors for health of children aged 1-6 years
Monday, October 16	15.30 - 16.30 h	Touch Screen 7	Track 3	144/1182	The consumption of ultra-processed foods and the overall nutritional quality of diets in the UK
Monday, October 16	15.30 - 16.30 h	Touch Screen 8	Track 3	144/1233	Anthropometric body phenotypes relate to mortality in US adults
Monday, October 16	15.30 - 16.30 h	Touch Screen 8	Track 3	144/1206	Assessing the Retail Food Environment in Canada: process, progress, and practical implications
Monday, October 16	15.30 - 16.30 h	Touch Screen 8	Track 3	144/1189	Comparison of consumers' opinions for Genetically Modified Organism (GMO)
Monday, October 16	15.30 - 16.30 h	Touch Screen 8	Track 3	144/1207	Eating out: frequency of eating foods prepared away from home and associations with dietary and weight outcomes in a population-based sample from Ontario, Canada

Monday, October 16	15.30 - 16.30 h	Touch Screen 8	Track 3	144/1212	Establishing a platform for business engagement on nutrition. The SUN Business Network in Nigeria.
Monday, October 16	15.30 - 16.30 h	Touch Screen 8	Track 3	144/1229	How many anthropometric body phenotypes a under body mass index measure? An alternative to describe risk for non-communicable disease from body measures
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1288	Association between markers of inflammation with cardio-metabolic risk factors, diet and physical activity among apparently healthy Indian adolescents
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1261	Effect of birth weight on the infant's nutritional status (5-6 year) in Kenitra city, North West Morocco
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1244	Factorial trial of lipid-based nutrient supplements with infant and young child feeding counseling with or without improved WASH in Kenya: effects on anemia, iron, vitamin A, vitamin B12 and folate
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1254	Interventional promotion for consumption of fruits and vegetables in a primary healthcare service - A randomized controlled trial
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1240	Nutritional Status in Rural School Children in Morocco
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1263	Prevalence of overweight and obesity among children in private primary schools in Kenitra, Morocco
Monday, October 16	15.30 - 16.30 h	Touch Screen 9	Track 3	144/1256	Relationship of socio-demography, parental anthropometry and birth history with weight status among urban and rural adolescents (13-18 years)
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1453	"Discretionary foods" versus "ultra-processed foods" – Comparison of the Australian Dietary Guidelines food categorization and the NOVA processed food classification system
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1456	Addressing the Role of Proximal Determinants of Undernutrition: Community Based Participatory Research (CBPR) in Bukoba Rural, Republic of Tanzania
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1452	Associations between Body Mass Index and Eating Disorder Symptoms among Adolescents in Poland
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1342	Availability of adequately iodized salt in paraguayan households during 2011-2015
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1480	Gluttony and guilt: comparing monthly trends in internet search query data with data from the Australian National Nutrition and Physical Activity Survey
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1485	People's choice – food and macronutrient selection in an obesogenic environment
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 1	Track 3	144/1447	Processed meat consumption was associated with higher body mass index and poorer diet quality, compared to red meat and poultry.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 10	Track 3	144/1722	A Carbon Tax on Food Must be Ethically Nuanced
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 10	Track 3	144/1712	Developing the next generation of packaged foods: a framework to address multi-stakeholder requirements
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 10	Track 3	144/1724	Gender Differentials in Adult Excess Weight in the Arab World: A Review
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 10	Track 3	144/1717	Plasma magnesium and risk of diabetes. The prevention of renal and vascular end-stage disease study
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 10	Track 3	144/1698	Prevalence of Metabolic syndrome in a Ghanaian population
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 10	Track 3	144/996	Systematic assessment of policy space in New Zealand for priority food environment policies for obesity/NCD prevention in relation to international trade and investment agreements
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/1732	Association between time perspective and organic food consumption in a large sample of adults.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/1730	Environmental sustainability in Food and Nutrition Units - role of Nutritionist?
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/2783	Evaluation of the Quality of life of Hypertenses in Ambulatorial Treatment.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/2780	Food environment characterization of a Public University in Rio de Janeiro
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/2241	Food environment characterization of a Public University in Rio de Janeiro

Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/1752	Influence of food consumption in glycemic control and the cardiometabolic risk of children and adolescents with diabetes mellitus type 1.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 11	Track 3	144/1727	Temporal trends in food group availability and cancer incidence in Africa: An ecological analysis
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 12	Track 3	144/1737	Are nutrients intake associated with COPD? : A cross sectional survey in Morocco.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 12	Track 3	144/1745	Body Mass Index Trajectories Of Indigenous Indian Adult Population And In Relation To Diet, Physical Activity And Socioeconomic Factors
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 12	Track 3	144/1770	Complementary Feeding interventions and its effect on Morbidity of children under 5 years
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 12	Track 3	144/1753	Estimating Gestational Age using Last Menstrual Period (LMP) and Symphysis Fundal Height (SFH) measures rather than ultrasound examination: A test of methods for use in low income settings.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 12	Track 3	144/1766	Factors associated with low birth weight in rural Mali using birth weight recalled from mother's memory or birth weight reported from a health card. (2013).
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 12	Track 3	144/1736	Physical activity in the classroom to prevent childhood obesity: a pilot study in Santiago, Chile.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 13	Track 3	144/1792	Actualization of the content of added food sugars in the Spanish Food Composition DataBase (BEDCA).
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 13	Track 3	144/1798	Assessing the relationship between household water quality and environmental enteric dysfunction (EED) in young children living in southwestern Uganda
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 13	Track 3	144/1784	Association of Monounsaturated Fatty Acids Intake with Mortality in China and United States
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 13	Track 3	144/1803	Nutritional behavioral, eating disorders risk and social behavior in adolescents in Northern Mexico
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 13	Track 3	144/1796	Setting of cut-off score for assessing the counseling competency of Filipino village nutrition workers on infant and young child feeding (IYCF) based on sensitivity and specificity
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 13	Track 3	144/1775	The adolescents in the Sourthern Cone with less consumption of fruits and vegetables are less active?
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1828	A global food fortification data repository: Ensuring the availability of data for program monitoring, accountability, advocacy, and strategic decision making
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1824	Diet quality index and family meals in overweight and obese adolescents during 6 months of multidisciplinary obesity treatment: EVASYON Study.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1821	Dietary patterns identified by Latent Profile Analysis (LPA) among Brazilian schoolchildren: using data from the Web-CAAFE surveys
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1818	Epidemiology of Type II Diabetes Mellitus in urban population.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1813	Factors Influencing the Survival of Under-five Children in Selected Urban and Rural Settlements in Nigeria
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1827	Incentive value of cash in a conditional cash transfer program for maternal and child health and nutrition in Mali
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 14	Track 3	144/1845	Supermarket shopping and nutritional outcomes: a panel data analysis for urban Kenya
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 15	Track 3	144/1883	Association between household cultivation of nutrient-dense crops and maternal and child dietary diversity in selected rural communities in the Upper Manya Krobo District of Ghana
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 15	Track 3	144/1869	Drivers and barriers of school feeding programs in the Philippines
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 15	Track 3	144/1881	New multisectoral tools to address anemia at the national and district levels
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 15	Track 3	144/1874	Objectively measured levels of physical activity in first grade children of Buenos Aires. Data from MiniSALTEN Study.

Tuesday, October 17	08.00 - 09.00 h	Touch Screen 15	Track 3	144/2436	Playground size and levels of physical activity in first grade children of Buenos Aires. Data from MiniSALTEN Study.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 15	Track 3	144/1851	The role of the Nutritionist in the Public Health System of Spain
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1515	Are Mothers' food safety KAPs a determinant of children's food shopping behaviors from school canteens?
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1490	Exploring the effect of dietary intake to weight status of preadolescents in urban setting using a new proposed food group classification – Evidence from Thailand
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1477	Iron intake associated with social factors among women of reproductive age in Japan: Findings from the NIPPON DATA2010
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1482	Making collaboration the default to deliver multisector nutrition programming - a new approach in Timor-Leste
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1474	Nutrition transition across four populations in Papua New Guinea: differences in diets, food preparation and eating behaviours.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1486	Overweight and obesity in health professionals
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 2	Track 3	144/1498	Relationship among hydration status and physical activity in adolescents. Hydration Up & Down Substudy.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/1523	Development of a roadmap for mainstreaming contextual nutrition-sensitive interventions at Kebbi and Anambra states, Nigeria
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/1812	Environmental impacts of national diets: comparison of land use and water deprivation impacts in France and Tunisia
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/1528	Salt reduction in bread among Moroccan population
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/1533	School Feeding and Nutrition Education linkages in School Curricula in Eastern Africa: Gaps and Opportunities
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/1519	Trend of maternal and child health and nutrition indicators in Kenya: implication for policy development
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2617	Which dietary changes to move towards nutritionally adequate diets without increasing their impact on biodiversity, water and land-use? The case of Tunisia
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 3	Track 3	144/1506	Which dietary changes to move towards nutritionally adequate diets without increasing their impact on biodiversity, water and land-use? The case of Tunisia
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 4	Track 3	144/1560	Deflection of the food security and nutrition seasonal pattern in rural South Sudan, A Case of the Greater Bahr el Ghazal Region
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 4	Track 3	144/1539	Determination of the salty taste threshold in the Moroccan population
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2607	Dietary changes needed to improve diet sustainability: are they similar across Europe?
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 4	Track 3	144/1550	Food Security Analyst
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 4	Track 3	144/1545	Identification and characterization of more sustainable dietary patterns in 5 European countries
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 4	Track 3	144/1555	Linkages between nutrition and food security in rural South Sudan; A Case of the Greater Bahr el Ghazal Region
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/1569	Burden of Iron-Deficiency Anaemia (IDA) among Indian women, 2005-16
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/1565	Double burden of poor nutrition among urban Nigerian women, 2008-2013
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/1557	Identification of Geographical Clusters of Nutrition Transition in Argentina and its Sociodemographic Characterization
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/1556	Impact of nutrition education on nutritional adequacy and haemoglobin status of adolescent girls
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/892	Social differentials and nutritional status of children population in the northwest and pampeana regions in Argentina

Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/1561	Urinary Sodium Excretion and Risk of Ischemic Stroke
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 5	Track 3	144/1538	Validity of Waist to Height Ratio in predicting dyslipidaemia among Sri Lankan children aged 8-9 years
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1567	Comparison of two pregnancy nutritional evaluation standards using national data from Uruguay
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1571	Innovative Home Grown School Feeding linked to Family Farming: FAO School Food and Nutrition approach in Sub-Saharan Africa
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1608	Pellagra-A forgotten entity
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1599	Plasma vitamin C and the risk of gastric cancer risk in the EURGAST study
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1216	Pregnancy outcomes and the diagnostic ability of two standards to assess adequacy of maternal body mass index in Uruguay.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1580	The role of the nutritionist in an interdisciplinary approach of cognitive stimulation in people over the age of 60
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 6	Track 3	144/1583	Weight Concerns Scale (WCS): validation of the online version applied to Nutrition students
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 7	Track 3	144/1639	Addressing Malnutrition in the First 1000 Days: Promoting Exclusive Breastfeeding through an Enabling Policy Framework
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 7	Track 3	144/1657	Empowerment and food security of women agricultural workers. The Sidi Bouzid case study (Tunisia).
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 7	Track 3	144/1641	Plasma metabolome associated with obesity in community dwellers: Tsuruoka metabolomic cohort study
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 7	Track 3	144/1619	Prevalence and factors associated with stunting in primary school children and adolescents in the Burkinabe Sahel.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 7	Track 3	144/1611	The impact of replacing cow's milk with growing up milk on vitamin D and iron intakes and adequacy in Irish children aged 12 – 36 months.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 7	Track 3	144/1631	Working in nutrition: human resource constraints that affect achievement of national nutrition plan goals
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 8	Track 3	144/1663	Analysis of the presence of food additives in labels of industrialized food products with homemade term commercialized in Brazil
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 8	Track 3	144/1658	Evaluation of the national community-based food distribution program for children on anthropometric indices of malnourished or growth retarded children in Iran: a mixed method approach
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 8	Track 3	144/1679	Monitoring of television advertisements for breastmilk substitutes and commercially produced complementary foods in Phnom Penh, Cambodia and Dakar, Senegal
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 8	Track 3	144/1667	Prevalence of the Double Burden of Malnutrition in Households in the city of Lambaré, Paraguay, during the period of April to June 2016
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 8	Track 3	144/1676	Socioeconomic characteristics influence adherence to dietary patterns during pregnancy
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 8	Track 3	144/1682	The importance of ultra-processed food in fresh-food establishments: association between consumer food environment and overweight
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/2503	Coexistence of Overweight, Obesity and Underweight Among People living with HIV: A finding from Rwanda 2015 National Nutrition and Food Security Vulnerability Assessment.
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/2483	Effect on One UN programme on Nutrition Security in Rutsiro and Nyamagabe Districts
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/2425	Improving the Minimum Acceptable Diet among Infants
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/1691	Is fish consumption related to lower risk of mortality in China and US? A joint CHNS-NHANES study
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/1708	Nutrition Inequalities in East Africa

Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/1683	Nutritional status of children in a remote village of desert region Tharparkar Sindh Pakistan
Tuesday, October 17	08.00 - 09.00 h	Touch Screen 9	Track 3	144/1706	Panorama of Nutrition landscape in East African Community
Tuesday, October 17	09.00 - 10.00 h	Touch Screen 1	Track 3	144/2804	A novel processed food classification system applied to disaggregated food codes in the Australian Food Nutrient Database 2011-13

Tuesday, October 17	11.30 - 12.30 h	Touch Screen 9	Track 3	144/2441	Effectiveness of a program intervention with reduced-iron MNPs on morbidity, iron status and child growth in young children in Ethiopia.
Tuesday, October 17	11.30 - 12.30 h	Touch Screen 9	Track 3	144/2443	Evaluation of the primary obesogenic microenvironment in children of the City de Corrientes.
Tuesday, October 17	11.30 - 12.30 h	Touch Screen 9	Track 3	144/2445	Needs of nutritional labeling in processed foods of Costa Rica

Tuesday, October 17	11.30 - 12.30 h	Touch Screen 9	Track 3	144/2424	Scaling up a community-based grainbank intervention for improved infant and young child feeding (IYCF) in Ethiopia.
Tuesday, October 17	11.30 - 12.30 h	Touch Screen 9	Track 3	144/245	The investigation and Association between allergic disease and sleep disorders in children
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/2650	Accelerated shelf life studies: testing micronutrient stability of new and upgraded food aid products.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/2637	Combined Healthy Lifestyles and Risk of Depressive Symptoms in the NutriNet-Santé Cohort
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/1600	Comparison of disordered eating scales on a healthy population
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/2643	Comparison of two pregnancy nutritional evaluation standards in adolescent Chilean pregnant women.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/2641	Impacts of using an integrated homestead food production and nutrition program platform to promote utilization of multiple micronutrient powders: a cluster-randomized controlled trial
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/2645	Is there any relationship between body mass index and nutrition facts label usage in certain situations?
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 1	Track 3	144/2644	The effect of gender on nutrition facts label usage of certain food products
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 10	Track 3	144/446	Color-coded front of pack nutrition labels – a meaningful option for US packaged foods?
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 10	Track 3	144/383	Correlates and trends of overweight among children, adolescent girls and women in South Asia: An in-depth analysis of data from eleven national surveys in six countries over eighteen years
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 10	Track 3	144/434	Dietary Beliefs And Eating Patterns In Type 2 Diabetes: Evidence From South India
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 10	Track 3	144/406	Effect of Food Insecurity on Child's Behavior Residing in Slums of Karachi, Pakistan
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 10	Track 3	144/410	Nutrient intake in French adults: evolution during the last 10 years between the two French nutrition and health surveys (ENNS 2006, ESTEBAN 2016)
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 10	Track 3	144/411	Prevalence of overweight and obesity in French population: evolution during the last 10 years between the two French nutrition and health surveys (ENNS-2006 and Esteban-2016)
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/473	A mixed methods study providing insights on why targets on child welfare clinic attendance and growth patterns of participating children are unmet in Ghana
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/475	Eating habits and taste survey of Nikkei residents living in Paraguay
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/501	FAO/WHO GIFT – Global Individual Food consumption data Tool: a web-dissemination platform to answer the question “What do people eat?”
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/465	Health related quality of life in type-2 diabetic patients - evidence from South India
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/534	Lifestyle Habits of Healthcare Professionals in urban cities in Abia State, Nigeria
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/536	Nutrition Knowledge and Breakfast habits of a group of Adolescents in public secondary schools in Anambra State, Nigeria
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 11	Track 3	144/512	The challenges and decision of caregiver in feeding their infant and young children during diarrhea in urban slum area, North Jakarta, Indonesia: A Qualitative Study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/559	Association of dietary flavonoid intake with risk of cancer in the Cancer Screening Examination Cohort in Korea
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/542	Bambara Groundnut (Vigna subterranea (L.) Verdc.) Formulated diet promotes Growth in weaning male wistar rats
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/563	Factors associated with the consumption of sugar-rich foods among Brazilian adolescents: National School Health Survey (PeNSE 2015)
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/564	Feeding practices and malnutrition among under five children in communities of Kuje Area Council, FCT Abuja, Nigeria

Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/556	Prevalence of pediatric metabolic syndrome amongst children in the age group of 10-16 years belonging to high income group (HIG) in district shimla, himachal pradesh, india
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/561	The impact of four school feeding food products on the nutritional status of children in Southern Gauteng, South Africa.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 12	Track 3	144/537	The Relation of Sedentary Behavior and Body Composition among Chinese Adults With Different Genetic Predisposition to Obesity
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/602	Capacity building of teachers and school girls through training and education balanced nutrition in senior high school in maros district south sulawesi indonesia
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/604	Measuring blood retinol concentrations of infants fed with complementary foods fortified with Moringa Oleifera leaf powder – A Pilot Study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/567	Nutritional quality, nutrient claims and ‘1 of your 5 a day’ logos in pre-packaged foods marketed to young children in the UK
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/577	Oral fat taste sensitivity and the development of obesity in Moroccan adult subjects
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/580	Overweight, Obesity and Metabolic Syndrome in Morocco: Results from an integrated intervention study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/582	Structural relationships between dietary diversity and subjective factors among healthy elderly in an Okinawan farm village, Japan
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 13	Track 3	144/600	Time trends in the availability and apparent consumption of processed foodstuffs in Guatemalan households in 2006 and 2011
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/619	Comparison of dietary diversity scores (DDS) according to the stature-ponderal status and gender among rural middle school children in the northwest of Morocco.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/611	Efectividad de una intervención educativa sobre los Hábitos de Vida asociados al consumo horario de Tv diario en escolares de 6 a 12 años
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/606	Evaluation of Political Commitments to Nutrition Programmes in Lagos State, Nigeria
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/616	Improving the performance of the Health Star Rating front-of-pack nutrition labelling system by incorporating added sugar
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/625	Nutrition Content of Breakfast Cereals after the Front of Package Labeling Regulation in Mexico
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/617	Simplification of the Health Star Rating front-of-pack nutrition labelling system
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 14	Track 3	144/618	The prevalence of metabolic syndrome in a population of sale, a North West city of Morocco.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/651	Developing and Testing Reporting Guidelines for Observational Studies in Nutritional Epidemiology: A Consensus Based method and A RCT
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/634	Health, nutrition and dietary habits among school-age children living in socioeconomic inequalities contexts: preliminary outcomes of “Sport Forgood” project in Italy and Argentina
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/723	Is there a preference for heavier body sizes for women living in Africa? Evidence from a systematic review of evidence spanning over 30 years.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/635	Maternal characteristics and feeding practices are associated with infant’s height and weight status
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/647	Monitoring of Breastmilk Substitute Act 2013 in Bangladesh
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/630	The Association between Coffee, Arsenic, Lead, Cadmium and Polymorphisms of PON1 and PPAR-γ and Chronic Kidney Disease
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 15	Track 3	144/648	Understanding the factors that influence the diet and feeding practices of poor urban households and children in Nairobi, Kenya
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2652	Assessment of the fitness centers users profile on the consumption of nutritional supplements in the city of Alfenas, Brazil

Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2653	Bringing K-12 Nutrition Education into the Digital Age: Research and Resources from the United States Department of Agriculture.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2672	Comparison of dietary behavior and nutritional status by milk intake
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2659	Dietary sources and intake of added sugar among Colombian population: results from ELANS study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2658	Effectiveness of a 16-month multi-component and environmental school-based intervention for recovery of poor income overweight/obese children and adolescents: preliminary results of The Health Multipl
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2666	Factors affecting Households Food insecurity and its association with undernutrition among under 5 children in North Eastern state of Meghalaya
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 2	Track 3	144/2654	Supporting Child Nutrition Programs when School is Out of Session - Using Evidence-Based Nutrition Education in the Summer Food Service Program for Children in the United States of America
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2687	A new method to monitor the performance of companies in relation to nutritional targets
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2679	A nutrition surveillance case-study from Guatemala
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2176	Analysis of nutrition information in packaging of sweet and salted biscuits available in Mexico City
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2686	Becoming Breastfeeding Friendly in Ghana: Opportunities for Scaling-Up Effective Actions
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2692	Effect of a peer support intervention to encourage adoption and maintenance of a Mediterranean diet in established community groups: A cluster randomised trial.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2713	Effect of dietary and exercise interventions in sarcopenic, pre-frail and frail older adults
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 3	Track 3	144/2700	Food consumption pattern in the average Spanish diet: the ENPE study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2747	A systematic review of reviews on effective home, family and community based interventions from low- and middle-income countries to inform the breastfeeding action plan for South Africa
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2740	Acute or long term consumption of beverages containing low calorie sweeteners do not alter appetite, energy intake or macronutrient selection in healthy adults: a non-inferiority comparison with water
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2738	Alcohol consumption and hypertension in young adults
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2725	Can business generated big food data help nutrition science – case insights from interviews with commercial big data owners in the Richfield design study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2716	Factors associated to physical activity in Peruvian adolescents and adults: results from the ELANS study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2717	Plasma triglyceride concentration with short-term omega-3 supplementation in hypertriglyceridemic patients from a public hospital nutrition outpatient clinic
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 4	Track 3	144/2733	Study on total fat intake of overweight children and adolescents: the association between omega 6:3 ratio and ultra-processed food intake
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2752	Blood glucose in sedentary older adults during prolonged sitting time versus intermittent sitting time.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2761	Assessment of folate insufficiency in women of reproductive age as the basis of NTD risk assessment in low- and middle-income countries: Interdisciplinary committee guidance.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2763	Do eating disorder symptoms differ with education levels and age groups?
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2755	Pilot study in physical activity of students in a private university in Mexico
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2766	The assessment of nutritional status of children below five years in households which participated in Food and Livelihood Security (FLS) project in Rajshahi Division – Bangladesh

Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2764	The investment case for folic acid fortification to reduce NTD risk in low- and middle-income countries.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 5	Track 3	144/2758	Why universal micronutrient powders (MNP) distribution should be stopped
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/2774	Evaluating pre-pregnancy dietary diversity vs. dietary quality scores as predictors of gestational diabetes and hypertensive disorders of pregnancy
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/2808	Hydration profile of Ecuadorian population the contribution of total daily pure water: results from ELANS Study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/2819	Executing a technical consultation on folate status in women and neural tube defects risk-reduction to prioritize investments and accelerate feasible and effective interventions
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/2816	Growth stimulating effects of Astragalus extract mixture in children with mild short stature: a multicenter, double-blind, randomized, placebo-controlled trial
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/277	Mortality attributable to overweight and obesity in Paraguay, period 2010-2014
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/2809	Relationship between knowledge, beliefs and practices in breastfeeding of nursing mothers and the health team of the barrio Altos de la Reja, Moreno, Province of Buenos Aires. Argentina. 2014.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 6	Track 3	144/2811	Sodium consumption patterns according to sociodemographic characteristics in an Ecuadorian population: results from the Latin American Study of Nutrition and Health (ELANS)
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 7	Track 3	144/2837	Eating habits of breakfast and lunch in Mexican children
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 7	Track 3	144/2820	Effects of Astragalus extract mixture on bone growth rate in stunting-induced animal model
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 7	Track 3	144/2827	Food Consumption and Physical Activity in Adolescent Obese Women with Insulin Resistance
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 7	Track 3	144/2821	Optimization of nutritional monitoring of schoolchildren, Join actions from the ministries of education and health. Jujuy, Argentina.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 7	Track 3	144/2828	Sedentary behavior and its association with university students' nutritional status
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 7	Track 3	144/2835	Sociodemographic and nutritional risk factors associated with malnutrition due to excess and deficiency in children aged 3 to 9 years in rural communities of Guatemala
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/290	A socio-ecological examination of weight-related characteristics in home environments of families with young children.
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/2846	A systematic review and pilot study evaluating a health promotion program for children using the RE-AIM framework
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/302	Association between food insecurity and obesity in middle and low income households in Casablanca, Morocco
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/2844	Cooking Skills Index - Brazil: development and reliability assessment
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/2838	Determinants of food choices and its association with university students' nutritional status
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/2841	Factors associated with energy adequacy in Peruvian adolescents and adults: results from the ELANS study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 8	Track 3	144/299	Factors influencing on soft drinks consumption patterns among Saudi population measured by principal component analysis
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/377	Demographic and socioeconomic characteristics are associated with dietary and nutritional patterns in rural but not urban areas in West Java, Indonesia
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/327	Harmonizing methodologies for research on sustainable diets and food systems
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/332	Impact of healthy schools' programs on children BMI and nutritional knowledge in Lebanon.

Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/312	Increased physical activity is associated with greater academic gains in high school than reduced sedentary time: An observational study in adolescents from a Chilean infancy cohort
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/321	Nutrition education through farmers' markets: a systematic review
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/336	Prevalence of Stunting and Its Associated Factors among Children 6-59 Months of Age in Libo-Kemekem District, Northwest Ethiopia; A Community Based Cross Sectional Study
Tuesday, October 17	12.30 - 13.30 h	Touch Screen 9	Track 3	144/361	Prospect of forest foods to address human nutrition in the Congo Basin forest dependent communities of DR Congo, Cameroon and Gabon
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/657	Diet quality indices in relation to metabolic syndrome in an Indigenous Cree (Eeyouch) population in northern Québec, Canada.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/2155	Dietary and Environmental toxic exposure in an agricultural core population of the Province of Córdoba, Argentina
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/677	Influence of exercise on obese children 6-12 years in Enugu south local government area of Enugu state, Nigeria.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/664	Is mediterranean diet adherent in a young adult Albanians to prevention of cardiovascular diseases?
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/1772	Mapping of school meal nutrition guidelines and standards in low and middle-income countries
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/681	Physical activity level measured by PAQ-C in 8-11 years old school-aged children: a multicentric study in three West African countries
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 1	Track 3	144/678	The association between socioeconomic status, place of residence, overweight and central obesity in Polish females. The GEBaHealth study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 10	Track 3	144/972	Association between Dietary Patterns and Sleep Apnea Syndrome Severity
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 10	Track 3	144/961	Determining the prevalence of eating disorders among dietetic students in South Africa
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 10	Track 3	144/993	Effect of policy reforms on food and nutrition trends in Vietnam and Myanmar from 1960 to 2015
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 10	Track 3	144/952	Healthy diets are not more expensive than the current diet in New Zealand.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 10	Track 3	144/991	Higher serum carotenoids associated with improved cardiometabolic profiles in middle-aged and elderly adults: a 6-year prospective study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 10	Track 3	144/954	The patients with gestational diabetes and obesity mostly require insulin as a treatment Authors
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/700	Quality of Food Carried Out of Home By Adults in the Santos City - São Paulo (SP)
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/703	An assessment of the associations between community-level environmental factors and dietary intake quality in geographically isolated communities
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/698	Cruciferous vegetable intake and lung cancer risk: a prospective study and a meta-analysis
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/692	Maternal symptoms of mental health are associated with maternal and child diet diversity and maternal BMI in Upper Manya Krobo District of Ghana
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/701	Nutritional profile and nutritional education in schoolchildren of public and private schools in Santos City/São Paulo (SP)
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/689	Socio-demographic and birth characteristics influence the duration of breastfeeding in Colombia: results from the 2010 demographic and health survey
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 2	Track 3	144/690	Sugar-sweetened beverage consumption and obesity in children's meta-analyses: reaching wrong answers for right questions.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 3	Track 3	144/714	Obesity paradox in the oldest old: evidence from a Chinese community-based perspective cohort study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 3	Track 3	144/731	Promoting sustainable food systems for good nutrition and health in the Mediterranean region: a conceptual framework from the MEDINA Study Group

Tuesday, October 17	15.30 - 16.30 h	Touch Screen 3	Track 3	144/708	Serum 25(OH)D Concentrations are Associated with Glucose Homeostasis among Adults in Southwest China
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 3	Track 3	144/716	The South African salt story: where are we and where are we heading?
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 3	Track 3	144/653	Trends in the Prevalence of Overweight and Obesity among Brazilian schoolchildren, 2002, 2007, and 2012/13
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 3	Track 3	144/720	What foods were insufficient after the Great East Japan Earthquake?
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 4	Track 3	144/739	Anaemia and nutritional status in population of Salta city. Cross-sectional study.Argentina 2017
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 4	Track 3	144/748	Association between levels of iron in groundwater and iron stores in women in Kampong Chhnang Province, Cambodia
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 4	Track 3	144/755	Dietary total antioxidant capacity and incidence of chronic kidney disease in subjects with dysglycemia: Tehran Lipid and Glucose Study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 4	Track 3	144/751	Social Inequality and Nutritional Transition in Argentina: An Analysis from a Socio-Ecological Study, Period 2005-2013.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 4	Track 3	144/749	Teenagers' perceived quality of life and lifestyle: a cross-sectional study in Polish students from less-urbanized regions. The POLYSES project.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 4	Track 3	144/747	Two-year sustained impacts of large-scale social and behavior change communication interventions to improve infant and young child feeding in Bangladesh
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/786	Anemia and growth failure among beta thalassemia major children in Rabat: a retrospective analysis
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/770	Evidence based recommendations to improve the law in Mexico to restrict unhealthy food advertising to children on television
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/775	Food processing categories relating to diet quality in the Nurses Health Study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/781	Physical fitness perception is associated with nutritional status and actual physical fitness in adolescents.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/778	Relationship among bone mineral density, adiposity, and physical activity in Mexican women
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/771	The advertising of food and beverages on Mexican television: The techniques of attraction shapping consumption habits in school children
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 5	Track 3	144/784	The potential of a human rights approach for accelerating the implementation of comprehensive restrictions on the marketing of unhealthy foods and non-alcoholic beverages to children
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 6	Track 3	144/811	Bullying in adolescence: a major reason to prevent obesity
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 6	Track 3	144/843	Examining food environment policy implementation in Canada: adapting the Food-EPI tool and process to the Canadian context
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 6	Track 3	144/788	Malnutrition in all its forms and socioeconomic disparities in Guatemala
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 6	Track 3	144/793	Methodological aspects of new web-based technologies for assessing dietary intake in children and adolescents
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 6	Track 3	144/809	The association of Dietary Approaches to Stop Hypertension with Visceral Adiposity Index in adults: Tehran Lipid and Glucose Study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 6	Track 3	144/840	The relation of neighborhood environment characteristics with anthropometric indices and activity in two Iranian ethnic groups living in North-west of Iran
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/856	Assessing context-specific factors of food environment influencing diet diversity: A formative research on physical availability, geographic access and economic affordability in a South Indian state
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/873	Association between dietary carotenoids and fluorosis in Chinese coal-burning fluorosis area: a cross sectional study

Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/862	Development of a multi-sectoral system to enforce a national code on marketing breast milk substitutes in Cambodia
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/858	Introduction of guava in supplementary nutrition meal provisioned for 24-60mo children by Integrated Child Development Scheme (ICDS) improves iron status of beneficiaries
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/864	Significant Improvement in Supplementation of Mega Dose of Vitamin A to Under Five Children in India
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/849	The first INFORMAS national food environments survey in New Zealand: A blueprint country scorecard for measuring progress on creating healthier food environments
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 7	Track 3	144/847	Using Health Examination Database to Study Public Health Nutrition -- a Data Processing Approach
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/874	A cluster randomised control trial of an integrated agriculture-nutrition package to improve children's diets through community based childcare centres in Malawi.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/879	Aflatoxin exposure in children in Mirpur, Dhaka: Data from a birth cohort
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/882	Isoflavones, lignans and prostate cancer risk: an analysis of individual participant data from 5 prospective studies
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/901	Nutritional status of children under 5 years in Chiapas, México
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/885	Perception of Brazilian consumers in relation to the terms homemade, traditional and original in labels of packaged foods
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/899	Rethinking food systems and food choices through community garden participation: lessons from a university setting in Brazil
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 8	Track 3	144/876	Spatial distribution of food outlets, based on income,in Florianópolis/SC – Brazil
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/917	Association between usual free sugar intake and BMI z-score of Australian children and adolescents
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/931	Diet and Eating Practices Among Adolescent Girls in Low and Middle Income Countries: A Systematic Review
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/919	Effects of Macronutrient Distribution on Weight Change and Related Cardiometabolic Profiles in Healthy Non-Obese Chinese: A Randomized, Clinical Trial
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/939	Food environments of school-aged children and adolescents in low- and middle- income countries: Investigating a proposed conceptual framework
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/943	Nutritional condition of children and social representations of the right of health of caregivers
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/924	Parent`s knowledge, attitudes, and practices about salt/sodium intake in children
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 9	Track 3	144/936	Polycyclic aromatic hydrocarbons biomarker among non-occupationally exposed individuals in Silesia
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/962	Anthropometric and Biochemical Profile of Patients at the Time of Diagnosis of Hepatitis C: A Case-Control Study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/1012	Effects of methionine restriction on thyroid hormones and skeletal muscles mitochondrial content and function in high-fat diet mice
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/998	Enteral nutrition in critically ill adults: are the prescription and the nutrient delivery according to their requirements?
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/1000	Enteral nutrition in septic shock in the elderly: do the time elapsed up to the start and the achieved basal energy expenditure interference in mortality?
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/1003	High -protein dietary pattern increased a risk of impaired glucose tolerance: the Ohasama Study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/2191	Incidence of enteral nutrition therapy complications in critically ill patients
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 11	Track 4	144/1010	Systemic responses of methionine restriction in mice with high fat diet by metabolomic studies

Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/1013	Combined intervention of methionine restriction and collagen peptides on lipid metabolism and oxidative stress in hgh-fat diet-fed mice
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/1025	Effect Of Weight Loss Diets On Some Biochemical Parameters And Anthropometric Measurements In Prolactinomas Patients
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/1021	Effects of Allium hookeri leaf on plasma glucose and lipid profile in streptozotocin induced diabetic rats
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/1016	Micronutrient status and signaling mechanisms in diabetic microvascular complications
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/1019	Non-processed red meat consumption is associated with a lower risk of a first clinical diagnosis of central nervous system demyelination
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/956	The association between depression and food insecurity status in two Iranian ethnic groups living in northwest of Iran
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 12	Track 4	144/1048	The effect and mechanism of oat beta-glucan on type 2 diabetes mellitus based on gut microbiota
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1100	Acute effects of age wine, Spanish white wine, consumption increased circulating endothelial progenitor cells and reduced cardiovascular risk factors in men: A randomized intervention trial.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1105	Alcoholic beverages, Mediterranean dietary pattern and consumption of foods rich in vitamin D in a population with high cardiovascular risk. PREDIMED STUDY.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1056	Effects of methionine restricted diet on bone formation in mice
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1065	Impact of Socioeconomic Status on One-Carbon Metabolism in Pre-elderly and Elderly: The Lifelines Cohort and Biobank Study
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1099	Intake and dietary sources of fatty acids omega 3 6 and 9 and markers of cardiometabolic risk in patients with abdominal adiposity: preliminary results
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1102	Intake of fatty acids and its correlation with renal function in children with overweight/obesity.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 13	Track 4	144/1091	Neither self-reported atopy nor IgE mediated allergy are linked to increased gastrointestinal symptom burden in patients with Irritable Bowel Syndrome
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/1135	Correlations of serum 25(OH) vitamin D levels with the metabolic parameters in subjects with different Body Mass Index.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/626	Effect of extract snack head fish and virgin coconut oil on nutritional status of patients with pulmonary tuberculosis multi drug resistant (TB-MDR) in Makassar, Indonesia
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/1124	Effect of extract snake-head fish and virgin coconut oil on nutritional status of patients with pulmonary tuberculosis multi-drugs resistant in Makassar, Indonesia
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/1116	Effect of omega-3 fatty acids on endothelial function in metabolic syndrome: a systematic review
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/1107	Nutritional management of an adult patient before, during and after liver partition (ALPPS) for diffuse hepatic epithelioid hemangioendothelioma
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/1161	Plasma glucose kinetics following ingestion of two cereal products differing by their Slowly Digestible Starch content in healthy males and females
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 14	Track 4	144/1149	Plasma insulin levels in individuals with polycystic ovary syndrome (PCOS), with or without non-alcoholic fatty liver disease (NAFLD).
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1226	Cattle ownership, childhood malaria and anemia in Uganda
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1193	Effect of gluten free diet consumption on the clinic progress of chronic musculoskeletal pathology
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1222	Is high BMI at early adulthood a risk factor for the early incidence of chronic noncommunicable diseases?
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1184	Lipid metabolism markers in celiac children

Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1190	Minimum effective dose of commonly consumed beans required to significantly lower post prandial blood glucose response
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1162	Significance of supplying of information about the change of potassium contents in vegetables by cooking during the course of nutritional guidance for dialysis patients.
Tuesday, October 17	15.30 - 16.30 h	Touch Screen 15	Track 4	144/1166	Weight Loss and Long Term Weight Maintenance with A Non-Dieting Approach
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/942	Assessing the impact of dietary patterns, anthropometrics, and lifestyle on cardiac rhythm: results from the HEArt Rhythm and Obesity Prevention (HEARS) Study
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/1235	Effect of a 6-month personalized nutrition intervention program in recently diagnosed breast cancer patients.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/2142	Effects of a feeding and nutrition program in school children in Mexico City
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/1054	Sociodemographic and economic factors are associated with weight gain between before and after cancer diagnosis: results from the prospective population-based NutriNet-Santé cohort
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/1234	Supplementation of Vitamin D in Type 2 Diabetic Patients with Hypertension Decreases Office and 24-h Ambulatory Blood Pressure Monitoring
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/1236	Total polyphenol intake and the incidence of cardiovascular disease in a mediterranean cohort: the Seguimiento Universidad de Navarra (SUN) project
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 1	Track 4	144/334	Vitamin D Deficiency Is Associated with High Blood Pressure in 24-h Ambulatory Blood Pressure Monitoring in Patients with Type 2 Diabetes
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 10	Track 4	144/1635	A cluster randomised evaluation of mobile application to support the treatment of acutely malnourished children in Wajir County, Kenya
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 10	Track 4	144/1637	Acute sleep restriction increases energy expenditure in obese men
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 10	Track 4	144/1621	Advising overweight persons to control weight by Lithuanian health care professionals in 2000-2014
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 10	Track 4	144/1644	Anti-inflammatory dietary compounds, inflammation biomarkers and cardiometabolic risk factors
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 10	Track 4	144/2295	Association between physical activity levels, sedentary behavior and Incidence of risk factors in patients with cardiometabolic risk
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 10	Track 4	144/1590	Role of Dietary Protein Intake Level on Epithelial Repair after Acute Intestinal Inflammation in a Murine Model of Colitis.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1714	An experimental study of substituting sugar in Indian traditional sweet with dry fruits.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1670	Association of diet quality with antioxidant capacity of plasma of women with breast cancer before and after antineoplastic treatment
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1700	Chronic Use of Proton-Pump Inhibitors is Associated with Lower Magnesium and Iron Status and Mortality in Renal Transplant Recipients
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1713	Effects of low fat diet on body composition and blood parameters in non-alcoholic fatty liver disease: A pilot study
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1674	Importance of C-reactive protein (C-RP) determination as a predictor of risk in an overweight or obese population.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1645	Levels and vitamin d intake in children and adolescents with phenylketonuria
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 11	Track 4	144/1646	The effects of Polyunsaturated Fatty Acids and Ruminant Trans Fatty Acids on Allergic Diseases in Early Life: A systematic review and meta-analysis
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 12	Track 4	144/1757	Coffee consumption and selected gastrointestinal cancers morbidity in Poland
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 12	Track 4	144/1733	Fecal inflammatory biomarkers of Environmental Enteric Dysfunction are not associated with hepcidin concentrations in young Bangladeshi children
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 12	Track 4	144/1726	Higher Adherence to the Mediterrean Diet is Associated with Lower Risk of Graft Failure in Renal Transplant Recipients

Wednesday, October 18	08.00 - 09.00 h	Touch Screen 12	Track 4	144/1716	Low Vegetable Intake is Associated with High Risk of New-Onset Diabetes After Renal Transplantation
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 12	Track 4	144/1719	Prevalence of the metabolically healthy phenotype in pediatric obesity and its association with clinical, metabolic and family history parameters
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 12	Track 4	144/1749	Red meat consumption and selected gastrointestinal cancers morbidity in Poland in the years 1990-2014
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 13	Track 4	144/1774	A meta-analysis of the role of a priori dietary indices in depression among 7 cohorts; the MoodFOOD project
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 13	Track 4	144/1776	Dietary intake and Nutritional status of children with sickle cell disease
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 13	Track 4	144/2208	Perception of body image and dietary intake of mothers of patients with eating disorders
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 13	Track 4	144/1762	Relation of the perception and satisfaction of body image of children and adolescents with down syndrome.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 13	Track 4	144/2545	Relationship between nutritional status and cardiovascular risk in patients with metabolic syndrome
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 13	Track 4	144/1751	Relationship between nutritional status and cardiovascular risk in patients with chronic hepatitis C and metabolic syndrome
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1810	Consumption of macronutrients by celiac children and composition of mixes gluten free flours.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1789	Dietary supplementation of omega-3 polyunsaturated fatty acids manipulate lipid homeostasis via browning of white adipose in already induced obese mice
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1779	Hypertension, nutrition status, dietary intake and physical activities of Kenyatta University employees: The role of nutrition and physical activity in catching up the silent killer
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1819	Nutritional status in recently diagnosed HIV-infected people
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1832	Nutritional status regarding iron and zinc in celiac children and mineral contribution of mixes flours.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1786	The effect of high and low dairy consumption on cardio-metabolic risk factors in overweight adults
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 14	Track 4	144/1820	Walnut supplementation for 2 years in older individuals reduces LDL-cholesterol without adverse effects on adiposity. A sub-study of the WALnuts and Healthy Aging (WAHA) study.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 15	Track 4	144/1870	CD36 genotype does not affect fat sensitivity in nonobese subjects
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 15	Track 4	144/1896	High 24-h Urinary Sulfate Excretion is Associated with Low Risk of Graft Failure in Renal Transplant Recipients
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 15	Track 4	144/1833	Nutritional Status of female patients with breast cancer attending the Radiotherapy Department of the University College Hospital, Ibadan, Nigeria
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 15	Track 4	144/1886	Quality nutritional comparison of prehispanic diet, DASH diet, fast metabolism diet, gluten free diet & alkaline diet as a contributory treatment option for cancer.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 15	Track 4	144/1919	Relationship between fat mass and waist circumference with the trans fatty acids intake on women of childbearing age. Preliminary study.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/1281	Association between depressive symptoms and Mediterian dietary adherence in adults with cardiovascular disease risk factors in the north of Iran
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/1266	Chronic Leucine supplementation reduced hypercholesterolemia and hypertriglyceridemia, and reversed insulin resistance in diabetic rats
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/1250	Effect of Probiotic Bifidobacterium lactis BI-04 on Host Responses and Microbiota in Experimental Rhinovirus Infection in Healthy Adults
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/1267	Fasting and Caloric Restriction in Elderly with Cardiovascular Disease: a review.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/2112	Glycemic index and glycemic load are associated with prostate cancer risk in Córdoba, Argentina: a multilevel analysis

Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/1274	The diet adherence in cardiovascular risk factors patients in the north of Iran based on the mediterranean diet adherence
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 2	Track 4	144/1305	The inflammatory potential of diet is associated with breast cancer risk in different contexts of urbanization: a multilevel analysis
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/1323	Association between the percentage of fat mass and anthropometric and metabolic indicators: In the search for clinical indicators for childhood obesity.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/1326	Bocaiuva flour (Acrocomia totai Mart.) reduces body fat and hepatic steatosis of rats submitted to a hypercaloric diet
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/1336	Effect of Moringa oleifera leaf powder on biochemical and haematological parameters of weaning wistar albino rats
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/1317	Glucose, Insulin and Metabolic Response to Soy and Whey Protein among Normal Healthy Weight Indians
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/1341	obesity prevalence in a migrant population living in Casablanca, Morocco
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/1318	Profile consumption of sweeteners and dietetic products by individuals with type 2 diabetes mellitus from an outpatient clinic in the city of São Paulo (Brazil)
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 3	Track 4	144/2037	The prevalence of obesity in a migrant population living in Casablanca, Morocco
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 4	Track 4	144/1399	Body composition of people living with HIV/AIDS with clinical diagnoses oh HIV-related lipodystrophy syndrome
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 4	Track 4	144/1369	Can WHO guidelines for malnutrition reduced the mortality in children receiving nutrition rehabilitation at the hospital: clinical study in Moroccan malnourished children
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 4	Track 4	144/1373	Cardiovascular risk in children and adolescents with cerebral palsy
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 4	Track 4	144/1354	Fasting, Intermittent Fasting or Caloric Restriction as Nutritional Management of Adults with Type 2 Diabetes. A Systematic Review (Preliminary Results)
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 4	Track 4	144/1351	Impact of early enteral nutrition with immunonutrients in morbimortality in patients with traumatic brain injury in the intensive care unit of Mexicali`s general hospital.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 4	Track 4	144/1363	Obesity and clinical outcome of hospitalized children under two years old with lower respiratory tract infections
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 5	Track 4	144/1415	Body composition, anthropometric measures and clinical-nutritional parameters of people living with HIV/AIDS with clinical diagnoses of HIV-associated lipodystrophy syndrome subdivided by gender.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 5	Track 4	144/2318	Correlation between anthropometric and body composition indicators of people living with HIV/Aids with HIV associated lipodystrophy clinic diagnoses.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 5	Track 4	144/1442	Effect of consuming preloads with different energy density (low vs. high) and taste quality (savory vs. sweet) on postprandial blood glucose and energy intake
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 5	Track 4	144/1431	Glycemic indices of standardized traditional cocoyam and corn based dishes consumed in Nsukka Local Government Area of Enugu State, Nigeria.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 5	Track 4	144/1392	Relationship between Body Mass Index and Decline of Cognitive Function in Middle-aged and Elder Obese and Overweight Population
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 5	Track 4	144/1403	Trimethylamine N-oxide aggravates hepatic steatosis through up-regulation of bile acids synthesis and activation of endogenous hepatic farnesoid-X-receptor
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 6	Track 4	144/1437	Body composition profiles and metabolic disease risk patterns in New Zealand women - the women`s EXPLORE study.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 6	Track 4	144/1439	Effect of intravenous iron sucrose administration on level of antioxidant stress markers among moderately anemic pregnant women attending a Sub-District Hospital, Haryana
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 6	Track 4	144/2289	Evaluation of an intuitive eating weight management programme to support weight management patients.

Wednesday, October 18	08.00 - 09.00 h	Touch Screen 6	Track 4	144/1432	Neuroprotective effects of vitamin D via the modulation of NLRP3 inflammasome activation
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1454	Combination of Lactobacillus acidophilus and djulis reduced early lesions of colon cancer in rats.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1455	Effect of maternal weight and gestational weight gain on low grade inflammation during pregnancy
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1464	Effect of Nutrient Quality on Visceral and Subcutaneous Adipose Tissue Mass and Intrahepatic Lipid Accumulation during 12 Weeks of Energy-Restriction in Abdominal Obese Man and Women.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1443	Effect of water supplementation on cognitive performances and mood among male college students in Cangzhou, China
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1448	Effects of djulis (Chenopodium formosanum) on colitis-associated colon cancer in rats
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1479	Nutrition-related concerns of the primary caregiver regarding children with spastic cerebral palsy: a cross-sectional, quantitative research study
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 7	Track 4	144/1478	The role of yoghurt fermented by Bifidus essensis in the prevention and treatment of obesity and related diseases
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 8	Track 4	144/1499	Immunonutritional protease inhibitors from cereals promote liver inflammation and driven polarization of macrophages
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 8	Track 4	144/1489	Inflammatory biomarkers in children and adolescents with and without Down syndrome
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 8	Track 4	144/1495	Non-Coeliac Gluten Sensitivity: The effect of a controlled gluten challenge
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 8	Track 4	144/1504	The positional distribution of fatty acids on the glycerol backbone of triacylglycerol (TAG) molecules may affect lipid responses to dietary fats – a randomised controlled cross-over trial
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 8	Track 4	144/1508	The relationship between p53 tumor suppressor protein and anti-apoptotic Bcl-2 protein in colorectal adenocarcinoma associated with type 2 diabetes and obesity
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 8	Track 4	144/1493	The role of Salvia hispanica L as immunonutritional modulator of hepatic lipid homeostasis
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1574	Assessment of hepatic non- invasive biomarkers in diabetic and non diabetic subjects: A cross sectional study
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1579	Micronutrient status and biochemical pathways involved in diabetic nephropathy
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1578	Non-alcoholic fatty liver disease in overweight and obese people under nutritional and lifestyle follow-up: preliminary results
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1522	Prevention of Gestational Diabetes Mellitus (GDM): where we stand and where to go?
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1534	Relationship of Vitamin D with Hypertension among children from high altitude regions in India.
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1512	Role of microRNAs on hepatic thyroid hormone action in different propensities to obesity in mice
Wednesday, October 18	08.00 - 09.00 h	Touch Screen 9	Track 4	144/1535	Time-related changes in hepatic antioxidant capability and mitochondrial energy metabolism between obesity-prone and obesity-resistant rats
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/200	A Study on How to Raise the Completion Rate of
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/1965	Adherence to the Mediterranean and the Central European diets in relation to weight loss changes in postmenopausal women with diagnosed metabolic syndrome
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/1948	Dietary magnesium restriction promotes insulin resistance in rats fed a high-fat diet
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/1983	Effects of a 16-week dietary intervention with either a Mediterranean diet or a Central European diet on anthropometric parameters in obese postmenopausal with diagnosed metabolic syndrome

Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/1947	Experimental, Prospective, Randomized and Double Blind Study About Safety and Efficacy of Mazindol as a Treatment Against Obesity
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/1927	Potency of flaxseeds intervention as key towards dyslipidemia management in elderly Mild Cognitive Impaired patients
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 1	Track 4	144/1941	The effect of cornelian cherry and honeysuckle added to diet on selected biochemical parameters in wistar rats
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 10	Track 4	144/2544	Analysis of the evolution of nutritional parameters in patients treated in bariatric surgery the clinic-school
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 10	Track 4	144/2510	Becoming malnourished children, one year after nutrition education in Kaya (Burkina Faso)
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 10	Track 4	144/2526	Calorie restriction in the management of obesity associated obstructive sleep apnea - A non-pharmacological intervention study.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 10	Track 4	144/2561	Cardiovascular risk and ATPIII goals achievement in Ecuadorian population
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 10	Track 4	144/2564	Genotype and phenotype determination in Chilean subjects with Phenylketonuria
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 10	Track 4	144/2532	Urinary sodium excretion among Ecuadorian adult population: A cross-sectional study.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/2677	Alcohol in adults with Type 1 Diabetes Mellitus: impact on metabolic syndrome.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/258	Dietary sufficiency in mineral contribution from african yam beans (<i>Sphenostylis stenocarpa</i>) and soya beans (<i>Glycin sp</i>) consumed in southern nigeria.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/2582	Interleukin-6 promoter -174 G>C polymorphism is associated with primary iron overload in male adults
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/2594	Level of hypertension treatment adherence from two populations that are treated in public and private ambit during the months of October and November 2016.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/2661	Measurement of rest energy expenditure in pediatric oncological patients: concordance between indirect calorimetry and predictive equations.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/2649	Triglycerides/High Density Lipoprotein cholesterol ratio as a predictor in detection of insulin resistance in Type 1 Diabetes Mellitus.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 11	Track 4	144/2683	Zinc supplementation is an effective and feasible strategy to prevent growth retardation in 6 to 24 month children: A pragmatic randomized double blind trial
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 12	Track 4	144/1191	Food intake and body mass index of patients with type 2 diabetes mellitus from an outpatient clinic in São Paulo
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 12	Track 4	144/1144	Importance of dietary counseling to patients with diabetes mellitus type 2 from an outpatient clinic in São Paulo
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 12	Track 4	144/2708	Integration of preventative and curative aspects of nutrition into integrated community case management (iCCM) in Democratic Republic of Congo
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 12	Track 4	144/2718	Nitrate improves carbohydrate metabolism and increases glucose transporter 4 (GLUT4) in insulin-sensitive tissues in obese type 2 diabetic rats
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 12	Track 4	144/2710	Sociodemographic role in depression prevalence among middle-aged and elderly in China: findings from the China health and retirement longitudinal study
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/2785	Association between blood vitamin D levels and metabolic syndrome biomarkers in post menopause women
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/276	Biochemical Composition in Leaf Protein Extracted From Potato Leaves
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/2730	Diet and Children with Attention Deficit Hyperactivity Disorder (ADHD) - a Pilot Intervention Study Focusing on Compliance and Symptoms
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/2788	Effects of vitamin D supplementation in diabetics rats metabolism
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/2782	Ketogenic diet complications in children with refractory epilepsy
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/2719	Obesity, diabetes and blood pressure independently contribute to white matter microstructural variability in the brain

Wednesday, October 18	09.00 - 10.00 h	Touch Screen 13	Track 4	144/2734	Postpartum abnormalities of carbohydrate metabolism in patients with gestational diabetes and risk factors involved
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/2786	Analysis and description of audits performed on patients who attended for referral to Bariatric Surgery in Galeno Group offices
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/2807	Association between depressive symptoms, nutritional and clinical aspects of elderly residents of a city of São Paulo: A population-based study
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/284	Dietary pattern and dietary intake among Chinese adults with different self-awareness and management status of hypertension -a cross-sectional study in seven cities of China
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/2797	Eating behavior and stress perception in adult women from Buenos Aires Province, Buenos Aires City and Chaco, Argentina.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/2812	Efficacy of a modified carbohydrate diet in obese women
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/2823	Long-term magnesium restriction modified the body iron stores in rats fed a high-fat diet
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 14	Track 4	144/2795	Perception of Body Image, Key Factor in the Care of Nutritional Status
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/318	The hypoglycaemic effect of cocoyam (Xanthosoma sagotrifolium) on alloxan-induced diabetes in wistar rats
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/317	Effect of low glycaemic diet on body weight of alloxan-induced diabetes in wistar rats
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/293	High intake of soy, fungus and vegetables in diabetics with rs37563 C allele and rs1801131 TT genotype reduce the risk of cardiovascular complications: a case-control study
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/988	Nutritional characteristics and quality of life of patients submitted to roux-en-y gastric bypass
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/286	Promotion of healthy eating and exercises at a workplace – Tanzanian Experience
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/307	Sensory properties and glycaemic effect of a formulated ‘acha’ based biscuit improved with red kidney bean and unripe plantain.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 15	Track 4	144/303	Uremic toxins: is there any relationship with personal, clinical, or nutritional factors?
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/2055	Alcohol consumption among alternating shift workers is influence by work schedule and abdominal obesity: a longitudinal study.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/203	Appraisal of nutritional intake of kids with chronic kidney disease
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/2011	Gluten-free noodles made with regional flours: content, dialyzability and potential contribution of iron calcium and zinc.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/2063	Hemodiafiltration: impact on protein-energy wasting among dialysis patients
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/2010	Impact of the consumption of tamarind flour (Tamarindus indica L.) in metabolic syndrome among type 2 diabetic patients
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/2068	Nutritional profile of patients in the secondary prevention of cardiovascular diseases
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 2	Track 4	144/2019	Nutritional status and quality of life of breast cancer patients attending a tertiary hospital in Ibadan, southwest Nigeria
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 3	Track 4	144/212	Foodborne disease outbreaks in Bamako: an epidemiological study
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 3	Track 4	144/213	Foodborne illness in the elderly in Morocco: a 17-year retrospective study
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 3	Track 4	144/2085	Impact of overweight on LDL oxidation and plasma levels of vitamin D in older people in tertiary prevention of CVD
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 3	Track 4	144/2133	Level of care and frequency of nutrition visits for patients hospitalized in private hospital from Curitiba - PR
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 3	Track 4	144/2088	Nutritional status in children with cystic fibrosis in Paraguay
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 3	Track 4	144/2619	The relationship between succes Bariatric Surgery and weight regain after at least five years post postoperative.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 4	Track 4	144/2151	Branched chain amino acids improve cell viability but do not increase nitric oxide production in LPS-stimulated RAW 264.7 macrophages

Wednesday, October 18	09.00 - 10.00 h	Touch Screen 4	Track 4	144/2452	Nutrigenetics and Epigenetics as Coadjuvants in the Thyroid Cancer Diet
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 4	Track 4	144/2148	Nutrigenomic and Pharmacogenetic Protocol in the Conduct in the Treatment of Breast Cancer.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 4	Track 4	144/2193	Obesity and its associated factors among market women in Sagamu, South-Western Nigeria
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 4	Track 4	144/2186	Obesity in a group of HIV-infected people from Buenos Aires, Argentina.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 4	Track 4	144/2180	The epidemiology of Helicobacter Pylori infection in Europe and the impact of lifestyle on its natural evolution towards stomach cancer: a systematic review
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 5	Track 4	144/2236	Dietary inflammatory index and diabetes mellitus in Mexican adult population: The Diabetes Mellitus Survey of Mexico City.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 5	Track 4	144/2214	Low manganese may increase the risk of diabetes in Chinese adults
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 5	Track 4	144/2237	Low protein intake or kilocalorie? Which, actually, can interfere in hand-grip strength and in body composition in patients on hemodialysis?
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 5	Track 4	144/2197	Proliferative effect of Vitamin D on Candida albicans
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 5	Track 4	144/2224	Risk factors for the development of CVD by using of Framingham Risk Score in elderly
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 5	Track 4	144/2187	Vitamin D modulate the human neutrophils response against Candida albicans
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/2313	Appetite and symptoms of women with gynecological cancer attended at Barretos Cancer Hospital: a pilot study
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/2306	Association of vitamin b12 and homocysteine with cognitive decline in elderly patients with cardiovascular diseases
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/2308	Associations of Stress Management with Metabolic Syndrome in Japanese -Saku Cohort Study-
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/2297	Cities changing diabetes mellitus: a representative survey of Mexico City
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/228	Nutritional status of HIV seropositive volunteers in Oyo state Nigeria
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/2251	Self-perception of corpulence in an adult population sample according to gender, age and educational level
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 6	Track 4	144/2254	The Association between All Ranges of Birth Weight and Weight Status in Childhood: by Gestational Age
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 7	Track 4	144/2378	Efficacy of nutrition support amongst tuberculosis patients at selected referral hospitals in Malawi
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 7	Track 4	144/2403	Impact of pre-surgical dietetic preparation on the weight loss.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 7	Track 4	144/2363	Metabolic syndrome and its relationship with obesity in procreative women in Morocco
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 7	Track 4	144/2326	Nutritional status of hospitalized patients by subjective evaluation in Public Hospitals of Asunción and Metropolitan Area during 2017. Preliminarie study.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 7	Track 4	144/2391	Preventissimo – Health Assessment and Counselling with e-Health
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 7	Track 4	144/234	Serum Albumin Levels and All-cause Mortality in Prevalent Peritoneal Dialysis Patients
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 8	Track 4	144/2402	Assessment of weight loss after bariatric surgery of a sample of adolescents.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 8	Track 4	144/244	Effectiveness of a dietotherapeutic intervention on the lipids profile and the nutritional status in breast cancer women
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 8	Track 4	144/2409	Evaluation of dietary habits influence on the acne vulgaris manifestation.
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 8	Track 4	144/2440	Lipid accumulation product: a simple and accurate index for predicting changes in serum levels of C reactive protein
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 8	Track 4	144/2415	Prevalence of coronary heart disease risk factors in patients with high LDL cholesterol levels, with or without familial hypercholesterolemia diagnoses: A cross-sectional study in Rio de Janeiro

Wednesday, October 18	09.00 - 10.00 h	Touch Screen 8	Track 4	144/2404	What is the perception of body image in a group of adult women?
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/2492	Effect of diet on gastrointestinal symptoms in patients with irritable bowel syndrome (IBS) stratified by antigliadin (AGA) antibodies
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/837	Establishment of hemoglobin measuring method for the prevention of sports anemia in female athletes
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/2495	Establishment of hemoglobulin measuring method for the prevention of sports anemia in female athletes
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/2507	Intravenous Arginine Administration Promotes Endothelial Progenitor Cells Mobilization and Attenuates Lung Injury in Mice with Polymicrobial Sepsis
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/2442	Risk of malnutrition at admission of cancer patients. Study of cases treated in one year
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/2499	Role of fatty acid binding Protein 4 as an adipokine to regulation bone resorption during postmenopause osteoporosis mice fed by high fat diet
Wednesday, October 18	09.00 - 10.00 h	Touch Screen 9	Track 4	144/2461	Splenic interstitial fluid proteomic profile during protein malnutrition and Leishmania infantum infection
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/369	Effect of pre, co and post load of dried stripped radish with a rice on postprandial glycemia in healthy female students
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/397	Effects of Avena nuda L. on Chinese patients with hypertension associated with type 2 diabetes mellitus: secondary analysis of a randomized clinical trial.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/400	Effects of meal Intervention combined with walking on exercise ability and physique of middle - aged and old people
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/326	Quinoa consumption reduces serum triglycerides in overweight and obese people
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/398	The control of blood glucose and complications among Type 2 diabetes mellitus patients based on the dynamic changes of dietary intake during the follow-up survey period
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/399	The positive effects of naked oat on glycemia and blood lipid risk factors for cardiovascular disease in patients with type 2 diabetes and metabolic syndrome: one year results of a RCT
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 1	Track 4	144/329	Whole milk increased HDL cholesterol compared to skimmed milk without adversely affecting other lipids, glucose, and insulin in a 2x3 week crossover study
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/842	Assisting the management of nutrition care with computer systems.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/834	Body composition by bioelectrical impedance in a multi-ethnic population from Germany, Mexico and Japan
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/806	Effect of different dietary oil combined with Lycium barbarum polysaccharide extract on liver fibrosis induced by CCl4 in rats
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/815	Effects of melatonin on glucose homeostasis, antioxidant ability and adipokine secretion in NA/STZ-induced diabetic ICR mice
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/807	Effects of oral balanced nutritional supplement on inflammation and oxidative stress in hemodialytic patients
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/836	Long-term dityrosine administration induces myocardial dysfunction by oxidative stress
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 10	Track 4	144/830	Nutrition and outcome of non alcoholic cirrhotic patients: A prospective study
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/861	Diet quality scores and lung cancer risk: a case-control study of adults men from the north-eastern region of Poland
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/883	Intake of Added Sugars and Saturated Fat in Heart Failure
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/884	Low HDL is associated with reduced glomerular filtration rate in children with overweight/obesity.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/928	Nutrition screening for over nutrition in adults aged 18-49 years in urban city of Kampala, Uganda
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/865	Polish adapted Pro-Mediterranean diet score and other dietary patterns and breast or lung cancer risk: a pooled analysis of two case-control studies

Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/938	Potential renal acid load: A dietary predictor of serum uric acid
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 11	Track 4	144/872	The association between dietary cholesterol intake and dyslipidemia prevalence among adults in China: findings from the China Health and Nutrition Survey
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 2	Track 4	144/435	Comparison of two approaches of nutritional education in the management of diabetes
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 2	Track 4	144/382	Effects of plant-based diet on renal function in CKD patients
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 2	Track 4	144/432	Increased circulating inflammatory markers may indicate that formula-fed children are at risk of atherosclerosis.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 2	Track 4	144/395	Relationship between the age of introduction of the egg in the diet and the diagnosis of IgE mediated egg allergy
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 2	Track 4	144/413	The Interplay Between Mother's Knowledge, Attitude and Practice , BMI and Infants' Nutritional Status in Delta State, Nigeria
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 2	Track 4	144/415	The Prevalence, Awareness, Treatment, and Control of Hypertension among Chinese adults in 2012
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/463	Associations of waist-to-height ratio with emotional eating, irregularity of eating, eating fast, eating until full, external eating and making environment to promote eating in Japanese adults
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/454	Determination of the presence of food addiction and identification of the motivations for eating in a sample of young Chilean adults.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/450	Effect of adherence to carbohydrate counting on metabolic control in children and adolescents with Type 1 Diabetes Mellitus
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/438	Effect of Formulated Drink and Snack From Cocoa, Moringa, Composite Flour and Thaumatococcus Danielli as an Organic Sweetener on the Nutritional Status of Wister Rats.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/451	High FODMAP products consumption among children with gastrointestinal disorders
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/457	Nutritional management of undernutrition in sickle cell disease using an enriched porridge
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 3	Track 4	144/436	Vitamin B12 Deficiency Associated with Use of Metformin in Elderly Adults with T2 Diabetes Mellitus
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/486	A multi-ethnic Australian cohort with coronary heart disease adhere well to a Mediterranean diet intervention and improve plasma adiponectin levels
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/481	Copper and zinc biomarker levels and risk of colorectal cancer in a European cohort
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/471	Effect of dietary supplementation of 25-Hydroxyvitamin D3 on immune responses of chickens
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/595	Gastrointestinal symptoms, hydrogen excretion and gastrointestinal conditions measured with SmartPill® in irritable bowel syndrome patients - meal study on low-FODMAP and regular rye bread-meals
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/495	Omega-3 polyunsaturated fatty acids and malignant ventricular arrhythmias in patients with implantable cardioverter defibrillator
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/497	Randomised controlled trial: artisan wheat bread vs. industrial wheat bread to relieve the symptoms of irritable bowel syndrome
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 4	Track 4	144/505	The effects of probiotic Lactobacillus fermentum ME-3 (LFME-3) containing Reg'Activ Cholesterol supplement on blood lipoprotein profiles and inflammatory cytokines
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/522	Anthropometry according to body mass index, height for age and waist circumference in children between 2 and 18 years of age with Down Syndrome of Cali and Bucaramanga, Colombia
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/520	Association between glycemic control, eating habits, physical activity and depression among diabetes patients in morocco

Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/521	Body mass index, height for age and waist circumference in children between 2 and 18 years of age with Type 1 Diabetes Mellitus from the Hospital Universitario del Valle "Evaristo García" in Cali, Col
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/525	Daily food consumption in Colombian schoolchildren and adolescents with functional gastrointestinal disorders
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/527	Establishment of simple method for evaluating gut microbiota using T-RFLP
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/535	Serum 25(OH)D Concentration and Metabolic Syndrome among Adults in Southwest China
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 5	Track 4	144/540	Workplace feeding practices and relationship with the anthropometric indices of bank employees in Enugu north senatorial zone, Enugu state
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 6	Track 4	144/539	Counseling on IYCF practice to sick baby (neurologically damaged & other) to improve breastfeeding status -a hospital based study in Bangladesh
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 6	Track 4	144/590	Effectiveness of homemade improved recipe with nutrition counselling in the management of severely wasted and severely underweight children
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 6	Track 4	144/554	Impact of physical activity (45 minutes daily and 15 minutes three times a day after meals) on Body Mass Index of Type 2 Diabetes Mellitus female patients
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 6	Track 4	144/598	Influence of pubertal stage in cut off values of waist circumference associated to altered anthropometric variables and blood pressure as cardiometabolic risk markers in Brazilians adolescents.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 6	Track 4	144/613	The Effect of Black Seed Powder on Blood Glycaemia, Blood Lipidemia and Body Composition on Adults at Risk for Cardiovascular Diseases
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 6	Track 4	144/555	The role of phytochemicals in foods in prevention of non-communicable diseases.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/645	Assessment of urinary sodium excretion among UAE population
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/633	Dietary intake and nutritional status of patients with Phenylketonuria in Taiwan
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/637	Distribution of dietary carbohydrate loading by kiwifruit alters glycaemic response characteristics
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/628	Effects of arginine on the mobilization of endothelial progenitor cells and tissue injury in a mouse model of hindlimb ischemia/reperfusion
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/652	KNOWLEDGE AND MANAGEMENT OF FOOD ALLERGY AMONG PRE- SCHOOL CHILD CAREGIVERS IN OGUN STATE. NIGERIA
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/615	Overweight/obesity: looking to expand the lipid profile
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 7	Track 4	144/744	Vitamin D insufficiency affects calcium absorption effectiveness of prebiotics
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/713	25-Hydroxyvitamin D and carotid intima media thickness among overweight and obese children and adolescents.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/724	Association between dietary habits, body composition indices and hba1c of adult type-2 diabetes patients attending routine out-patient clinic review: a cross-sectional study
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/705	Impact of dietary protein intake during first trimester of pregnancy on gestational diabetes mellitus
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/728	Nutrition and cancer in primary prevention: New insights from circadian regulation
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/734	Nutrition knowledge and dietary habits of patients with type-2 diabetes attending post management review clinic: a cross-sectional survey
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/685	Quality of life in obesity. Do depression-anxiety symptoms are present among overweight and obese patients more often than among patients with proper body weight?
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 8	Track 4	144/709	The Effect of Nutritional Counseling on The Dietary Behavior Changes of Type 2 Diabetic Patients
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/804	Alpha lipoic acid alleviates hyperlipidemia and inflammation of visceral adipose tissue in high fat diet plus streptozotocin -treated rat model

Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/776	Cardiometabolic Predisposition at Escuela Agrícola Panamericana Zamorano 2016
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/780	Host transcriptional responses following ex vivo re-challenge with Mycobacterium tuberculosis among a malnourished population
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/654	Impact of transtheoretical method intervention on hyperphosphatemia and fluid control of hemodialysis subjects
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/801	K36, a synthetic caffeamide derivative, improves the pathology of Alzheimer's disease in streptozotocin and high fat diet-induced type 2 diabetic rats
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/743	Perception of changes in health conditions and lifestyle after personalized nutritional intervention: PROCARDIO-UFV study
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 9	Track 4	144/799	Triglyceride–glucose index (TyG index) as an indicator of cardiometabolic risk in overweight man apparently healthy
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 12	Track 5	144/1037	A body shape index (ABSI) as an adiposity measure and diet quality in men: a cross-sectional study (MeDiSH project).
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 12	Track 5	144/1062	A comparison of dietary characteristics among adolescents in two neighboring villages in Chittagong, Bangladesh: A trend towards a micro nutrition transition?
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 12	Track 5	144/1028	Assessment Of Fasting Blood Glucose Level Of Undergraduates In Abeokuta Ogun State Nigeria
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 12	Track 5	144/1390	Nutritional status of school-adolescents in Ogun West Senatorial District, Nigeria.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 12	Track 5	144/1024	The Assessment Of Nutritional Status And Some Biochemical Parameters Of Patients With Hematologic Malignancy
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1089	Body composition of the Polish ski jumpers
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1079	Deuterium compared to 15N-labeling to determine digestive and metabolic fate of milk proteins
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1133	Development of a tool to aid caregivers' recall of snacks among children 12-23 months of age in Kathmandu Valley, Nepal
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1101	Dietary sources of free sugars in European children's diet: the IDEFICS Study.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1067	Model system investigating the low bioavailability of β -carotene from green leafy vegetables
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1082	The effect of protein intake and protein distribution on muscle strength and muscle function in physically active elderly
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 13	Track 5	144/1785	Validation of the Dietary Reference Intakes for predicting energy requirements in elementary school-age children
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 14	Track 5	144/1173	Biofortified beans with iron regenerate hemoglobin values in anemic rats.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 14	Track 5	144/1140	Correlations between serum 25(OH)-vitamin D and fat mass, fat-free mass and total body water in adults of both sexes with different Body Mass Index.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 14	Track 5	144/1175	Enteral Nutrition in the public Children's Hospital of Corrientes: Evaluation of the prescription characteristics.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 14	Track 5	144/1168	In Haitian women and children, iron absorption from wheat flour fortified with NaFeEDTA is higher than from flour fortified with ferrous fumarate and is not affected by H. pylori infection
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 14	Track 5	144/1163	Prevalence and factors associated with underweight, overweight and obesity amongst elderly population living at high altitude regions of rural Uttarakhand, India.
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 15	Track 5	144/1178	Hand dynamometry in elder adults living in an urban destitute community in Guayaquil city
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 15	Track 5	144/1239	Iron absorption from beans with different iron contents evaluated by stable isotopes
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 15	Track 5	144/1260	Malnutrition and associated factors among Hospitalized Geriatric Patients

Wednesday, October 18	11.30 - 12.30 h	Touch Screen 15	Track 5	144/1197	Nutritional State and Body Composition of Elderly consultants In outpatient medicine in Casablanca - Morocco
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 15	Track 5	144/1252	Psychosocial and functional status in hospitalized geriatric patients with malnutrition
Wednesday, October 18	11.30 - 12.30 h	Touch Screen 15	Track 5	144/1185	The Influence of Mineral Status on the Academic Performance
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/1279	Analyzing Protein Oxidation Perturbations and Its Role in Protein Metabolism
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/1306	Calcium supplementation among targeted pregnancies: A life saving strategy to reduce the risk of eclampsia and maternal and newborn deaths
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/1315	Dairy and Calcium Intake by Quilombolas from Rio Grande do Sul- Brazil
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/1311	Dietary intake and metabolic phenotypes in a community-dwelling colombian cohort
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/1298	Differences in anemia diagnosis obtained using venous versus capillary blood: biological basis and policy implications
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/2332	Iodization of salt as successful strategy, combating Iodine Deficiency Disorders (IDD) in Afghanistan
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 1	Track 5	144/1270	Reliability and Validity of the Mediterranean Diet Adherence Screener Among the Iranian Adults
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1882	Assessment of consumption and challenge of food classification in groups: Experts' panel report
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1890	Brazilian food database harmonization: Why food grouping is so important?
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1910	Comparing the effectiveness and cost-effectiveness of facility- versus community-based distribution of micronutrient powders in rural Uganda
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1907	Food frequency questionnaire is a valid tool for the assessment of dietary nutrient intake of Sri Lankan pregnant women
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1893	Greater height growth and overweight in preschool children
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1904	Nutrition Status and Risk Factors Associated in of Hospitalized Children and Adolescents in the Pediatric Service at Hospital São João Porto.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 10	Track 5	144/1902	The potential of Foodbook24 to collect nationally representative nutrient intake data.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1929	Anemia, low consumption of iron-containing foods and enhancer of iron absorption in preschool children of the eastern provinces of Cuba, 2016.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1966	Characterization of the nutritional status, sugar and total fat consumption among preschool age Panamanian children
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1970	Dietary intake of trans fatty acids in paraguayan university students. Preliminar study.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1931	Dietary iron bioavailability: agreement between estimation methods and its association with serum ferritin concentrations of women at childbearing age
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1969	Knowledge and Practices of protein supplements consumption among people who attend gyms in Panama
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1942	Tracing dietary patterns in Bangladesh from 1985 to 2010
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 11	Track 5	144/1975	Validity of two bioelectrical impedance analysis equations in the estimation of fat and fat-free mass in classical ballet dancers
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/2016	Assessment of Nutrient Quality of Selected Asian Dishes Using the Healthy Recipe Framework Criteria
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/1999	Development and evaluation of a reduced protocol for the deuterium oxide dose-to-mother technique to assess exclusive breastfeeding practices
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/1986	Energy and macronutrients dietary intake in female semi-professional classical ballet dancers
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/2021	Fat Mass Index versus Body Mass Index to Assess Obesity in Mexican Children

Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/2028	Is drinking mate associated with poor diet quality and food and nutrient intakes among South American adults?
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/2020	Sensitivity of the development of food-based recommendations using linear programming to model parameter and constraint decisions
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 12	Track 5	144/1980	Urinary sodium and potassium excretion in adult population from Quito
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 13	Track 5	144/2051	A lateral flow immunoassay for quantification of alpha-1-acid glycoprotein as a diagnostic tool for rapid, mobile-based determination of inflammation
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 13	Track 5	144/2040	Anthropometric characteristics, diet quality and difference in food intake between women with and without polycystic ovary syndrome
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 13	Track 5	144/2053	Percent body fat prediction using body mass, stature and abdominal circumference in adults seen in the Family Doctor Primary Care Program units in Niterói, Rio de Janeiro, Brasil
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 13	Track 5	144/2032	Sodium and iodine urinary excretion and your relation with blood pressure levels and nutritional status on schoolchildren in Rio de Janeiro
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 13	Track 5	144/2056	Validity of skinfold predictive equations to determine body composition in adults from primary health care units in Niterói, Rio de Janeiro, Brasil
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 13	Track 5	144/2052	Vitamin B12 Intake and Status in Early Pregnancy in Women in Southern India
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2086	Assessment the nutritional status and food intake of athletes of the Handball team of the of Guarulhos City- SP
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2126	Association between dietary intake and demographic and clinical aspects of Brazilian cancer patients
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2103	Blood pressure in relationwith BMI and body fat in Moroccan school children: A cross sectional study.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2096	Body composition in Moroccan children using isotope dilution: Development and validation of bioelectrical impedence analysis equations for prediction total body water and fat-free mass
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2081	Development of a non-milk water intake cutoff to identify exclusive breastfed infants using the deuterium oxide dose-to-mother technique
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2165	Nutritional status of rural youth in the province of Tucumán, Argentina
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 14	Track 5	144/2082	Previous step to analyze 24-h dietary recalls: standardization of the food composition database for the "Growth and Obesity Cohort Study".
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/2128	Anthropometric study by gender in semi-urban schoolchildren in Kenitra city-Morocco
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/753	Anthropometric study by socioeconomic status in semi-urban schoolchildren in Kenitra city in north-west Morocco
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/2179	Creating the new lexicon for the next generation of dietary assessment methods
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/2139	Development of a new tool for dietary data collection: SER-24h, software for 24 hours Recall.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/218	Nigerian biscuits contributed one-fifth of vitamin A daily requirement of pre-school children
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/2200	Prevalence of overweight and obesity and its association with sociodemographic factors among a National representative sample of Ecuadorian children and adolescents.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 15	Track 5	144/2164	Working on atypical schedules and its negative impact on food intake in Brazilian shift workers
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/314	Anthropometric indices and the effect of exercise on some urinary analysis among adolescents in secondary schools in Nsukka Local Government Area, Enugu State, Nigeria
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/1384	Anthropometric profile, somatotype and body composition of rugby union players according to playing position.

Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/1375	Chemical, phytochemical and antinutrient composition of aloe vera (<i>Aloe barbadensis</i>) sourced from three states of South-east of Nigeria.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/1330	Methodology for assigning glycemic index values to 24 hour recall database of Indian foods
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/1414	Nutritional status, food selectivity and nutritional adequacy of children and adolescents between 6 and 16 years old with autistic spectrum condition
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/1379	Relationship between body composition and playing level in rugby union players.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 2	Track 5	144/1372	The impact of iron supplementation and daily aerobic exercise on physical fitness in non-anemic Chinese women
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 3	Track 5	144/1417	Assessment of the validity and reliability of the Dietary Index for a Child's Eating (DICE) in children aged 2 to 8 years living in Auckland, NZ.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 3	Track 5	144/1483	Food consumption, diet quality and diversity of rice-based farm households in Central Luzon, Philippines
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 3	Track 5	144/1438	Hidden hunger in Indonesia: What are still hidden?
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 3	Track 5	144/1457	The pilot Korean Key Foods based on diet consumption
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 3	Track 5	144/2525	The pilot Korean Key Foods based on diet consumption
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 3	Track 5	144/1465	The relationship among household food insecurity, dietary diversity, and micronutrient intake between farming and non-farming households in selected rural communities across Ghana
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 4	Track 5	144/1509	Application for measuring frequency of eating high-fat foods – comparison with other methods
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 4	Track 5	144/1484	Consumption of ultra-processed foods among Japanese middle-aged adults and the associations with dietary intakes and BMI
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 4	Track 5	144/1532	Diet Quality Indices: Samples From World
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 4	Track 5	144/1551	Physical characteristics, proximate composition and anti-nutrient factors of lablab bean (<i>Lablab purpureus</i>) varieties grown in Kenya.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 4	Track 5	144/1514	The Level of Hemoglobin and the Mean Corpuscular Volume (MCV) among Preconception Women in Banggai Regency
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 5	Track 5	144/1584	A human cross-over study to test differences in bioavailable protein using a dual stable isotope ratio method.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 5	Track 5	144/1612	Body weight control, nutrient intake and restrained eating behaviours of healthy adults
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 5	Track 5	144/1613	Effects of iodised salt and iodine supplements on prenatal and postnatal growth: a systematic review
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 5	Track 5	144/1566	How well do different nutrition assessment tools match? Insights from Kenya
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 5	Track 5	144/1588	Prevalence of non-communicable diseases and their association with subclinical micronutrient deficiencies in urban elderly of south India.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 5	Track 5	144/1605	Vitamin D and its relationship with obesity, dyslipidemia and diabetes mellitus 2 in adult women, Lima - Peru
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 6	Track 5	144/1620	Alternate day dosing, and single morning doses rather than b.i.d. dosing, maximize total and fractional iron absorption from oral iron supplements: stable iron isotope studies in iron-depleted women
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 6	Track 5	144/2693	Dietary intake and sources of Added Sugar among Brazilian population: results from ELANS/EBANS study
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 6	Track 5	144/1638	Effect of different amounts of alcohol intake on gut microbiota composition of healthy adults.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 6	Track 5	144/1626	Harmonization of dietary intake assessment in Balkan region using Diet Assess & Plan (DAP) platform

Wednesday, October 18	12.30 - 13.30 h	Touch Screen 6	Track 5	144/1618	Nutritional Status Assessment of Elite Male Cricketers from Gujarat, India
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1711	Calf circumference as a predictor factor of mortality in elderly cancer in Brazil and Portugal
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1687	Effects of iron-biofortified crops on cognitive function: findings from randomized controlled efficacy trials involving pearl millet in Indian adolescents and beans in Rwandan university students
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1673	Exploratory study on fatty acid profile from several edible fish species in Chile
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1707	Market assessment of oil brands to assess their availability and compliance with vitamin A fortification standards in Pakistan
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1656	Monitoring and evaluation of diet-related NCD risk factors under nutrition transition: A secondary analyses of the data of National Food Consumption Survey, Lao PDR
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1692	Protein Intake, Protein Quality, Protein Status and Early Childhood Linear Growth in Rural Ethiopia
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 7	Track 5	144/1701	Validation of a mobile application as a tool to estimate food intake in adults
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1795	An Assessment of the Quality of DHS Anthropometric Data, 2005-2014
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1731	Comprehensive food and nutrient database of the DietSys system for diet surveys in Brazil, Argentina, and the United States
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1797	Design of clinical trials in adults with metabolic syndrome. Systematic review.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1765	Effect of diets rich in saturated fatty acids on thymus of growing rats.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1791	Evaluation of risk factors that predispose to metabolic syndrome the workers of the São Camilo University Center participants of the project "HEALTH FOR ALL" - São Paulo - Brazil.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1742	Somatotipo and Nutritional Status of Schoolchildren of Etnia Mapuche of the Commune of Padre las Casas-Chile.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 8	Track 5	144/1806	Variation of the expressions of loss in the metabolic syndrome, in children and adolescents: dietary intervention and physical exercise.
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 9	Track 5	144/1831	Assessment of the adequacy of dietary intake of workers from an educational institution located in the Central region of São Paulo City-Brazil
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 9	Track 5	144/1830	Better micronutrient intake could be related to physical fitness in older adults?
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 9	Track 5	144/1846	Dietary intake of vitamin B6 among Indian rural population
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 9	Track 5	144/1871	Micronutrients intake, body composition, and lipoprotein-lipid concentrations in obese women
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 9	Track 5	144/1825	Nutritional condition and sedentary behavior in English and Brazilian older adults: the ELSA and SABE cohort studies
Wednesday, October 18	12.30 - 13.30 h	Touch Screen 9	Track 5	144/1850	Role of α -tocopherol transfer protein on the cellular uptake and intracellular localization of α -tocopherol and α -tocotrienol in cultured liver cells.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2232	Anemia in children under 35 months old in three areas of Peru 2015
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2212	Energy expenditure of selected daily activities in adults from Niterói, Rio de Janeiro, Brasil
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2223	National prevalence of anemia in school age children in rural and urban areas of Peru
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2210	Nutritional Status Evaluation by Anthropometric Assessment of a Group of Workers in São Paulo City, Brasil.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2215	Physical and Anthropometric Characteristics of Children in the School Breakfast Program in Northwest Mexico (1996-2015 period)
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2213	Quality of water for human consumption in households in three areas of Peru 2015
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 1	Track 5	144/2485	Underreporting of energy intake in a probability sample of the Brazilian adult population

Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/2703	Association between dietary calcium intake and nutritional status and waist circumference in urban Costa Rican population: results from the Latin American Study of Nutrition and Health (ELANS)
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/273	Association between manganese intake and Body Mass Index in a population based Survey In São Paulo, Brazil.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/2681	Body Mass Index of Patients with Dentofacial Deformities Before and After Mono and Bimaxillary Orthognathic Surgery
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/269	Causal Analysis of under-nutrition in Jeju and Melka Belo districts of Oromia region of Ethiopia
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/2715	Energy, macro and micronutrients adequacy by sex in Peruvian adolescents and adults: results from the ELANS study
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/2675	Entomophagy: a possible solution to protein energy malnutrition in developing countries
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 10	Track 5	144/2702	Hypovitaminosis D in overweight/obese children residents of a low-income community in the Southeast of Brazil
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2775	Assessment of food consumption and nutrient intake of outpatients with chronic diseases at a university federal hospital in Rio de Janeiro.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2736	Associations between Nutrition status and the degree of independence in dementia elderly's activity of daily living in the elderly in Nursing Care Facilities in Japan
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2753	Comparison of nutritional status y perinatal outcomes between immigrant and Chilean pregnant women who attended their delivery at San Borja Arriaran Hospital in the year 2015.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2794	Elevated Neck Circumference in patients with Type 2 Diabetes Mellitus
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2792	Energy density and nutritional adequacy in diet of children and adolescents in a Summer Camp, 2017
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2787	Is Neck Circumference a good indicator to identify muscle wasting in children and adolescents with malignant neoplasms?
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 11	Track 5	144/2757	Serum vitamin B12 levels in patients with type 2 diabetes treated with metformin
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/2849	Bioequivalence of Micronutrient Powders to Conventional Fortification on Serum Zinc Levels of Moderately Malnourished Children in Thika Informal Settlements, Kenya
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/2814	Comparison of predictive equations of lean mass in women
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/289	How different is the diet of obese patients compared to the normal weight people?
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/2815	Muscle Wasting and Nutrient Intake Assessment of Patients Hospitalized With Pressure Injury Under Oral And Enteral Nutritional Therapy
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/2798	Objective Structured Test to Evaluate Food Intake Assessment Skills on Nutrition & Dietetic Students
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/2830	Prevalence of Malnutrition in Hospitalized Patients with Pressure Injury
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 12	Track 5	144/288	Subjective Global Assessment for the Diagnosis of Protein–Energy Wasting in peritoneal dialysis patients
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 13	Track 5	144/320	Assessment of body composition and dietary intake, and its relation to athletic performance in first division football players of O.H.A Macabi Club, during 2016.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 13	Track 5	144/296	Association between Dietary Serine Intakes and Type 2 Diabetes among Chinese Adults in Harbin, China
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 13	Track 5	144/319	Measuring adiposity among women in Narok County, Kenya: Comparison between body mass index, waist-hip ratio, waist circumference, fat mass index and percentage fat mass
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 13	Track 5	144/335	Nutritional status and functional capacity in hospitalized oncological patients
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 13	Track 5	144/309	Test-retest reproducibility of dietary patterns assessed with a food frequency questionnaire (KomPAN): Study in Polish adolescents and adults.

Wednesday, October 18	15.30 - 16.30 h	Touch Screen 13	Track 5	144/323	Validation of prediction equations of basal metabolic rate by indirect calorimetry in patients with type 2 diabetes
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/370	Beverage consumption and body mass index of adolescents in Odeda Local Government Area, Ogun State, Nigeria
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/364	Contribution of selected traditional green leafy vegetables to micronutrient intake of women and children 2-5 years in Eleruwa farming community, Oyo state Nigeria
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/427	Effect of red palm oil beans stew on serum vitamin A and haemoglobin concentrations of school children in Ghana.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/426	Mixed green leafy vegetables powder consumption improves anaemia status of Ghanaian school children.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/422	Socioeconomic disparities and nutritional quality of food purchases in France: 40 years of household purchases 1969-2010
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/389	Standardization, proximate and mineral contents of selected indigenous soups in South West, Nigeria.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 14	Track 5	144/371	Validity of reported night blindness as an indicator of vitamin A deficiency status during pregnancy
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/477	Adequacy of Nutrient Intakes among Under-five Children in Southwest Nigeria.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/482	Hematimetric indices cannot differentiate between iron deficiency anemia with or without concomitant deficiency of vitamin B12 and/or folate.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/462	Nutritional value of sea cucumber (Holothuroids) underutilized marine source
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/476	Sodium benzoate in soft drinks, a health threat for children
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/442	Vitamin d deficiency in children (6-18 years) residing at high altitude regions of Himachal Pradesh, India
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/437	Vitamin D Insufficiency and Risk of Metabolic Syndrome in Elderly Adults with Type 2 Diabetes Mellitus
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 5	144/1160	Dietary patterns of Brazilian adolescents associate with anthropometric and lifestyle factors
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 2	Track 5	144/2230	Excess Body Fat in Eutrophic Adolescents and Risk of Blood Pressure Change
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 2	Track 5	144/223	Implementation of Nutrition-Sensitive Agriculture in the Central Province of Zambia
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 2	Track 5	144/2238	Intake of macronutrients in Peruvian children 6 to 35 months of age in Peru 2015
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 2	Track 5	144/2248	Micronutrient consumption in Peruvian children 6 to 35 months old, Peru 2015
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 2	Track 5	144/2255	Minimum food diversity in peruvian children 6 to 23 months old
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 2	Track 5	144/2219	Reference interval for methylmalonic acid in dried blood spots of young, adult women to facilitate screening of vitamin B-12 deficiency in field settings
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 3	Track 5	144/2286	Development of an interactive technological tool that use the Leap Motion controller, as a tool to estimate food portion size: a viability pilot study
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 3	Track 5	144/2300	Iodine nutritional status in fertile age women In the province of Jujuy, Argentine
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 3	Track 5	144/2257	Nutri-Campechada 2016: Nutrimetry application to high-school adolescents
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 3	Track 5	144/2277	Nutritional surveillance of iodine by consumption of iodized salt in children under 36 months of age Peru 2015
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 3	Track 5	144/2260	Prevalence of goitre and associated factors amongst school age children in a backward district of Rajasthan state, India
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2344	Association between Indian Diabetes Risk Score (IDRS) and non IDRS components among Indian adults

Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2328	Big Data Methods and Pupillary Response: Cracking the code of Dark Adaptometry for vitamin A Deficiency
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2307	Dependent relationship study between anthropometric initial evaluation and body dissatisfaction in an eating disorder patients unit at the City of Buenos Aires.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2333	Diet, anthropometry and gut permeability in Mexican children with autism spectrum disorders
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2352	Iron deficiency anemia and Helicobacter pylori infection: Is there a link?
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2316	New Dietary Assessment Technology for Individual-level Dietary Data Collection in Low-Income Countries: The development process of INDDX24
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 4	Track 5	144/2348	The relationship between adult women's Vitamin D intake and status and their anthropometric status
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 5	Track 5	144/2401	Iron deficiency anemia and Helicobacter pylori infection: Is there a link?
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 5	Track 5	144/2356	Nutrient content of Chaya (Cnidioscolus aconitifolius): an underutilized vegetable plant
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 5	Track 5	144/2397	Nutrition and health monitoring system development in the US affiliated Pacific: The Children's Healthy Living Network
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 5	Track 5	144/2387	Prevalence of hospital malnutrition in children under five years of age in a hospital of reference
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 5	Track 5	144/2355	Selenium pathway genotypes are associated with colorectal cancer risk and modified by selenium status
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 5	Track 5	144/2375	Sorghum Cookies Enriched With Carotenoids From Sweet Potato Keep High Iron Bioavailability In Wistar Rats
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2760	Association between neck circumference and central adiposity predictors.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2446	Characteristics of the diet in the Argentine population. Results of ELANS study.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2428	Identifying dietary strategies to improve nutrient adequacy among Ethiopian infants and young children using linear modelling
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2431	Nutritional status by gender, age range, SEL and region among Argentine population. Results of ELANS study
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2437	Reported dietary intake: Analysis of calcium usual intake among Argentine population. Results from ELANS study
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2407	The impact of taste preferences on macronutrient intake
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 6	Track 5	144/2426	Use of Computer Vision Techniques for automatic food classification by size
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2456	Anthropometry and the meal patterns among university students in Kenitra city, Morocco.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2512	Accuracy and reliability of a low-cost, handheld 3D imaging system for child anthropometry
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2531	Brazilian nut intake has no influence on body composition in obese women
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2488	Hunger, satiety and binge eating ; is there a difference on caloric estimation of CHO-based foods?
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2508	Is Examination Period Related with Increased Caffeine Intake Among University Students?: A Cross Sectional Study
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2455	Lipid Accumulation Product utilization in Brazilian adults men: comparison with the Body Mass Index
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 7	Track 5	144/2471	Neck Circumference To Identify Excess Adiposity In Hospitalized Patients
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2539	A Model for Digitalization of The Nutrition Journey – Case Insights from the NutriDia App Development for Cancer Patient Counselling
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2560	Comparison of sociodemographic and nutritional characteristics between vegetarians, vegans and meat eaters from the NutriNet-Santé study

Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2598	Intra-individual differences in plasma ferritin concentration in relation to inflammation observed during a short-term longitudinal study are similar to cross-sectional inter-individual differences
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2609	Iron and Vitamin C intake in school-age children in Poland
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2540	Man or machine - a review of smart ICT assisted Realtime Dietary Assessment Technologies (RDAT) for automated dietary data assessment
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2543	Nutritional profile of jiu jitsu fighters and analysis of its knowledge regarding Diet Gracie
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 8	Track 5	144/2571	Vitamin D values in serum in relation to the nutritional status and life habits in a group of healthy volunteers from Medellín, Colombia
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2668	Accuracy of accelerometer for prediction of energy expenditure and activity intensity in athletic elementary school children during selected activities
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2663	Analysis of the usage and characteristics of dietary supplement consumers of urban Costa Rican population. Results from ELANS Study
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2627	Effect of domestic cooking methods on all Trans and cis isomers of beta carotene retention in green leafy vegetables
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2674	Evaluation of the performance of a nutritional screening tool for patients admitted in a third level pediatric hospital of Buenos Aires, Argentina.
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2610	Nutritional status in patients with chronic hepatitis C
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2642	Prevalence of Malnutrition in patients with Inflammatory Bowel Disease
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 9	Track 5	144/2640	Turkish version of MEDFICTS assessment tool versus 24-hour dietary recall method for estimating dietary fat intake
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 7	144/1995	Timely counselling as a strategy to improve age appropriate infant and young child feeding (IYCF) practices among mothers from urban slums of Vadodara
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 7	144/2182	Association between breakfast consumption and chronotype in Brazilian undergraduate students
Wednesday, October 18	15.30 - 16.30 h	Touch Screen 15	Track 7	144/552	Acceptance by citizens of sea cucumber (Holothuroids) as ceviche dish.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/519	Anemia prevalence estimates in Cambodian women vary widely by method of hemoglobin measurement and type of blood sample collected
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/566	Evaluation of the menus offered to preschool children in the city of Botucatu. SP.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/543	Hypocaloric diet- a good thing or a bad thing?
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/571	Nutrient and anti-nutrient content of Citrus lanatus whole fruit, and pulp
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/528	Nutritional health of university administrative staff: Risks and opportunities
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/594	The Effect of Vitamin D and Omega-3 Fatty Acids Supplementation on Athlete's Metabolism
Thursday, October 19	08.00 - 09.00 h	Touch Screen 1	Track 5	144/578	Urinary calcium in Moroccan schoolchildren and adolescents
Thursday, October 19	08.00 - 09.00 h	Touch Screen 2	Track 5	144/605	Analysis of dietary components of pregnant women with uncomplicated gestational hypertension and gestational hypertension complicated by hypothyroidism.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 2	Track 5	144/620	Comparison of dietary diversity score (DDS) according to the Socio-economic status among rural middle school children in the northwest of Morocco.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 2	Track 5	144/640	Complementary feeding practices and stunting among infants and young children in the Northern Province of Rwanda
Thursday, October 19	08.00 - 09.00 h	Touch Screen 2	Track 5	144/599	Dietary intake and nutrition knowledge of competitive table tennis players
Thursday, October 19	08.00 - 09.00 h	Touch Screen 2	Track 5	144/596	Predicting Standing Height from Height Proxies for The Determination of Body Mass Index (BMI) of Older Persons in Abia State, Nigeria
Thursday, October 19	08.00 - 09.00 h	Touch Screen 2	Track 5	144/649	Usual micronutrient intakes of young children in the Philippines are severely inadequate

Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/680	Associations between fat free mass and muscle strength and physical performance in a group of older women from Argentina.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/676	Breast milk intake in a group of exclusive or partial breastfed infants from Argentina: preliminary study.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/658	Dietary intake of adolescent soccer players
Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/717	Dietary supplement intakes among high school male athletes
Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/687	Effect of milk added with cocoa powder on apparent calcium absorption in an experimental model in rats.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/674	Food-to-food fortification of pearl millet instant porridge to increase iron and zinc nutritive values
Thursday, October 19	08.00 - 09.00 h	Touch Screen 3	Track 5	144/659	One year administration of omega-3 supplements reduces atherosclerosis progression and oxidative stress in obese patients
Thursday, October 19	08.00 - 09.00 h	Touch Screen 4	Track 5	144/735	Associations between intra-abdominal fat, physical activity, diet, and blood pressure in obese children.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 4	Track 5	144/722	Determination of niacin activity in wheat germ using quinolinate phosphoribosyltransferase deficient mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 4	Track 5	144/767	Dietary patterns described by Principal Component Analysis and sodium intake in healthy adults.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 4	Track 5	144/783	Iron intake and status: how are the residents of São Paulo, Brazil
Thursday, October 19	08.00 - 09.00 h	Touch Screen 4	Track 5	144/817	Iron, Vitamin B12, and Folate Biomarkers and Anemia in Women Participating in a Randomized Trial of Double-Fortified Salt in Darjeeling, India
Thursday, October 19	08.00 - 09.00 h	Touch Screen 4	Track 5	144/785	Nutrition Knowledge and food portions ingestion of adolescent soccer players
Thursday, October 19	08.00 - 09.00 h	Touch Screen 5	Track 5	144/818	Assessment of nutritional status, eating habits and their determinants among Makerere University students, Uganda
Thursday, October 19	08.00 - 09.00 h	Touch Screen 5	Track 5	144/963	Duration of hospital stay and body composition by octopolar electrical bioimpedance: Kaplan-Meier method analysis. Pilot study.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 5	Track 5	144/927	Performance of the GloboDiet-Brazilian version software for dietary intake assessment
Thursday, October 19	08.00 - 09.00 h	Touch Screen 5	Track 5	144/855	Predictors of sub-clinical vitamin A deficiency in Senegalese 6 months lactating women
Thursday, October 19	08.00 - 09.00 h	Touch Screen 5	Track 5	144/890	Risk of abdominal adiposity among Brazilian schoolchildren, 2002, 2007 and 2012/13
Thursday, October 19	08.00 - 09.00 h	Touch Screen 5	Track 5	144/937	Sodium excretion in a group of young adults from Argentina: relationship to body mass index and blood pressure.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/969	Amino acid profile of different productive lines of chicken, turkey and pork meat
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/997	Association of body image dissatisfaction and body mass index trajectory of students from Rio de Janeiro: Adolescent Nutritional Assessment Longitudinal Study - ELANA
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/983	Nutritional Assessment and the influence of breastfeeding in patients with Down Syndrome
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/976	Nutritional evaluation of autistic children
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/989	Self-administered structured food record for measuring individual energy and nutrient intake in large cohorts: design and validation
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/968	Use of nutritional supplements in normal adults. Neighborhood New City- Asunción-Paraguay.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 6	Track 5	144/980	Validity of a food-frequency questionnaire for dietary inflammatory index: the JPHC FFQ Validation Study
Thursday, October 19	08.00 - 09.00 h	Touch Screen 10	Track 6	144/1460	Dietary amino acids control lipid accumulation in the liver, skeletal muscle or adipose tissue in an amino acid-specific manner.

Thursday, October 19	08.00 - 09.00 h	Touch Screen 10	Track 6	144/1502	Effect of different amylose content on the quality of Funori (<i>Gloiopeltis furcata</i>) added rice noodles
Thursday, October 19	08.00 - 09.00 h	Touch Screen 10	Track 6	144/1428	Effect of the consumption of EPA and DHA derived from microalgae in CD1 mice.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 10	Track 6	144/1501	Enzymatically-synthesized glycogen inhibits inflammatory response in antigen-induced basophilic and mast cells
Thursday, October 19	08.00 - 09.00 h	Touch Screen 10	Track 6	144/1430	EPA and DHA consumption extracted from microalgae and its effect on anthropometric and biochemical parameters.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 10	Track 6	144/1469	Food supplements based on compounds from the traditional nutrition in Bulgaria
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1543	Antioxidant Activity and Protective Effect on PC12 against H ₂ O ₂ of <i>Epimedium koreanum</i>
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1607	Effects of 6 month resveratrol supplementation on verbal memory performance in healthy elderly adults - a randomized controlled trial
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1513	Effects of bran particle size on glycemic responses. A randomized clinical trial in healthy humans.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1511	In vivo study of antioxidant capacity of chia (<i>Salvia hispanica</i> L.) in <i>Saccharomyces cerevisiae</i>
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1521	Nigaichigoside F1 from <i>Lanbuzheng</i> (<i>Geum japonicum</i> Thunb.) inhibits oleic acid-Induced hepatic steatosis in HepG2 cells
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1576	Protective Effects of Hydrolyzed Nucleoproteins from Salmon Milt Against Ethanol-induced Liver Injury in Rats
Thursday, October 19	08.00 - 09.00 h	Touch Screen 11	Track 6	144/1524	The time course of acute effects of three doses of caffeine on attention, motor speed and mood
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1734	A Polyphenol-rich calafate extract reverts insulin resistance in mice fed with cafeteria diet
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1715	Analysis of the mechanism of isoleucine induced glucose uptake into skeletal muscle
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1744	Bio-active and antioxidant potential of selected wild edible fruits of Indian Himalayan region
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1694	Effects of dietary phenolic compounds from South American plants on fatty acid-mediated interleukin-6 release from mammalian glial cells
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1662	Prenylflavonoid Contents and Antioxidant Activity in PC12 Cells of Five <i>Epimedium</i> Herba
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1697	Quantification of bioactive compounds in cupuaçu almonds (<i>Theobroma grandiflorum</i>)
Thursday, October 19	08.00 - 09.00 h	Touch Screen 12	Track 6	144/1664	The antioxidant properties and fatty acids profile in organic samples of leeks (<i>Allium ampeloprasum</i> var. <i>porrum</i>) and garlic (<i>Allium sativum</i> L.) in natura
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/2147	Analysis of bioactive compounds of noni seeds (<i>Morinda citrifolia</i> L.)
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/1900	Anti-obesity effects of kaempferol by inhibiting early adipogenesis in 3T3-L1 cells
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/1756	Effect of the consumption of hamburgers prepared with addition of wine grape pomace flour, rich in fiber and antioxidants, on oxidative damage markers
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/1905	Effect of the lyophilization process on the content of bioactive compounds from fruit pulps of Brazilian Pantanal
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/1922	Exploring the functional properties of elephant foot yam (<i>Amorphophallus paeoniifolius</i>) to ameliorate perimenopausal symptoms
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/1917	Formulation and acceptability of a freeze-dried maqui (<i>aristotelia chilensis</i>) based healthy snack for elderly
Thursday, October 19	08.00 - 09.00 h	Touch Screen 13	Track 6	144/1928	Hydrolysed pea proteins mitigate in vitro wheat starch digestibility
Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/1943	Amaranth protein acts as a protective factor in liver of hamsters fed with high concentrations of saturated fatty acids and cholesterol
Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/1949	Effect of antioxidant dietary fiber from spent coffee (<i>Coffea arabica</i> L.) grounds on gastrointestinal health of adults

Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/1958	Endosperm of tara seed (<i>Caesalpinia spinosa</i>) and American agave leaves powder regulate body weight gain and intestinal health in Holtzman rats
Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/2036	GPETAFLR, a peptide isolated from <i>Lupinus angustifolius</i> L. protein hydrolysate, exerts anti-inflammatory effects in human primary monocytes
Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/2093	Nutritional, bioactive, and botanical characterization of bee pollen harvested in the Colorado River Valley, Argentina
Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/2109	Propolis ethanolic extract as natural bee pollen load preservative
Thursday, October 19	08.00 - 09.00 h	Touch Screen 14	Track 6	144/2070	The antioxidant dietary fiber from spent coffee (<i>Coffea arabica</i> L.) grounds improve circadian locomotor activity and anthropometric parameters in adults with normal weight and overweight
Thursday, October 19	08.00 - 09.00 h	Touch Screen 15	Track 6	144/2146	Antioxidant activity and sensory analysis of frozen kale pulp (<i>Brassica oleracea</i> L. var. <i>acephala</i>)
Thursday, October 19	08.00 - 09.00 h	Touch Screen 15	Track 6	144/2135	Application of pear orange citrus food fiber (<i>Citrus sinensis</i> Osbeck) in the production of products functional foods
Thursday, October 19	08.00 - 09.00 h	Touch Screen 15	Track 6	144/2152	Effect of <i>Lactobacillus fermentum</i> CRL1446 on immune-metabolic parameters and intestinal microbiota composition in obesity in high-fat diet fed mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 15	Track 6	144/2188	Elaboration and acceptance of cereal bar with flour of flavedo, albedo and orange-pear pulp (<i>Citrus sinensis</i> Osbeck): Options of food products sources of food fiber.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 15	Track 6	144/2132	Polyphenols consumption and expression of genes related to endoplasmic reticulum stress in vascular endothelium
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/1051	A novel α -glucan from an edible mushroom, <i>Grifola frondosa</i> (Maitake), exerts the therapeutic effects on influenza A virus infection
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/401	Antihypoxia and antioxidant effects of small molecule oligopeptides isolated from <i>Panax ginseng</i> C. A. Meyer
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/1053	Beneficial effects of Small Molecule Oligopeptides Isolated from <i>Panax ginseng</i> C. A. Meyer in low-dose alloxan- and high-carbohydrate/high-fat diet-induced diabetic rats, partially by ameliorate pancr
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/1004	Effects of the particle size of Young Barley Leaf Powder on intestinal bacterial flora in rats
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/405	Long-term dietary nucleotides supplements and liver fibrosis in aging rats: a miRNA investigation
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/404	The Effects of Walnut Peptide on Learning and Memory Abilities in Young Mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 7	Track 6	144/403	The influence and mechanism of Bovine collagen oligopeptide on wound healing in mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1093	Effect of black tea derived polyphenols on muscle atrophy and recovery in mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1040	Effects of peptides from Japanese barley on PC12 cells growth and microtubule forming
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1245	Formulation and Characterization of a Cereal Bar as a Functional Food
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1152	Preliminary studies of elaboration, acceptability and nutritional quality of formulations rich in Omega-3 fatty acids for their use in experimental murine models.
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1113	Protective action of <i>Phellinus linteus</i> polysaccharide against radiation-induced haematopoietic abnormality in mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1195	Red pitaya peel extract improved steatosis and inflammation in alcoholic liver disease
Thursday, October 19	08.00 - 09.00 h	Touch Screen 8	Track 6	144/1103	Resveratrol ameliorates renal ischemia-reperfusion injury via activating glyoxalase 1 activity and thioredoxin reductase/thioredoxin system
Thursday, October 19	08.00 - 09.00 h	Touch Screen 9	Track 6	144/1422	Antidiabetic and antihyperuricemic effects of taxifolin, a polyphenol present in octaploid strawberry, in cultured L6 myotubes and type 2 diabetic model KK-Ay mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 9	Track 6	144/1358	Biochemical parameters of dislipidemic rats consuming Macaiba (<i>Acrocomia intumescens</i> Drude)

Thursday, October 19	08.00 - 09.00 h	Touch Screen 9	Track 6	144/1280	Effect of the consumption of hamburgers prepared with addition of wine grape pomace flour, rich in fiber and antioxidants, on plasma antioxidants
Thursday, October 19	08.00 - 09.00 h	Touch Screen 9	Track 6	144/1350	Macaíba (<i>Acrocomia intumescens</i> Drude) decreased visceral fat in dislipidemic rats
Thursday, October 19	08.00 - 09.00 h	Touch Screen 9	Track 6	144/1394	Oral administration of freeze-dried powders of honeybee larvae inhibits development of atopic dermatitis-like skin lesions in NC/Nga mice
Thursday, October 19	08.00 - 09.00 h	Touch Screen 9	Track 6	144/1410	The effects of almond (<i>Prunus dulcis</i>) on the postprandial blood glucose levels in mice
Thursday, October 19	09.00 - 10.00 h	Touch Screen 1	Track 6	144/2275	A systematic review examining the relationship between animal source food intake and growth in children 6 to 60 months in low- and middle-income countries.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 1	Track 6	144/2195	Cytoprotective action against oxidative stress in astrocytes by <i>Bactris guineensis</i> -L.H.E. Moore (<i>Arecaceae</i>) and <i>Pourouma cecropiifolia</i> anthocyanin extracts
Thursday, October 19	09.00 - 10.00 h	Touch Screen 1	Track 6	144/2207	Elaboration of an added dietary ice cream with Inulin
Thursday, October 19	09.00 - 10.00 h	Touch Screen 1	Track 6	144/2177	Evaluation of the ability of fermented cactus pear juice to improve oxidative stress tolerance in yeast
Thursday, October 19	09.00 - 10.00 h	Touch Screen 1	Track 6	144/2438	Total antioxidant capacity and its dietary sources in diets of students with different physical activity level
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/772	A solution to nutritional problems of children at pubertate period
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/810	Effect of the Kiwifruit extract (Actannine®; Act) on the intestinal lipid absorption.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/825	Effects of freeze-dried herbal powder on the liver of mice fed a high-fat, high-sucrose diet
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/737	Folate content in red raspberries
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/796	Glabridin inhibits muscle atrophy through p38/FOXO3a and glucocorticoid receptor signals
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/829	The effect of additional consumption of one egg per day on serum lipids and antioxidant parameters in healthy and moderately hypercholesterolemic males
Thursday, October 19	09.00 - 10.00 h	Touch Screen 10	Track 6	144/798	Therapeutic effects of edible brown alga <i>Undaria pinnatifida</i> (wakame) in the mice infected with herpes simplex virus
Thursday, October 19	09.00 - 10.00 h	Touch Screen 11	Track 6	144/987	Clinical effects of evidence-based bilberry extract on asthenopia.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 11	Track 6	144/985	Dietary marine sphingolipids as functional food components
Thursday, October 19	09.00 - 10.00 h	Touch Screen 11	Track 6	144/965	Enrichment of premix of flour suitable for celiac and acceptability of baked products
Thursday, October 19	09.00 - 10.00 h	Touch Screen 11	Track 6	144/845	Involvement of the vagus nerve in the enhancement of thermogenesis by intragastric administration of TRPM8 agonist
Thursday, October 19	09.00 - 10.00 h	Touch Screen 11	Track 6	144/994	Orange bagasse as an ingredient in the formulation of a gluten free muffin
Thursday, October 19	09.00 - 10.00 h	Touch Screen 11	Track 6	144/960	The effect of thermal treatment on the stability of fortified available edible oils in Egypt
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 6	144/2162	Inhibition of activity of carbohydrate-hydrolysing enzymes by polyphenols of jatobá-do-cerrado (<i>Hymenaea stigonocarpa</i> Mart.)
Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/254	Acceptability of fortified whey protein concentrate supplements when added to customary thin gruels (atoles) by women in the western highlands of Guatemala
Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/2542	Anthocyanin suppresses the amyloid beta toxicity through autophagy in in vivo and in vitro models of Alzheimer's disease
Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/2550	Complex lipid composition in human milk samples from different ethnic groups
Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/248	Effects of 1,5-anhydroglucitol-feeding on growth, organ weight, blood biochemical markers and oxidative stress in rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/247	Effects on postprandial blood glucose and insulin levels and hydrogen excretion through the inhibitory effects of 1, 5-anhydroglucitol on disaccharidases in rats and healthy humans
Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/2470	Evaluation of physico-chemical characteristics and antioxidant activity of flour jaboticaba (<i>Myrciaria cauliflora</i>) residue.

Thursday, October 19	09.00 - 10.00 h	Touch Screen 2	Track 6	144/2497	The combination of meal improvement and protein-enriched food for increasing muscle mass of the athlete
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2624	Beneficial effect of rice endosperm protein on IgE production
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2599	Beneficial Effects of Rice Endosperm Protein on Chronic Kidney Disease-Mineral and Bone Disorder (CKD-MBD) in Zucker Diabetic Fatty Rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2633	Colitis improvement effect of pyroglutamyl peptides-rich fermented rice drink in mice
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2558	Composition of fatty acids and characterization of bioactive compounds in the tucumã fruit (Astrocaryum huaimi Mart.)
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2563	Estimation of the current polyamine intake in the Spanish population.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2579	Kimchi and its bioactive compounds improved cognitive deficits in mice induced by amyloid beta
Thursday, October 19	09.00 - 10.00 h	Touch Screen 3	Track 6	144/2580	Kimchi decreased apoptosis in the brain of mice fed high-cholesterol diet through decreasing lipid accumulation, inflammation, and oxidative stress
Thursday, October 19	09.00 - 10.00 h	Touch Screen 4	Track 6	144/2685	A healthy possibility: malted flour from rye grown in Argentina
Thursday, October 19	09.00 - 10.00 h	Touch Screen 4	Track 6	144/2665	Anti-inflammatory action of BG10, a fraction of aged black garlic, in LPS-stimulated RAW264.7 cells and TPA-induced dermatitis in mice
Thursday, October 19	09.00 - 10.00 h	Touch Screen 4	Track 6	144/551	Comparison of effect on lipid parameters and malondialdehyde content between white bread and white bread added with garlic and resistant starch in an experimental model in rats .
Thursday, October 19	09.00 - 10.00 h	Touch Screen 4	Track 6	144/268	Computer-aided tools in the analysis of tastant/bioactive peptides occurring in food-originating protein sequences
Thursday, October 19	09.00 - 10.00 h	Touch Screen 4	Track 6	144/2670	Purification of bioactive antioxidant and antihypertensive quinoa (Chenopodium quinoa Willd.) peptides
Thursday, October 19	09.00 - 10.00 h	Touch Screen 4	Track 6	144/2669	Utility of Dewaxed Brown Rice as a Food Staple in the Maintenance and Improvement of Nutrition and Health status in the Elderly
Thursday, October 19	09.00 - 10.00 h	Touch Screen 5	Track 6	144/2728	Analysis of the composition of açai seed flour (Euterpe oleracea, Mart.) and its effects on lipid profile and liver function parameters in subchronic toxicological test in wistar rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 5	Track 6	144/2729	Changes in biochemical parameters of wistar rats submitted to an obesogenic diet and treatment with Bertholettia excelsa H.B.K
Thursday, October 19	09.00 - 10.00 h	Touch Screen 5	Track 6	144/271	Differential peripheral blood methylation by alpha-lipoic acid and EPA supplementation in overweight/obese women during a weight loss program
Thursday, October 19	09.00 - 10.00 h	Touch Screen 5	Track 6	144/2723	Effect of açai seed flour (Euterpe oleracea, Mart.) on biometric parameters in sub chronic toxicological test in wistar rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 5	Track 6	144/2750	Evaluation of the anti-inflammatory/antioxidant effect of aqueous leaves extract of Passiflora alata Curtis and catechin, rutin, isoorientin, vitexin in co-culture of MIN6/lymphocytes from NOD mice
Thursday, October 19	09.00 - 10.00 h	Touch Screen 5	Track 6	144/2743	Synergistic effect of walnut and black chokeberry mixture on anti-lipid peroxidation in D-galactose induced aging model
Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2833	Effect of regular ingestion of green banana flour in risk factors for metabolic syndrome in servers of a federal university
Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2810	Effect of the consumption of Moringa oleifera in diabetic rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2784	Influence of regular consumption of green banana flour on the intestinal functioning in servers of a federal university
Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2796	Intake of red wine grape pomace flour increases antioxidant function of high density lipoproteins (HDL) in humans.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2778	Is psyllium an adjuvant therapy for childhood dyslipidemia? A systematic review of randomized controlled clinical trials

Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2781	Neuroprotective effect of <i>Salvia hispanica</i> L (chia) oil against pesticides in rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 6	Track 6	144/2790	The effect of green banana biomass in the lipid and glycemic profile in Swiss mice on hypercaloric diet
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/340	Angiotensin I-converting enzyme inhibitory activity of oat proteins hydrolysates
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/362	Antioxidant properties of 5 Iranian traditional edible wild plants grown in Loresta province.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/440	Characterization of Antioxidative Peptides from the Oil Palm (<i>Elaeis guineensis</i> Jacq.) Kernel Protein Hydrolysate
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/324	Early Life Programming by Omega-3 Fatty Acids in Obesity-Associated Inflammation
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/464	Effect of powder dry adzuki bean paste in place of wheat flour on resistant starch content and sensory characteristics of cookies
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/2845	Research in Analytical Chemistry applied to Nutrition as a tool in teaching
Thursday, October 19	09.00 - 10.00 h	Touch Screen 7	Track 6	144/341	The BIOPEP - database of food biologically active peptides and proteins
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/506	Association between amino acids, biomarkers of prostate cancer and inflammation in Norwegian prostate cancer patients
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/470	Exploration of biofunction of siphonaxanthin, a carotenoid derived from green algae, on hepatic lipogenesis
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/511	Identification of proprotein convertase subtilisin/kexin type 9 (PCSK9) inhibitors from natural products
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/529	Investigation of microbial flora and regional difference of kumiss using ARISA
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/494	Rottlerin enhanced uncoupling oxidative phosphorylation via LRP6 mediated pathway in differentiated D16 beige adipocytes
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/479	Solvent Extracts of <i>Khaya grandifoliola</i> Stem Bark Ameliorates Iron Deficiency Anaemia in Iron Deficient Albino Rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 8	Track 6	144/466	The physiotherapist and the functional foods in the quality of life in health
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/607	Ameliorated effects of ethanol extracts from <i>Cajanus cajan</i> (L.) Millsp. roots on methylglyoxal-induced insulin resistance in rats
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/533	D-allulose, functional rare sugar, normalized body weight via regulating lipid metabolism in diet induced obese mice
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/719	effect of medicinal herb <i>Hangryon</i> on ghrelin secretion of gastroenteric-brain hormone mechnism
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/667	Effect of pomegranate juice consumption on the levels of glucose and lipidic profile
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/565	Evaluation of knowledge and consumption of functional foods by adolescents
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/646	Folate and vitamine C content in commercial fruit/vegetables-based smoothie
Thursday, October 19	09.00 - 10.00 h	Touch Screen 9	Track 6	144/583	The effects of resistant starch on bone loss via intestinal microbiota and inflammation in ovariectomised mice.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 12	Track 7	144/1077	Dietitian in Poland – who is working in this profession and why people meet them?
Thursday, October 19	09.00 - 10.00 h	Touch Screen 12	Track 7	144/1086	Effect of short-term nutrition education on perceived knowledge of urban adolescent girls utilizing ‘BBF’s Adolescent Nutrition Cycle & Dietary Advice Tool’
Thursday, October 19	09.00 - 10.00 h	Touch Screen 12	Track 7	144/1081	Empowering Households for Action: Whole Household Approach to Understanding Nutrition Challenges and Opportunities in Rural Communities of Tanzania
Thursday, October 19	09.00 - 10.00 h	Touch Screen 12	Track 7	144/1074	Role of nutrition education on feeding practices and nutrition status among children aged 6-59 months: A case study of Kamwenge district in Uganda.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 12	Track 7	144/591	Short-term school based orientation program can impact to create awareness on nutrition among adolescents
Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1188	Follow in my Green Food Steps: changing cooking behaviours in Nigeria for improved iron intake

Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1360	Anthropometric and lunchboxes composition of private school students of the city of interior of São Paulo
Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1129	Children's industrialized food consumption and the factors that leads to their acquisition
Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1118	Evidence-Base Learning alternative Education Collaboration Synergy Education-Policy-Implementing Program (case study in Department of Nutrition Science, Hasanuddin of University, Indonesia)
Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1167	Food and Nutrition Literacy Research: Content Analysis
Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1112	Impact of nutrition education on reducing of overweight in 6-12 years old children of affluent society in Dhaka city
Thursday, October 19	09.00 - 10.00 h	Touch Screen 13	Track 7	144/1108	Patrimonialisation of the Quebrada de Huamahuaca: effects on health and diet of Tilcara natives.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 14	Track 7	144/1209	Cultivating nutrition-sensitive crops to improve nutritional practices of women and children in Northern Ghana
Thursday, October 19	09.00 - 10.00 h	Touch Screen 14	Track 7	144/1230	Healthily, colourfully, tasty - be in touch with your senses and enjoy consumption. Sensory workshop with adolescents: ABC of Healthy Eating project
Thursday, October 19	09.00 - 10.00 h	Touch Screen 14	Track 7	144/1219	Impact of nutrition education on overweight adolescent girls (10-19years) in the selected schools of Dhaka city
Thursday, October 19	09.00 - 10.00 h	Touch Screen 14	Track 7	144/1220	Perception and familiarity of food products including fruits and vegetables by adolescents. Declaration based on experience and preferences: ABC of Healthy Eating project
Thursday, October 19	09.00 - 10.00 h	Touch Screen 14	Track 7	144/1192	Sociodemographic context and the effect of nutrition education program on unhealthy dietary pattern in polish adolescents: 9-month follow-up. ABC of healthy eating project
Thursday, October 19	09.00 - 10.00 h	Touch Screen 14	Track 7	144/746	The effect of education program on nutritional knowledge in polish adolescents: 3- and 9-month follow-up. Abc of healthy eating project
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1251	Fostering Physical Activity during Childhood: a Government Sector Experience
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1355	Funky foods to reduce malnutrition among young children in Sotnikum Operation District, Siem Reap, Cambodia
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1353	Impact of a promotional program regarding healthy eating in BMI and feeding habits in high school students.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1246	My Healthy School Program
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1333	Portrait of contemporary Moroccan lives in Casablanca between the original food culture and modernity.
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1255	Project JA: a novel approach to stimulate positive attitude from children to fruits and vegetables consumption and to the movement
Thursday, October 19	09.00 - 10.00 h	Touch Screen 15	Track 7	144/1339	School teacher's knowledge and school practices related to fruit consumption and their perceptions about student's attitudes toward the same issue.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1397	Effectiveness of an intervention to increase healthy eating and leisure-time walking among pregnant women in antenatal care
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1376	Household pond-fish production in southern Ethiopia increases fish consumption frequency and dietary diversity in women of reproductive age.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1476	Impact on body weight and body composition of a nutritional intervention program performed at the worksite: data from si.mediterraneo project
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1407	Nutrition education and youth: A training an intervention initiative to promote social change within young women in San Marcos, Guatemala
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1393	Parece alface, mas não é. (It looks like lettuce, but it is not)
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1435	Program for healthy eating practices in a rural community of North India
Thursday, October 19	11.30 - 12.30 h	Touch Screen 1	Track 7	144/1364	The Importance of Nutritionist in the Preparation and Monitoring the Menu in School kindergarten

Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/306	Assessment of the food habits and nutritional status of adolescents in Ijebu-Ode town in Ijebu-Ode Local Government area of Ogun State, Nigeria.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/300	Comparison of lifestyle patterns and body weight management practices between normal weight and obese female university students (Riyadh – Saudi Arabia)
Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/291	HomeStyles: A Randomized Controlled Trial
Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/342	Impact of awareness campaigns in lowering sodium levels in commercial white bread in Morocco
Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/339	Maternal Nutrition Education offered during antenatal, self-efficacy and needs of midwives In Mulago Hospital, Kampala, Uganda
Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/313	The effect of nutrition education program on diet quality scores in Polish adolescents: 3- and 9-month follow-up. ABC of Healthy Eating project.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 10	Track 7	144/347	To design and test efficacy of scientifically and culturally appropriate, comprehensive nutrition and health communication package for rural nulliparous married women of northern India to address a w
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/430	A study of changes in food preferences
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/516	Analysis of the presence of terms such as homemade, traditional and similar terms in labels of industrialized food products commercialized in Brazil
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/480	Consumption of food not supplied by hospital in a pediatric oncology unit
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/553	Food consumption patterns in adult workers of an electronic company in Zapopan, Mexico.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/587	Improved Complementary Feeding Practices in the Selected Area of Dhaka City
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/610	Influencia de una intervención educativa en el desarrollo de la obesidad en escolares de 6-8 años.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 11	Track 7	144/530	Survey on food and health of Japanese Brazilian (Nikkeijin)
Thursday, October 19	11.30 - 12.30 h	Touch Screen 12	Track 7	144/831	Building on culture: A Grandmother-inclusive strategy yields significant results on Maternal Child health and Nutrition (MCHN) outcomes in Southern Sierra Leone
Thursday, October 19	11.30 - 12.30 h	Touch Screen 12	Track 7	144/612	Environmental Education and Nutritional Behavior based on traditional medicine: Case of internally displaced women in the 2010 post-electoral crisis in Ivory Coast
Thursday, October 19	11.30 - 12.30 h	Touch Screen 12	Track 7	144/741	Is that 'khaja'? Defining snacks for young children in Kathmandu Valley, Nepal
Thursday, October 19	11.30 - 12.30 h	Touch Screen 12	Track 7	144/699	The food-health-culture interface: dietary practices of South Indian migrants in Brisbane, Australia.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 12	Track 7	144/663	Use of job aids to improve maternal knowledge of nutrition related antenatal messages in mother and child hospitals, Ondo State
Thursday, October 19	11.30 - 12.30 h	Touch Screen 13	Track 7	144/880	Adherence to the Mediterranean Diet of Nutrition and Dietetics Students in Cyprus
Thursday, October 19	11.30 - 12.30 h	Touch Screen 13	Track 7	144/907	Advertising, marketing, school and family: co-responsible of nutritional status, food practices and habits of children and adolescents of Costa Rica

Thursday, October 19	11.30 - 12.30 h	Touch Screen 7	Track 7	144/2416	Evaluation of food waste and the promotion of the full use of foods in an Institution of Long Permanence for Elderly (ILPE)
Thursday, October 19	11.30 - 12.30 h	Touch Screen 7	Track 7	144/2405	Involvement of social and gender aspects in the choice of nutrition
Thursday, October 19	11.30 - 12.30 h	Touch Screen 7	Track 7	144/243	Knowledge on Nutrition Component of Safe Motherhood Initiative among Primary Health Care Workers in Ibadan Nigeria
Thursday, October 19	11.30 - 12.30 h	Touch Screen 7	Track 7	144/2467	Obesity: Analysis of the use of a comprehensive system of care, their adjustments and therapeutic course of their patients through a retrospective study.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/2646	Assessing the effect of the plate colour on energy intake during an open buffet meal
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/266	Baseline knowledge of Anaemia among In-School Adolescents in Delta State, Nigeria
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/2671	Characteristics of meals in households with middle school students who rarely eat breakfast with their families though have a positive quality of life
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/2587	Fostering scientific research on food and nutrition in schools. Experience at the "Torrent de Can Carabassa" school in Barcelona.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/2722	Perceptions on Food and Nutrition Education Of the academic community of the Schools of Nutrition and Dietetics Of the University of Antioquia (UdeA)- Colombia, and the National University of Cordoba
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/2684	Rescuing food culture with educational strategies in the school environment: intersectoral action between health and education.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 8	Track 7	144/2625	The relationship between gender, body image, body size and remoteness with discretionary intake among a nationally representative sample of Indigenous Australians.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 9	Track 7	144/2839	Anthropometric profile and nutritional education for indigenous schoolchildren in the city of Dourados-MS

Thursday, October 19	11.30 - 12.30 h	Touch Screen 9	Track 7	144/2813	Development of a smartphone application for healthy nutrition habits and physical activity for prevention of weight gain in children.
Thursday, October 19	11.30 - 12.30 h	Touch Screen 9	Track 7	144/2742	Effectiveness of an educational intervention on life habits associated with Schedule Tv consumption daily in school children from 6 to 12 years
Thursday, October 19	11.30 - 12.30 h	Touch Screen 9	Track 7	144/2741	Influence of an educational intervention in the development of obesity in schoolchildren of 6-8 years
Thursday, October 19	11.30 - 12.30 h	Touch Screen 9	Track 7	144/2831	Knowledge and realization of breastfeeding by women of a Family Health Unit in the city of Dourados-MS
Thursday, October 19	11.30 - 12.30 h	Touch Screen 9	Track 7	144/275	Predilection in selection of gruels as a guide for their potential role as vehicles for nutrient-supplementation during pregnancy and lactation in the Western Highlands of Guatemala
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/1537	Accumulation processes of nutritionally beneficial minerals in a brown algae, Hijiki (Sargassum fusiforme), during growth
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/1069	Determination of magnesium in spinach under different cooking methods
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/1032	Edible Protein Energy Return of Investment (Ep-EROI) as a tool to eco-nutrient comparison of canned seafood products
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/1097	Enrichment effect to final composition of complementary feeding preparations
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/1038	Food losses and food security and nutrition: estimating the potential of a responsible food production and consumption
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/2864	Dietary diversity and scaling up the production iron and zinc- rich yellow potatoes yellow potatoes in Colombia
Thursday, October 19	11.30 - 12.30 h	Touch Screen 15	Track 8	144/1039	Non-destructive ripening indexes of prickly pear (Opuntia ficus-indica) for an optimal freeze-drying.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1294	Contribution of trans fatty acids by foods most preferably consumed by a group of students
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1286	Development of nutritional and healthy bakery products by incorporation of quinoa
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1117	Harnessing agriculture for nutrition outcomes: experience from Tanzania
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1249	Labeling and Reporting of Salt/Sodium in Packaged Foods
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1287	Reduction of sodium content, increase of dietary fiber and yeast, and nutritional information: Do they affect the acceptability of optimized bread regarding consumers in Buenos Aires, Argentina?
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1213	The sensory acceptability of two biofortified iron/zinc bean varieties by preteens from rural- and semi-rural areas in the Andean region of Colombia
Thursday, October 19	12.30 - 13.30 h	Touch Screen 1	Track 8	144/1273	Trans fatty acids: after 14 years of Brazilian legislation are the labeling adequated?
Thursday, October 19	12.30 - 13.30 h	Touch Screen 10	Track 8	144/455	Cognitive bias in food handlers: more knowledge means food safety?
Thursday, October 19	12.30 - 13.30 h	Touch Screen 10	Track 8	144/456	Constraints in promoting nutrition in the agricultural sector in Kenya
Thursday, October 19	12.30 - 13.30 h	Touch Screen 10	Track 8	144/374	Examining the gaps in professional relationships between the nutrition and agricultural professionals towards promoting food and nutrition security in Nigeria
Thursday, October 19	12.30 - 13.30 h	Touch Screen 10	Track 8	144/424	Household food insecurity coping strategies among rural dwellers in Abia state
Thursday, October 19	12.30 - 13.30 h	Touch Screen 10	Track 8	144/417	Milk contamination with aflatoxin M1 a in Jeddah, Saudi Arabia
Thursday, October 19	12.30 - 13.30 h	Touch Screen 10	Track 8	144/425	Transformations in agriculture and meeting the food needs of population as a result of climatic changes
Thursday, October 19	12.30 - 13.30 h	Touch Screen 11	Track 8	144/1017	Changes in Arsenic Content in the different Organs of Seaweed; Akamoku, Sargassum horneri, after Parboiling
Thursday, October 19	12.30 - 13.30 h	Touch Screen 11	Track 8	144/544	Leveraging private sector for gender and nutrition responsive agriculture
Thursday, October 19	12.30 - 13.30 h	Touch Screen 11	Track 8	144/515	Microbiological analysis of food manipulation surfaces in canteens of a public university
Thursday, October 19	12.30 - 13.30 h	Touch Screen 11	Track 8	144/545	Milking for all it's worth: women, nutrition, and livestock

Thursday, October 19	12.30 - 13.30 h	Touch Screen 11	Track 8	144/662	Popular Restaurant Program: guarantee of safe meals?
Thursday, October 19	12.30 - 13.30 h	Touch Screen 11	Track 8	144/478	Social work in food security for the elderly population
Thursday, October 19	12.30 - 13.30 h	Touch Screen 12	Track 8	144/750	Effect of Rosemary on Colorimetric Stability of Flying Fish Hamburger
Thursday, October 19	12.30 - 13.30 h	Touch Screen 12	Track 8	144/995	Evaluation of the mechanisms of mayonnaise phospholipid peroxidation
Thursday, October 19	12.30 - 13.30 h	Touch Screen 12	Track 8	144/762	Food allergen labeling and detection of traces of milk, soy and egg in food products usually consumed by children
Thursday, October 19	12.30 - 13.30 h	Touch Screen 12	Track 8	144/773	Physicochemical Quality Assessment of Commercialised Fish (<i>Lutjanus jocu</i>) in a Brazilian Public Market
Thursday, October 19	12.30 - 13.30 h	Touch Screen 12	Track 8	144/800	Potassium content in tea infusions
Thursday, October 19	12.30 - 13.30 h	Touch Screen 12	Track 8	144/782	Umami taste preference (monosodic glutamate) in Mexican scholar children
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1494	Effect of different plant density and arrangements on qualitative and quantitative performance of <i>Calendula officinalis</i> L.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1398	Effect of glyphosate on acid lactic bacteria
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1488	Effect of nitrogen and compost different levels on qualitative and quantitative performance (flower dry weight, seed dry weight, flower diameter, number of flower in plant, flavonoid content) of <i>Calend</i>
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1497	Effect of nitrogen and compost levels on qualitative and quantitative performance (flower dry weight, seed dry weight, flower diameter, number of flower in plant) of <i>Calendula officinalis</i> L.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1531	Reducing effect of artichoke extract on heterocyclic aromatic amines formation in beef
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1401	The impact of solar market gardens on child growth, iron and vitamin A status in the Kalalé district of norther Benin.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 2	Track 8	144/1423	Toxicity of leachate from plastic packaging in two biological models
Thursday, October 19	12.30 - 13.30 h	Touch Screen 3	Track 8	144/1704	Bioaccessibility and total content of trace elements in different varieties of cooked rice.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 3	Track 8	144/1773	Maternal aflatoxin levels in pregnancy and low birth weight prevalence in Banke, Nepal
Thursday, October 19	12.30 - 13.30 h	Touch Screen 3	Track 8	144/1573	Nutrition sensitive agriculture for improving food security: A case from ANF4W
Thursday, October 19	12.30 - 13.30 h	Touch Screen 3	Track 8	144/1684	Nutritional Value of Snacks Commercialized in Private University in São Paulo City
Thursday, October 19	12.30 - 13.30 h	Touch Screen 3	Track 8	144/1654	Quality characteristics, consumption patterns and nutrient profile of yellow flesh cassava varieties and their products
Thursday, October 19	12.30 - 13.30 h	Touch Screen 3	Track 8	144/1748	The impact of solar market gardens on dietary diversity, women's nutritional status and components of women's empowerment in the Kalalé district of norther Benin
Thursday, October 19	12.30 - 13.30 h	Touch Screen 4	Track 8	144/1817	Butyrophilin ecto-domain of milk fat globule membrane promotes mucin production from the intestinal epithelial cells
Thursday, October 19	12.30 - 13.30 h	Touch Screen 4	Track 8	144/1815	Community level effects of a targeted, Homestead Food Production intervention
Thursday, October 19	12.30 - 13.30 h	Touch Screen 4	Track 8	144/1852	Increasing consumption potential by reducing loss and waste of fruits and vegetables through genetic improvement
Thursday, October 19	12.30 - 13.30 h	Touch Screen 4	Track 8	144/2048	Increasing productivity of smallholder farmers through improved tools and education
Thursday, October 19	12.30 - 13.30 h	Touch Screen 4	Track 8	144/1829	Integration of agriculture extension service in Africa
Thursday, October 19	12.30 - 13.30 h	Touch Screen 4	Track 8	144/1839	Mainstreaming Nutrition into Regional Agriculture Investment Policy and Strategy of the Economic Community of West African States (ECOWAS) 2016-2025
Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/2060	Bioactive compounds in Uruguayan wheat genotypes.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/1962	Differential predictors of household dietary diversity in rural small holder farming communities in Mali, Sierra Leone and Democratic Republic of Congo
Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/2157	Family orchard-gardens and backyard poultry as al alternative for improving food security: Undergraduate student's experience in a Mazahuas Community in Mexico

Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/2106	Insights from the sequencing and annotation of the Stevia rebaudiana genome and their application in agronomy and health
Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/1981	Moderate and severe food insecurity was associated with Stunting among Panamanian children under five years old in rural communities
Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/221	Perceptions regarding sugar content in food labels among supermarket consumers in Chennai city – a cross sectional study
Thursday, October 19	12.30 - 13.30 h	Touch Screen 5	Track 8	144/2114	The Modal Salient Behavioral, Normative and Control Beliefs about Nutritional Claims on Prepackage Food Products
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/2320	Barriers and coping mechanisms in the interface between family farming and school feeding from the perspective of different social actors in Southern Brazil
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/232	Expression pattern of SIWRKY33 and SIERF5 in tomato plants (Solanum lycopersicum L.) under water deficit and elevated salt concentration
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/2327	Family farming and school feeding: perceptions of social actors on the legislation and its implementation
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/2360	Grain legume cultivation and children’s dietary diversity in smallholder farming households in rural Ghana and Kenya
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/2843	Physico-chemical characteristics of red pitaya in Campo Grande, Mato Grosso do Sul State
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/2399	Production of orange-fleshed sweet potato (Ipomoea batatas) intercropped with Moringa oleifera in Kaffrine, agro-ecological zone of groundnut basin in Senegal
Thursday, October 19	12.30 - 13.30 h	Touch Screen 6	Track 8	144/2325	Sensory Analysis of Pitaya Sorbet
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/2419	Acceptance of soaked and germinated chickpea-based dishes
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/2533	Brazilian food Law: an integrative literature review
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/467	Brazilian food Law: an integrative literature review
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/2427	Food and nutritional security in rural indigenous populations in the south of Bahia, with focus on agroecology and conservation of biodiversity.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/2400	Health risk index of heavy metals in commonly consumed contaminated vegetables in Ogun state. Nigeria.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/262	Peach Snack: An option to increase consumption and to maintain nutritional values.
Thursday, October 19	12.30 - 13.30 h	Touch Screen 7	Track 8	144/2590	Pediatric nutritional care based on food safety: basic controls
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/2726	40 years of Innovated Industrial based AGRI-TECH in sustainability for zero food waste
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/278	Agricultural development interventions and dietary diversity of rural smallholder farming households in East and Southern Africa (ESA)
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/2656	Conditions of vulnerability of the Livelihoods in native communities of Paraguayan Chaco threatened by drought
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/281	Development, characterization and sensory analysis of sugar-free prickly pear jam (Opuntia ficus indica)
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/2772	Impact of sanitizing agents on the microbiological and physical-chemical quality of cucumbers
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/2793	Nutrition, safety, and trust: the case of infant formula consumption in urban China
Thursday, October 19	12.30 - 13.30 h	Touch Screen 8	Track 8	144/2705	Nutrition-led agriculture: Synergies between agricultural and nutrition interventions in Senegal
Thursday, October 19	12.30 - 13.30 h	Touch Screen 9	Track 8	144/304	A plant needs organic fertilizer for it to grow in a balanced way
Thursday, October 19	12.30 - 13.30 h	Touch Screen 9	Track 8	144/346	Effects of seasonality on household food security and food consumption patterns of pastoralist’s children in Kajiado County, Kenya
Thursday, October 19	12.30 - 13.30 h	Touch Screen 9	Track 8	144/433	Evaluation of nutrients, phytochemical and acceptability of bread produced from composite flour of watermelon seed and wheat

Thursday, October 19	12.30 - 13.30 h	Touch Screen 9	Track 8	144/315	Nutritional composition of processed cow hide and cow foot: a delicacy in Ghana
Thursday, October 19	12.30 - 13.30 h	Touch Screen 9	Track 8	144/333	Potential of Alternative Food Networks in Medellín
Thursday, October 19	12.30 - 13.30 h	Touch Screen 9	Track 8	144/367	Reconciling safety allowances for beta agonist residues in meat from food animals
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/1218	A new allometric body mass index for children and adolescents and the correlation with height and adiposity
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/2651	Effect of the yacon (<i>Smallanthus sonchifolius</i>) in glycemic profile of the wistar rats
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/2939	Genetic Testing for Weight Loss Counseling
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/974	Multivariate nutritional assessment throughout sexual maturation.
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/2962	Serum vitamin D levels among primary and secondary school students with different catering models
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/3042	The effect of two intensities of acute physical exercise on the preference for sweet taste over rest
Friday, October 20	08.00 - 09.00 h	Touch Screen 1	Track 1	144/982	The true effect of sexual maturation on the assessment of the nutritional status of adolescents
Friday, October 20	08.00 - 09.00 h	Touch Screen 2	Track 2	144/3624	Body Shape Questionnaire: application in Brazilian and Portuguese women and men
Friday, October 20	08.00 - 09.00 h	Touch Screen 2	Track 2	144/2850	Dietary Habits and Life-style Factors influence the Health-related Quality of Life and the Learning Attitude in Schoolchildren
Friday, October 20	08.00 - 09.00 h	Touch Screen 2	Track 2	144/2867	Sustainable undernutrition reduction in Ethiopia (SURE) programme evaluation (2016-2019): cross-sectional baseline survey
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2859	Body Mass Index and Intramuscular fat infiltration in frail and non-frail elderly
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/3009	Trading health in the Pacific
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2869	Assessment of the variability of dietary intake of fruits, vegetables and fibers and their association with the Metabolic Syndrome and comorbid conditions.
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2882	Provision of lipid-based nutrient supplements and infant and young child feeding practices in Huánuco, Peru
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2905	Reading habits of food labels by professors of a private university in São Paulo-Brazil
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2906	Reading habits of food labels by students of a private university in São Paulo-Brazil
Friday, October 20	08.00 - 09.00 h	Touch Screen 3	Track 3	144/2903	Serum/plasma levels of zinc in type 2 diabetic subjects versus healthy subjects: a systematic review and meta-analysis
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2954	Assessment of iodine and sodium intake in Moroccan children by 24-h urinary excretion
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2916	ASSESSMENT OF SODIUM INTAKE IN SAMPLE OF MOROCCAN CHILDREN USING 24 H URINARY EXCRETIONS
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2920	Evaluation of iron status in Chinese population in poverty rural areas
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/3638	Evaluation of new technology-based tools for dietary intake assessment.
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2925	Governance of water, sanitation and hygiene (WASH) in sub-Saharan Africa and associations with nutritional status in children under five years of age: A systematic review.
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2910	Internet Based Precise Individual Dietary Intervention Strategy, a Pilot Scheme for Iodine
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2953	Nutritional status of rural schoolchildren in Tacuarembó/Uruguay in relation to diet characteristics and environmental factors.
Friday, October 20	08.00 - 09.00 h	Touch Screen 4	Track 3	144/2964	The Effect of Two Years Milk and Egg Supplementation on Body Composition of Pre-pubertal Children in Chinese Poor Rural Area
Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/2980	CONSUMPTION OF NUTRIENT DENSE FOODS IN NORTHEAST CITIES OF ARGENTINA, RESISTENCIA AND CORRIENTES.

Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/2973	Dietary Change and Lifestyle Diseases among Tibetan Nomads : Field Nutrition Research at Tibetan Refugee Camps in Ladakh, India
Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/3000	Estimating global acute malnutrition in Somalia with MUAC-for-age z score: a breakthrough
Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/2984	Evolution of Food Insecurity (INSAN) in households of Montevideo during 2014-2016
Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/2982	FREQUENCY OF OBESITY IN CITIES OF THE ARGENTINE NORTH-EAST, RESISTENCIA AND CORRIENTES.
Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/2981	Knowledge of undergraduate nutrition students about the NOVA food classification
Friday, October 20	08.00 - 09.00 h	Touch Screen 5	Track 3	144/2975	Multilevel analysis of children dietary diversity in Burundi and Rwanda
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/3012	Comparison of nutritional quality of snacks for children and not for children
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/3570	Exposure to advertising and food intake of school-age children in Argentine provinces
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/2995	Patterns of risk and protective behaviors related to non-communicable diseases among Brazilian adolescents
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/3596	Profile of the users outdoor gyms in Santiago de Chile
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/2998	Reach, effectiveness, adoption and implementation of a national healthy eating campaign: A process and impact evaluation using a mixed-methods approach.
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/3595	There is low-hanging fruit up there: urban accessibility of street markets in Santiago, Chile
Friday, October 20	08.00 - 09.00 h	Touch Screen 6	Track 3	144/3014	Validity of the Food Insecurity Experience Scale (FIES) for use in Sub-Saharan Africa (SSA)
Friday, October 20	08.00 - 09.00 h	Touch Screen 7	Track 4	144/2891	Association between fat intake and the risk of breast cancer: a case-control study
Friday, October 20	08.00 - 09.00 h	Touch Screen 7	Track 4	144/2852	Enteral Nutritional Therapy in Hospitalized Patients: Effectiveness in Diet Administration?
Friday, October 20	08.00 - 09.00 h	Touch Screen 7	Track 4	144/2861	Follow up of children with classic PKU diagnosed by newborn screening program in Chile: 24 years of experience
Friday, October 20	08.00 - 09.00 h	Touch Screen 7	Track 4	144/2884	Salt as micronutrient carrier for saving lives at birth
Friday, October 20	08.00 - 09.00 h	Touch Screen 7	Track 4	144/2865	Treatment with passion fruit (<i>Passiflora edulis f. flavicarpa</i> Degener) and its effects under induced hypercholesterolemia in rabbits
Friday, October 20	08.00 - 09.00 h	Touch Screen 8	Track 4	144/2968	Association of salt and potassium intake assessed by urinary excretion over 24-hour and blood pressure: a cross-sectional analysis from a population cohort
Friday, October 20	08.00 - 09.00 h	Touch Screen 8	Track 4	144/2976	Definition and indicators of adherence to nutritional treatment in patients with metabolic syndrome
Friday, October 20	08.00 - 09.00 h	Touch Screen 8	Track 4	144/2924	Evaluation of Natural Products for the chemoprevention of high risk chronic HBV infection patients
Friday, October 20	08.00 - 09.00 h	Touch Screen 8	Track 4	144/2987	Hospital menu: assessment of nutrient composition and patient satisfaction
Friday, October 20	08.00 - 09.00 h	Touch Screen 8	Track 4	144/2930	Is the time spent fetching water associated with children's anthropometric indicators status? A comparative study of Ethiopian, Malawian and Zambian mothers with children under 5
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2983	Biomarkers of inflammation and micronutrient concentrations in response to a Norovirus immunologic challenge
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2951	Determination contents of the digestible indispensable amino acids (DIAAS) of nine kinds of grain cereal using rat model
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2943	Evaluation of hemoglobin measurement tools for child anemia screening in Rwanda
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2914	New insights into the pandemic of low Vitamin "D" levels and its association with semen quality and hormonal levels in fertile and infertile male subjects
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2875	Prevalence of Malnutrition in ENRICH program sites of Bangladesh, Kenya, Myanmar, Pakistan and Tanzania
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2952	Quality indicator in the nutritional care of critically ill patients in a private hospital - Brazil
Friday, October 20	08.00 - 09.00 h	Touch Screen 10	Track 5	144/2932	The Effects of Ginseng and Tribulus Terrestris on Athlete's Physical Performance

Friday, October 20	08.00 - 09.00 h	Touch Screen 11	Track 5	144/3005	Comparative Study of the Amino Acid Composition of Peels, Pulp and Core of Seedless Breadfruit (<i>Artocarpus altilis</i>)
Friday, October 20	08.00 - 09.00 h	Touch Screen 11	Track 5	144/2985	Agreement between two Nutritional Assessment methods for pregnant adolescents who attend public health services of Paraguay.
Friday, October 20	08.00 - 09.00 h	Touch Screen 11	Track 5	144/3010	Association of iodine status with salt intake and salt iodine content in school children and adolescents
Friday, October 20	08.00 - 09.00 h	Touch Screen 11	Track 5	144/3007	Hypertension, nutritional situation and sodium urinary excretion in pregnant women attended by Public Health services in Paraguay
Friday, October 20	08.00 - 09.00 h	Touch Screen 11	Track 5	144/3410	Use of Dried Matrix Spots for Nutritional Biomarker Analysis.
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2862	Assessment of nutritional status, comparative study. Concordance between multifrequency, monofrequency bioelectrical impedance analysis and anthropometry
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2860	Body composition of patients with thyroid cancer
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2863	Correlation of visceral fat level with waist circumference in patients with normal weight
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2909	Determination of Iodine Content by ICP-MS for Iodine Balance Study
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2856	Nutritional Status and Weight Loss Evolution in Children with Malignant Neoplasms Submitted to Radiotherapy under Sedation
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2855	Nutritional Status of Adult And Elderly Hospitalized With Systemic Arterial Hypertension
Friday, October 20	08.00 - 09.00 h	Touch Screen 9	Track 5	144/2899	Thyroglobulin in children with long-term exposure of iodine excess
Friday, October 20	08.00 - 09.00 h	Touch Screen 12	Track 6	144/2894	Administration of three probiotic strains modifies the intestinal microbiota in an obesity rat model
Friday, October 20	08.00 - 09.00 h	Touch Screen 12	Track 6	144/2948	Influence of the consumption of three varieties of Quinoa (<i>Chenopodium quinoa</i> Willd.) on adiposo tissue and intestinal histomorphometry in obeses rats
Friday, October 20	08.00 - 09.00 h	Touch Screen 12	Track 6	144/2949	Influence of the inclusion of peel or flesh of two varieties of potato (<i>Solanum tuberosum</i> ssp) on fat tissue and oxidative stress in obese rats
Friday, October 20	08.00 - 09.00 h	Touch Screen 12	Track 6	144/2927	Prenylation at carbon-6 results in decreased transepithelial transport of selected flavonoids from hops (<i>Humulus lupulus</i> L.) in Caco-2 cells
Friday, October 20	08.00 - 09.00 h	Touch Screen 13	Track 6	144/2966	A anti-obesity and anti-inflammatory trypsin inhibitor from tamarind reduces food intake and improves inflammatory status in rats with metabolic syndrome
Friday, October 20	08.00 - 09.00 h	Touch Screen 13	Track 6	144/2965	A high glycemic index pellet-diet induces metabolic disorders and increased adipose tissue PPAR γ expression in experimental model
Friday, October 20	08.00 - 09.00 h	Touch Screen 13	Track 6	144/2986	A quercetin oxidation product with extremely potent antioxidant and cytoprotective properties
Friday, October 20	08.00 - 09.00 h	Touch Screen 13	Track 6	144/2959	Fast histamine quantification in tilapia fillets using infrared spectroscopy
Friday, October 20	08.00 - 09.00 h	Touch Screen 13	Track 6	144/2969	Formulation of a meat alternative product: Vienna sausage, source of fiber and healthy fats
Friday, October 20	08.00 - 09.00 h	Touch Screen 13	Track 6	144/3011	Glycemic Index and Glycemic Load of Three Commercial Wheat & Flax Fiber Products
Friday, October 20	08.00 - 09.00 h	Touch Screen 14	Track 7	144/2880	Breakfast consumption and its associated factors among undergraduates of allied health sciences in Olabisi Onabanjo University, Ogun State, Nigeria.
Friday, October 20	08.00 - 09.00 h	Touch Screen 14	Track 7	144/2946	Cognitive mapping techniques reveal cultural information on infant and young child feeding decisions to inform design of nutrition interventions in northern Senegal
Friday, October 20	08.00 - 09.00 h	Touch Screen 14	Track 7	144/2945	Cultural domain analysis: Findings from formative implementation research in northern Senegal
Friday, October 20	08.00 - 09.00 h	Touch Screen 14	Track 7	144/2868	Eating Habits of Students in Social Sciences and Humanities
Friday, October 20	08.00 - 09.00 h	Touch Screen 15	Track 7	144/3003	A Three Pronged Approach to e-Learning: The Need for Nutrition Education/Innovation Programme

Friday, October 20	08.00 - 09.00 h	Touch Screen 15	Track 7	144/2970	Folic acid fortification of corn masa products: Assessing the consumption, importance of fortification and need of nutrition education among Hispanic population living in New Mexico, USA.
Friday, October 20	08.00 - 09.00 h	Touch Screen 15	Track 7	144/3619	Improving household food security, diet and nutrition status through women's groups in Eastern Democratic Republic of Congo
Friday, October 20	08.00 - 09.00 h	Touch Screen 15	Track 7	144/3630	Sugar content in food products assumed by the industry as "healthy"
Friday, October 20	09.00 - 10.00 h	Touch Screen 1	Track 8	144/3018	Concept of food and nutritional security from the complexity
Friday, October 20	09.00 - 10.00 h	Touch Screen 1	Track 8	144/2921	Development of the National Food Safety Standard: Multi-nutrients Supplementary Food for Pregnant and Lactating Women
Friday, October 20	09.00 - 10.00 h	Touch Screen 1	Track 8	144/2957	Economic evaluation of a novel homestead food production program in rural Cambodia
Friday, October 20	09.00 - 10.00 h	Touch Screen 1	Track 8	144/3593	N-glycolylneuraminic acid levels in red meat of 7 animal species: Guideline for human consumption
Friday, October 20	09.00 - 10.00 h	Touch Screen 1	Track 8	144/2990	Potential Contribution of Yellow Fleshed Cassava Products to Vitamin A Intake in Women and Children
Friday, October 20	09.00 - 10.00 h	Touch Screen 1	Track 8	144/2992	β -Carotene Retention in Yellow Cassava is not Only Dependent on Genotype But Also on Processing Method
